

AIMEE HELD FOR HUGE RANSOM?

Churches Battle Over Fundamentalism

START MOVE TO MUZZLE PROFESSORS

College Instructors May Be Pledged Not to Teach In Conflict with Bible DECISION IS HELD UP

Resolution Comes As Bombshell at 68th General Assembly in Sharon, Pa.

(By United Press)
SHARON, Pa., May 28.—Action on the proposed memorial of the Albany presbytery, seeking to bind professors in all United Presbyterian colleges and seminaries with a personal pledge to teach no theories conflicting with church beliefs, has been postponed until tomorrow by the 68th general assembly, in session here.

The resolution, which came as a bombshell out of a clear sky, caused church leaders to defer decision until the assembly visited Westminster college for first-hand information on subjects taught in the denominational schools.

The memorial now rests with the bills and resolutions committee, headed by Dr. E. S. McKittick of Pasadena, Calif.

REPORT OF PEACE COMMITTEE DUE
BALTIMORE, May 28.—The report of the Committee of Fifteen, which has been drafting for a year a plan to settle the difference between the liberals and conservatives in the Presbyterian church, was scheduled to be read before the general assembly of the Presbyterian church in the United States, late today.

The assembly will not act on the report until Monday.

In the view of members of the assembly, the election of Dr. W. O. Thompson, of Columbus, O., as moderator, will not settle the differences of the opposing factions.

Dr. Thompson was elected through the support of the liberals, but he is a conservative. He has let it be known that there will be no deviation from the standards of the Presbyterian church, if he can prevent it.

His stand is taken by many members as a partial adoption of the views of the fundamentalists.

BROUGHT ELECTED BAPTIST PRESIDENT
WASHINGTON, May 28.—Dr. J. Whitcomb Brougher, of Oakland, Calif., today was unanimously elected president of the Northern Baptist convention for the coming year.

The expected opposition from fundamentalists to the election of Brougher, who was sponsor of the compromise movement in the convention, did not materialize. It had been expected the fundamentalists would run an opposition ticket.

The last two days of the convention, tomorrow and Sunday, will be devoted to religious services.

Airmen Flying From Miami Reach Havana

HAVANA, Cuba, May 28.—Bernardo Duggan, Argentine sportsman, flying from New York to Buenos Aires, arrived here at 9:58 a. m. today, eastern standard time, having flown in his big seaplane, the Buenos Aires, from Miami, Fla. He and his companions, Capt. Eduardo Olivero and Ernesto Campanelli, left Miami at 6:27 a. m.

LARGEST MAN IN WORLD DIES, VICTIM OF FAT

(By United Press)
LOS ANGELES, May 28.—Tom Ton, world's largest man, weighing 945 pounds, is dead.

The big fellow came home to die, passing away shortly after his arrival here from Coney Island, where he was a sideshow attraction.

Tom Ton's real name was Theodore Valenzuela, and he is survived by a widow, of normal size, and three children. He was 38 years old.

Recently he took on additional weight in phenomenal time, gaining more than 100 pounds in two weeks. His heart weakened gradually as he gained in avoirdupois.

He came home Wednesday and a truck was required to transport him from the station to the hospital.

There two beds were fastened together for him to rest on, away from the glare and bustle of Coney Island.

Eleven men were required to carry the body of Tom Ton into the mortuary, and a special coffin is being constructed for the burial.

CONTRACT SIGNED FOR SALE OF SHIPS

WASHINGTON, May 28.—President E. E. Crowley, of the emergency fleet corporation, signed the contract for sale of the Admiral-Orlando line to the R. Stanley Dollar interests this afternoon. This completes action of the sale and it follows authorization given him by a special meeting of the U. S. shipping board. The board was summoned after the senate commerce committee had adopted a resolution advising that "other bids be asked for the ships."

FRONK GETS TWO TERMS IN PRISON

LOS ANGELES, May 28.—J. K. Fronk, convicted check-kitter, was sentenced today to San Quentin penitentiary today for two terms of one to 14 years each.

Lloyd A. Landon, bank cashier, co-defendant with Fronk on two counts of embezzlement, was sentenced for one count and allowed to file an application for probation on the other.

Exact terms to be served by the two men will be decided by the state prison board. Fronk may get a maximum of 28 years or a minimum of two, or any intermediate term, while Landon, sentenced on one count only, can serve at the most, 14 years.

Both men filed notices of appeal. Fronk and Landon were convicted of check manipulations said to have netted them \$338,000 of unlawful monies.

LOAN LEAGUE MEETS

YOSEMITE, Calif., May 28.—Two hundred delegates of the California Building Loan league were gathered today for the 21st annual convention of the organization, presided over by Paul Endicott, of Pomona, president.

AWAIT WORD OF AMERICAN IN VERA CRUZ

Advices Lacking on Fate of U. S. Citizen Held by Bandit Gang in Mexico

RANSOM IS REFUSED

Outlaws Threaten to Execute Prisoner Unless 20,000 Pesos Are Paid

MEXICO CITY, May 28.—The El Aguila Oil company today reported that two Americans named Briggs and Greeley, kidnapped by Mexican bandits, had been released and both were returning to the oil company's camp this afternoon. Nothing further had been heard here regarding the fate of J. W. Shanklin, whom the bandits had threatened to kill at 6 p. m. yesterday, if he were not ransomed.

General Gomez, with a force of Mexican troops, has gone in pursuit of the bandits.

(By United Press)
MEXICO CITY, May 28.—Americans here anxiously awaited word today whether Mexican bandits, who kidnapped J. W. Shanklin, American citizen, carried out their threat to execute him at 6 o'clock last night less ransom were given.

"We refused to send the 20,000 pesos demanded by the bandits," O. M. Brown, local representative of the El Potrero ranch, where Shanklin was employed, told the United Press.

"Señor Castano Sanchez, former mayor of Atopac, which is nearby, is waiting near the bandits' headquarters to hear what their final ultimatum will be and to learn whether Shanklin has been killed."

Two Miles From Ranch
The bandits are reported to be encamped about two miles from the El Potrero ranch, in the state of Vera Cruz, from which Shanklin was abducted. Esperdita Flores, a Mexican servant, who was with him when he was captured, has returned to the ranch.

Shanklin is one of five Americans now held for ransom by Mexican bandits. The American embassy here has requested that no effort be spared to free the men and that federal troops be used to capture the bandits.

Two Americans, named Briggs and Greeley, are reported to be held for a ransom of 500 pesos each. A captain and 15 soldiers from Camp Palma Sola have proceeded to Galchar to search for them. They found that the bandits had removed telephones and burned nearby bridges.

Two More Americans Held
In addition to those three, two other Americans, C. C. Braden and a man named Gallagher, are held by bandits in the state of Durango. It was further reported in the local press that a man named Keith, who may possibly be an American, is held by bandits on the Isthmus of Tehuantepec, but details are not known.

Shanklin was captured Tuesday morning while riding with his Mexican servant. The three bandits who kidnapped him later turned their two prisoners over to nine other raiders and sent the servant back to the ranch with the threat that Shanklin would die unless the ransom were paid.

AMERICAN SLAIN BY MEXICAN OFFICER

NOGALES, Ariz., May 28.—Details of the death of John Edwards, elderly American rancher, near Santa Ana, Sonora, Mexico, arrived here today and are being investigated by American authorities.

According to the story brought to the officials here, Edwards was tried and acquitted of poisoning a calf, which belonged to a boy on a neighboring ranch.

Subsequently the boy accused Edwards of threatening his life, and the chief of police of the small town near the farm went to arrest the American. As Edwards was coming out of his shack, the officer is said to have shot him down.

The rancher, mortally wounded, went back into his shack and the police set fire to it, it is claimed.

DENY BANDITS TORTURED BRADEN

LAREDO, Tex., May 28.—Advices from the American consulate at Torreon to Mrs. C. C. Braden here today denied reports that Braden was tortured yesterday by his bandit captives for failure to secure ransom money. The consulate also denied the report circulated that the Torreon vice consul had been dispatched to Hapimil to make a personal investigation. Additional Mexican troops have been dispatched in search of Braden's captors, according to the advices.

Brazil Yields League Veto Right

LONDON, May 28.—The Geneva correspondent of the Exchange Telegraph today reported that Brazil has abandoned its right of veto, which hindered German's projected entry into the League of Nations.

RESTORE CALM AT POLY HIGH: PUPLS YIELD

"All's quiet on the campus!" That's the report today from the Santa Ana high school.

And Principal D. K. Hammond, supported by the board of education and the least excitable portion of the high school students, together with numerous parents, remains in command.

Having issued his edict that the 20 or 30 seniors, out of a class of 200, who willfully ditched school last week, defying the direct orders of the principal, were to be given demerits, Principal Hammond went quietly about his business of conducting the high school. The demerits issued resulted in causing three or four students to lose their positions as officers of the student body. Among those who ditched and whose resignation was demanded and secured was Warren Hamilton, president of the student body.

Having the responsible position of student body president, it appeared that Hamilton's offense was looked upon as all the more reprehensible.

Demonstration by Students
Then came demonstrations on the part of some of the students. Petitions asking the reinstatement of Hamilton were signed by quite a number of students. He was not reinstated, and the final word at the high school is that he won't be. And that's that.

There was talk of a petition being circulated among business men, but evidently it didn't get very far. Once the high school students began seeking signatures they found that the whole world wasn't with them. There was also a report that a parade was planned on the main streets of the city as a protest against Principal Hammond's attitude. That parade was never held. It petered out. And, again, that's that.

See Victory for Authorities
Thus it began to dawn upon the small minority of students who were fostering the revolt idea that the ultimate victory in the situation would inevitably be with the school authorities. Just as this idea began to percolate, came an announcement from a member of the Santa Ana school board that the school board, without any doubt whatever, would back Hammond to a finish.

This seemed to be the signal for retreat.

So the battle's over. And just like other such battles that Santa Ana high school, and, it seems, many other high schools have had, the school authorities would possess the field.

Indeed, according to Principal Hammond, students are rallying to the support of order. Members of

GUN CLUB IS CONVICTED IN COURT CASE

Jury Returns Verdict of Guilty After Only One-Half Hour's Deliberation

RANCHERS ARE JOYOUS

West Shore Organization Faces Fine of Not More Than \$500; Will Appeal

VICTORY perched today upon the banner of the "people" in the fight to prevent unchecked use of artesian water upon lands of the gun clubs, along the Orange county shore line.

A jury in Justice K. E. Morrison's court, which has been hearing evidence and argument in the case of the West Shore Gun club during the last two days, returned a verdict of guilty shortly after 9 a. m. today, following a half hour's deliberation.

The "club" and its president, William Meade, of Long Beach, are scheduled to appear before Justice Morrison tomorrow, at 10 a. m., for sentence. The extent of which they are found guilty involves a fine not exceeding \$500.

Ranchers Are Jubilant.
Prosecuting officials and interested ranchers, who crowded the courtroom during the trial, were jubilant at their success. The defense will appeal. It was made known through L. A. West, of counsel, but that fact failed to dampen celebration of the victory. The district attorney's office was preparing to press more of the dozen or so complaints against various gun clubs.

These complaints were filed following a report by the 1925 grand jury, recommending prosecution of the gun clubs. A grand jury committee, accompanied by Deputy District Attorney D. G. Wetlin, had conducted an investigation of the situation, and claimed to have found numerous wells flowing unchecked upon the preserves of various clubs. The committee's findings raised a wave of protest in agricultural circles throughout the county.

Bixby Defense Witness
The West Shore Gun club was the first brought to trial. Its attorneys, L. A. West, Santa Ana, George Adams and ex-Judge Ralph Clock, of Los Angeles, offered the defense that the water allowed to flow over leased lands of the gun clubs was being put to beneficial use. Fred Bixby, Long Beach capitalist, who owns or manages most of the lands leased to the gun clubs in that section, was the chief witness for the defense, whose case rests upon his testimony. Bixby declared that the gun clubs were required, under their leases, to allow the water to flow unchecked for five months during the year, as a process of leaching the alkali from the soil and reclaiming it for agricultural use. He described three processes of reclamation, stating that the leaching process was the only practicable method for his lands, and asserted that a thousand acres of land had been so reclaimed during the last few years. The land is washed with water for five months of the year, this water draining into ponds, which are drained away after the hunting season, carrying the alkali in the water, Bixby testified.

Defense Is Blasted
The prosecution blasted the defense in two ways. It produced authorities, including Francis Cuttle, of Riverside, head of the Tri-County Reclamation association, to prove that the process Bixby described was only temporarily successful. These authorities declared that white alkali is soluble in water and that, therefore, the first water flowing on the land, which it was admitted would seep into the ground, would be reclaimed during the last ground with it. The alkali would be carried deep enough that, for several seasons, the land might be

Man, In World Race, At Moscow

MOSCOW, May 28.—John Goldstrom, who is on a trip around the world on a race against time, arrived here by airplane at 6:30 o'clock last night, having made the distance from New York in the record time of seven days and 20 hours.

He then boarded the Trans-Siberian express at 10 o'clock. At China, he will take a Japanese airplane to Yokohama, where he hopes to make a quick connection with a liner for the United States.

Goldstrom expressed the hope that he would complete the circle of the world next year by airplane in 12 or 14 days.

HOUSER BREAKS SHOT MARK AT COLLEGE MEET

(By United Press)
HARVARD STADIUM, Cambridge, Mass., May 28.—The first intercollegiate record to drop in the first day of the annual I. C. A. A. A. track and field meet came in the shotput, when Clarence ("Bud") Houser, captain of the University of Southern California team, made a toss of 49 feet, 11 3/4 inches.

Houses broke the record of 49 feet 9 5/8 inches that Ralph Hills of Princeton set at Philadelphia last year.

Summaries:
120 yard low hurdles: First heat—Won by L. Dye, U. S. C.; second, John J. Murphy, Boston college. Time 15 seconds.

Second heat: Won by Alva Rangen, California; second, Wolf, Pennsylvania. Time 15 5/10 sec.

Third heat: Won by Wells, Dartmouth; second, Stever, U. S. C. Time 15 2/10 sec.

Fourth heat: Won by Reynolds, U. S. C.; second, Haas, Georgetown. Time 15 3/10 sec.

Fifth heat: Won by Moore, Penn State; second, West, Stanford. Time 15 3/10 sec.

Second heat 100 yard dash: Won by Charles, Colgate; second, Barber, California. Time 10 seconds.

Half mile run: First heat: Won by Leness, M. I. T.; second, McCloskey, Boston college; third, Richardson, Stanford; fourth, Leaming, Princeton. Time 1:56 1/10 sec.

Official investigators of the mysterious disappearance of the evangelist are virtually convinced now that she is alive.

Mother Accepts Drowning
Mrs. Kennedy, on the other hand, clings to the belief she has had consistently from the start, that "Sister" McPherson drowned while swimming in the surf.

To silence rumors that the evangelist had been seen at various places, and was not drowned, as reported, Mrs. Kennedy has offered a \$25,000 reward for the safe return of her daughter.

"We have no hope that the reward will ever be claimed," said Mrs. Kennedy. "We believe that her body is in the sea and that her soul is with her Savior."

The Los Angeles county grand jury may launch an investigation of Mrs. McPherson's disappearance, according to the foreman, William H. Carter.

20,000 Flee City Periled by Flood

MOSCOW, May 28.—Two hundred boats were assisting today in transferring the 20,000 inhabitants of Pokrovsk, Russian town flooded by the rising waters of the Volga river, to nearby points of safety. Pokrovsk lies across the stream from the city of Saratov. Floods have done considerable damage throughout the river valley.

GERMAN WARSHIP AT SAN PEDRO LIKE BEER GARDEN

(By United Press)
LOS ANGELES, May 28.—They have the evidence locked up, and are waiting on a reply from Washington on what to do about the situation, it was said.

The Hamburg, according to the reports, has taken on the aspect of a floating saloon in a dry port, rather than the majestic representative of Germany's navy.

Hundreds of thirsty Southern Californians are said to be patronizing the Hamburg daily, drinking German-made beer of high alcoholic content.

\$50,000 FOR EVANGELIST IS DEMANDED

Mother Receives Mystery Note Threatening Death If Money Is Not Paid

EPISTLE KEPT SECRET

Note Turned Over to Angelus Temple Attendant, Who Forgot Instructions

(By United Press)
LOS ANGELES, May 28.—Mrs. Minnie Kennedy, mother of Aimee Semple McPherson, has received a letter demanding \$50,000 ransom for the safe return of the missing evangelist.

The letter, received on May 21, was given to police detectives today, and an immediate investigation was ordered.

It stated that Mrs. McPherson would be killed unless the money was placed on a westbound street car at Vernon and San Pedro streets, at 5 a. m., May 23.

Kept From Police
Mrs. Kennedy explained why the letter had not been turned over to police sooner by saying an attendant at Angelus temple had been requested to handle the matter, but had forgotten the instructions.

The letter said: "Fifty thousand dollars and she is yours. Two months or else goodbye to her. Put the money in a westbound street car on Vernon and San Pedro street, at 5 a. m., May 23, 1926. Wear a bright red suit. Don't bring police or she'll die within minutes. We'll deliver her within half an hour after pay. Mum's the word. Keep police away. Yours truly, XXWW and RRWW."

Chief of Detectives Herman Clins placed no credence in the threatening missive. He said, however, he would make an attempt to locate the writer in the belief he is one of the many insane persons who habitually respond with letters in mysterious cases.

Search Is Abandoned
Search for the body of Mrs. McPherson was abandoned today by authorities. Lifeguards and other official searchers, who have been looking for the body of the evangelist since her reported drowning 10 days ago, declared a further search appeared futile.

Mrs. Minnie Kennedy, mother of Mrs. McPherson, continued the search where the authorities left off, directing a band of several hundred followers in a patrol of the beach.

Official investigators of the mysterious disappearance of the evangelist are virtually convinced now that she is alive.

Mother Accepts Drowning
Mrs. Kennedy, on the other hand, clings to the belief she has had consistently from the start, that "Sister" McPherson drowned while swimming in the surf.

To silence rumors that the evangelist had been seen at various places, and was not drowned, as reported, Mrs. Kennedy has offered a \$25,000 reward for the safe return of her daughter.

"We have no hope that the reward will ever be claimed," said Mrs. Kennedy. "We believe that her body is in the sea and that her soul is with her Savior."

The Los Angeles county grand jury may launch an investigation of Mrs. McPherson's disappearance, according to the foreman, William H. Carter.

Ormiston Aids Search
Kenneth G. Ormiston, Angelus temple radio man, aided today in the beach search for Mrs. McPherson's body. He was questioned by detectives concerning his connections with Angelus temple, and released without qualification.

Ormiston told the officers he had no knowledge whatever concerning Mrs. McPherson's disappearance, and declared the linking of her name with his was a "gross insult to the memory of a noble and sincere woman."

REPORTS SEEING AIMEE IN BAY CITY

SAN FRANCISCO, May 28.—An unidentified man today told police he had trailed a woman he believed to be Aimee Semple McPherson, missing evangelist, to a San Francisco railway depot and watched her make arrangements for departure.

The information was considered "verification" of a report previously made to local officials by a state operative.

Both reports tallied in most respects. Both described her clothing as identically the same. Both were positive in their identification of the woman as the missing evangelist.

W. B. COLVER DIES

WASHINGTON, May 28.—William B. Colver, former chairman of the federal trade commission and nationally known newspaperman, died at his home here this afternoon, after several months' illness.

ROYALTY WILL BE COOLIDGE GUESTS

WASHINGTON, May 28.—One day in this country has made the crown prince and princess of Sweden American enthusiasts.

America surpasses our expectations in every way," Prince Gustav Adolf said, as he prepared today to see the sights of Washington.

After visiting the capitol and listening to congressional debate, the royal party was to be entertained by President and Mrs. Coolidge at a state dinner at the White House this evening. They will spend two and a half months traveling in the United States before sailing from San Francisco for the Orient.

EX-PAGE TO RUSSIAN CZAR
SEEKS WORK DRIVING TAXI

AIRMAN AT MUKDEN
HONOLULU, T. H., May 28.—
Lieutenant Botved, Danish aviator,
flying from Copenhagen to Tokio,
has arrived at Mukden, Manchuria,
according to Tokio dispatches.

Toll of War to Pomp and
Pride, Former Captain
Lives in Basement

NEW YORK, May 28.—A cheap
little basement room in one of those
sections of New York where ex-
istence reduces itself to the barest
necessities is their home.

In brighter days, Victor Mor-
dovzeff-Kaledine was a captain
in the Russian army, decorated for
bravery and delegated to serve as
page to the late Czar Nicholas.

His wife, too, was the Countess
Maria de Ratzibor, once a prima
donna in the Moscow Imperial
theater.

Of his equipage for service at
the Russian court, there is nothing
left to Kaledine. It all went to
the pawnbroker.

But his wife fondly preserves one
or two of the costly, jeweled cos-
tumes she wore as an opera star.

They married, these two, war's toll
on pomp and pride. Only the gen-
erosity of the pastor of a fashion-
able Madison avenue church saved
them from extinction recently.

"I speak 12 languages," says Cap-
tain Kaledine. "My wife still plays
and sings. But it doesn't seem to
mean anything."

"I had a job as a stevedore for
a while. Now I'm trying to get one
driving a taxicab."

Order Is Ignored
By Sydney Unions

SYDNEY, May 28.—Several
thousand trade unionists, at "stop-
work" meetings, have declared that
they will not work over 44 hours
weekly, although they are affected
by federal awards stipulating that
they should work 48 hours.

Resolutions were carried declar-
ing that these workers would ig-
nore the recent high court deci-
sion. The employers, however, re-
solved at a meeting to abide by the
decision.

The high court ruled, on April
19, that the New South Wales act
passed last January, providing a
44-hour week, was invalid in cases
where it would be in conflict with
the federal award prescribing a 48-
hour week.

Sacred Elephant
Is Coming to U. S.

LONDON, May 28.—America is
to see a real white elephant. The
sacred white elephant from Burma,
which made its premier at the
London Zoo May 1, will remain
here for four months and then go
on to the United States.

This elephant is a pinkish white
all over and is regarded as a sac-
red beast in Burma.

A special bungalow was erected
for the animal, which cannot be
sheltered with the other elephants
because of its sacred character.

War Veteran's
Medals Stolen

VANCOUVER, B. C., May 28.—
A burglar entered the rooms of
Michael O'Rourke, V. C., while he
was away and stole his war medals.
The booty included his Victoria
cross, the distinguished conduct
medal and 1914 star. O'Rourke, who
won the greatest distinction Brit-
ain had to offer for valor, is of the
opinion that the thief intends to
impersonate him in some other
part of the world.

PRINCE FOUND GUILTY
VIENNA, May 28.—Dispatches
from Budapest say that Prince
Luwig Windisch-Graetz and Po-
lice Chief Dr. Emmerich von Na-
dosy, implicated in the famous
French bank note forgery case,
have been found guilty.

LEEDS ENROUTE TO U. S.
HONOLULU, May 28.—W. B.
Leeds, youthful millionaire, who
visited here for two weeks, spend-
ing most of his time alone at the
Beaches, was today enroute to the
mainland aboard the steamer Ma-
sonia.

VARIOUS STATE
HEADS DIFFER
ON DRY VIEWS

NEW YORK, May 28.—Prohibi-
tion agitation has brought two states
to the point where referendum elec-
tions on Volstead act modification
will be held this year; governors of
two other states have come out in
favor of submitting the question to
the voters and seven governors
have made statements opposing
such a referendum.

The United Press asked the gov-
ernors of 27 representative states
their attitude. The majority re-
plied that it was a question on
which they did not care to express
themselves—indicating that prohibi-
tion in many states still is a con-
troversial subject with sentiment
and leadership still not definitely
crystallized.

New York and Wisconsin are the
states which will hold elections
fall, when prohibition modification
will be submitted.

Gov. Al Smith, of New York,
having signed the referendum passed
by the legislature, is on record
as favoring such a ballot.

Gov. John T. Trumbull, of Con-
necticut, said he favored a national
vote on modification.

"It is the only way," he said. "A
vote of the people will have to be
taken sooner or later."

Favors Popular Vote.
Gov. A. T. Hannett, of New Mexi-
co, favoring a popular vote, said:

"I can see no objection to a refer-
endum on the Volstead question
nor any other matter of importance.
The majority should rule."

Governor Martin, of Florida, con-
siders "the matter settled when
the eighteenth amendment became
part of the constitution," and he
opposed a referendum.

Governor Hammill, of Iowa, said
the issue "had been submitted and
determined by a majority of the
states."

Gov. Clarence J. Morley, of Colo-
rado, can see no use for a referen-
dum, as far as Colorado is concern-
ed, as "the state is so thoroughly
dry a vote would make no differ-
ence."

A poll in Maine would be "en-
tirely superfluous," according to
Gov. Ralph C. Brewster.

"We in Maine settled the liquor
question one and for all some 20
years ago, when we conducted a
state referendum, and since there
has been practically no talk about
it."

A national referendum would not
be justified, Gov. John G. Winant,
of New Hampshire, believes.

The constitution of New Hamp-
shire, he continued, does not recog-
nize the right of referendum.

Waste of Money.
A referendum would be "a waste
of money and time," Gov. Walter
Pierce, of Oregon, said, adding, "I
believe in prohibition and think it
is up to every American to support
and uphold the law."

Gov. Alex J. Groesbeck, of Mich-
igan, refused to discuss the referen-
dum "until some tangible form of
plan is submitted."

The two women governors, "Ma"
Ferguson, of Texas, and Mrs. Nellie
Ross of Wyoming, were non-com-
mittal.

Gov. Alvan T. Fuller, of Massa-
chusetts, said:

"This is a federal problem and I
do not feel that I should venture an
opinion."

In the absence from the state of
Governor Billings, Lt. Gov. W. K.
Farnsworth, of Vermont, said:

"I have not heard enough talk
among citizens of Vermont to in-
dicate sentiment on the proposed
prohibition poll. I do not care to
express an opinion."

Gov. Abraham Prothier, of Rhode
Island:

Takes No Position

"I have not taken a position on
the question and do not care at this
time to express an opinion as to
the feasibility of either state or na-
tional referendum."

Gov. Theodore Christianson, of
Minnesota, a "bone dry," is known
to oppose a referendum.

Gov. Harry F. Byrd, of Virginia,
said that since prohibition is not an
issue in Virginia he did not wish to
express himself.

Other governors who refused to
comment were Carl Gunderson, of
South Dakota; Vio Donahey, of
Ohio; McMullen, of Nebraska;
Richardson, of California; Baker,
of Missouri; Whitfield, of Mississippi,
and Fuqua, of Louisiana.

Ex-Broker Held
On L. A. Charges

BUFFALO, N. Y., May 28.—J. H.
Corbin, 36, former Buffalo broker,
wanted in Los Angeles for alleged
embezzlement of \$29,000 and \$70,000
in securities, is being held at Ma-
lone for return to Los Angeles for
trial. Corbin was arrested last
night in a lonely cabin in the Adn
Ironclads, near Lake Placid, by de-
tectives acting on instructions of
Donald S. Dudley, deputy state at-
torney general, of this city. He
was traced through his wife, who
lives in Corry, Pa.

Disabled Vets
End Convention

STOCKTON, May 28.—With
Percy Church, Fresno, elected de-
partment commander, and Long
Beach selected as the 1927 conven-
tion city, the California department
of Disabled American Veterans of
the World war today concluded its
convention sessions and delegates
began their return home. Elec-
tions last night constituted the final
important business of the conven-
tion. Edward Lynch, Sacramento,
was elected senior vice commander.
James Forest, San Mateo, was
named first junior vice commander.

SHEEPMAN SLAIN

PRESCOTT, Ariz., May 28.—
What appears to have been a flare-
up of the cattle and sheep troubles
of the days of old when All-
Holder, 25, flock master, died as a
result of a gunshot wound, and
Claude Stephens, a cattle man, was
arrested charged with the shooting.
Holder was widely known as a
rodeo performer.

DICKSON—To Mr. and Mrs. James W. Dickson, of McFadden street, at the Little Maternity home, May 27, 1926, a son, James William Jr.

TRAMMELL—To Mr. and Mrs. Ted Trammell, 113 North Van Ness avenue, May 27, 1926, a daughter.

Death Notices

A WORD OF COMFORT
You see others better when the sun is not bright enough to blind you. Likewise the clouds in your life help you to recognize the kindness in others which would not have shown up in the sun. Others know you are you are when the shadows fall. Hearts are comforted by the grief which they share.

DENNIS—At Community hospital, May 27, 1926, Dettie C. Dennis, mother of Walt Dennis, South Bend, Ind., sister of Mrs. O. H. Phinney, Santa Ana, Cal. Cause of death, cancer. Burial in Oak Lawn cemetery, Kansas City, Mo. Shipments will be made to Kansas City by Smith and Tuttle.

BANKERS AGREE ON NEW OFFICERS

DEL MONTE, Calif., May 23.—Although the actual election will not take place until tomorrow, the new officers of the California Bankers' association today were virtually settled upon, following report of the nominating committee.
W. E. Wilcox, vice president of the Anglo and London Paris National bank, San Francisco, was nominated for president. R. B. Hardacre, vice president of the Security Trust and Savings bank, Los Angeles, was nominated vice president. A. H. Muller, vice president of the San Francisco bank, San Francisco, was nominated treasurer.
Members of the executive council, to serve three-year terms, were nominated as follows:
W. F. Morrish, president of the First National bank, Berkeley, chairman; A. D. Keyes, president of the Humboldt bank, San Francisco; A. C. Madden, First National bank, Dixon, and Lane D. Webber, vice president of the First Trust and Savings bank, San Diego.

Vanderlip Will Sell His Village

SCARBOROUGH, N. Y., May 23.—Frank A. Vanderlip, former head of the National City bank, has arranged to sell the village of Sparta, which he bought four years ago to get rid of undesirable, including cottagers, and replace them with "nice people," it was announced.

MASONS TAKE NOTICE!

Friday evening, May 28th, 8:00 p. m., Santa Ana Lodge No. 241, F. & A. M., will be host to all Masons, their wives and sweethearts. Cards, dancing, prizes! All Masons are cordially invited to be our guests.

Fraternal Calendar

Daughters of Union Veterans of the Civil War—Daughters are requested to meet at the First Baptist church Sunday, May 30, 10:30 o'clock. They are reminded to bring flowers and meet Sunday afternoon at Birch park.

Daughters of Union Veterans of the Civil War—Regular meeting, Tuesday afternoon, June 1, 2 o'clock, G. A. R. hall, Calumet camp, U. S. W. V., and Calumet auxiliary No. 39, will meet Sunday morning, May 30, 9 o'clock, U. S. W. V. hall, in order to attend memorial services at the Christian church, Huntington Beach. Graves of comrades in Huntington Beach cemetery will be decorated. On Monday, May 31, 9 o'clock both organizations will meet at entrance of Fairhaven cemetery to conduct memorial services there.

Calumet auxiliary, No. 39, U. S. W. V.—Will meet Sunday afternoon, May 30, 2:30 o'clock, at home of Mrs. M. C. Cooper, 144 West Seventeenth street, to gather and arrange flowers for Memorial day.

Fraternal Brotherhood—Will hold a dance Friday evening, May 28, at El Camino hall.
Santa Ana Canton, No. 18, Patriarchs Militant—Will go to Riverside May 29, 30, 31 to join in a field meet of all Southern California cantons.

Santa Ana chapter, O. E. S.—Bridge club will not meet Friday, May 28, as planned. The meeting will be held Friday afternoon, June 4, at the home of Mrs. Sam Jernigan.

Santa Ana Pythian Sisters—Tea club will meet Tuesday afternoon, June 1, 2 o'clock, with Mrs. Fannie Cunningham, 205 North Flower street.

Woman's Benefit association—Afternoon tea, Tuesday, June 1, at the home of Mrs. Anna Arnold, 405 South Birch street.

Local Briefs

The card party, sponsored by the Orange County Federation of Women's clubs, will be held in the Ebell clubhouse, Fullerton, on Tuesday, June 1. It previously had been stated that the party would be held in Anaheim.

Lyman King, Redlands editor, candidate for the Republican nomination for lieutenant governor, will be the principal speaker at the banquet Tuesday evening, June 1, at 6:30 o'clock, to celebrate the forty-fifth anniversary of the organization of the First Christian church of Santa Ana, it was announced today by those in charge of the arrangements for the affair. The banquet is to be served in the church parlors.

Capt. George K. Home, former chief of detectives of the Los Angeles police department, and Frank Bristol, also of Los Angeles, will address former residents of Ohio at Bixby park, Long Beach, Sunday afternoon. A memorial Sunday program is being sponsored by the Ohio State society, to which residents from all parts of the United States are invited. A basket picnic and reunion will precede the program.

Mrs. Joseph L. Adrien, is able to be up and is rapidly recovering from an operation recently performed at the Pasadena hospital. Mrs. Adrien was severely injured in an automobile accident last November in Santa Ana at Seventeenth and Main streets. She will leave for her home in the east as soon as she is able to travel and later will join a party of friends for a trip abroad.

The Young Men's Prayer band of Glendale will have charge of the meeting at the Brown tent at Cypress and Bishop streets this evening.

Listed among guests at St. Ann's Inn are Gen. and Mrs. John McClellan, San Diego; Louis D. Webster, San Francisco; H. A. Roemer, San Francisco; Alice C. Bagley, San Francisco; Dan Lyon, San Diego; Paul J. Emmet, Los Angeles; A. C. Shoup, Los Angeles; B. F. Batton, Los Angeles; A. W. Welch, Los Angeles; Mr. and Mrs. S. A. Selover, San Diego; Mr. and Mrs. Frederic Ritchie, Los Angeles.

Arrivals at Hotel Santa Ana include Mrs. Margaret Wade, J. H. Turk, R. R. Lawes, S. Krown, Hugo H. Methman, Frank B. Robinson, George Fralgin, K. Campbell, L. G. Gage, W. G. Steils, M. G. Hettler, Harry H. Uttersen, B. A. Jacobs, and A. Smith, all of Los Angeles; Mr. and Mrs. John C. Raymond, San Francisco; C. C. Wofford, San Francisco; M. T. Lee, Eagle Rock; Ben S. Baum, New York City; Judge A. B. Bigler, Santa Maria; Mrs. W. W. Stokes, Santa Barbara; W. W. Stokes, Santa Maria.

T. B. Haugh writes the Register from Loveland, Colo., under date of May 24 about his subscription to the Register and adds: "I have enjoyed the paper very much. Everything here is lovely; great prospects for a big crop for the farmers. Extra big fruit crop. The biggest prospect that I have ever seen here, and I lived in Colorado for 20 years."

WEDDING IN PEST HOUSE; PREACHER 50 FEET AWAY

Ether Lund and (inset) her husband, Russell Roland. Sketch below shows how the marriage ceremony was performed—at a distance.

Bridegroom Has Smallpox, So Guests and Parson Stay at Distance

CORNING, Ia., May 23.—It was to have been a very romantic honeymoon. There was to have been a church wedding, with flowers and music and a dignified, soft-voiced preacher.

But instead the honeymoon was held in a pest house and the wedding was the noisiest on record.

Russell Roland, of Corning, and Esther Lund, of Red Oak, Ia., were making plans for their wedding when Roland fell ill of smallpox. He was promptly bundled off to an improvised pest house and placed under a strict quarantine. A big red sign reading "smallpox" was tacked on the door.

But that didn't stop Miss Lund. She phoned her parents in Red Oak, went to the county clerk's office and got a marriage license, underwent another vaccination against smallpox, got the Rev. Mr. Menhoer, of the Methodist church, and headed for the pest house.

Roland, who was well enough to come out on the porch, stood there waiting. Miss Lund went to his side. The minister, relatives and friends stood in the road, 50 feet away. The marriage ceremony began, with the minister obliged to bawl out the lines at the top of his voice.

"Do you take this man to be your lawfully wedded husband?" he shouted.

"I do," yelled Miss Lund—probably the most emphatically delivered response in the history of marriage.

"I pronounce you man and wife," cried the pastor, in a voice that could be heard half way to Des Moines.

And that was that. Ministers and friends declined to come forward to kiss the bride, contenting themselves with blowing kisses from the roadway.

9 Words In Title Of Postal Worker

WASHINGTON, May 23.—The postoffice department is noted for its long titles. Many a joke has been cast about the first assistant postmaster-general, and the second, third and fourth assistants, respectively. The limit was believed reached when, six months ago, new positions were created and entitled deputy first assistant postmaster-general and deputy second, third and fourth assistants. But even this is outdone by the newly created position, assistant deputy first assistant postmaster-general and chief clerk.

Rotarians Seen As Peace Agency

HONOLULU, T. H., May 23.—An annual Pacific conference of Rotarians as an agency for world peace was proposed at the closing session of the Rotary conference, which has been in session all week. Walter Beam, of Manila, declared so much had been accomplished in this session that the conference should be a permanent institution. Delegates cabled a message of sympathy to sufferers in Hokkaido prefecture, where volcanic eruptions destroyed hundreds of homes, and took a heavy toll of lives.

Mrs. Lifur Wins Golf Championship

MIDWICK COUNTRY CLUB, ALHAMBRA, Calif., May 23.—Mrs. Gregg Lifur, representing the California Country club of Culver City won the Southern California golf championship for women here today by defeating Miss Kathleen Wright, of Pasadena, 2 and 1.

ADVISE BRIDES ON RIGHT WAY TO ROUT DIRT

WASHINGTON, May 23.—June brides need not worry about the servant problem if they take Uncle Sam's advice on how to make housecleaning simpler and easier as outlined in a U. S. department of agriculture pamphlet.

A comfortable, clean home keeps the ne husband in every evening instead of allowing him to make excuses about going back to the office or some extra work. Uncle Sam, after years of investigations, tells how to keep the new household.

"Housecleaning need not be the bugbear it has long been regarded if the work is carefully planned," he tells the newly weds. "Half the battle is keeping dirt out of the house and having furniture and draperies that are easy to clean."

The bride, however, must have proper tools for housecleaning, just as any other skilled laborer needs tools. The corn broom is needed for carpets and rough surfaces, such as bricks, concrete and stone.

A wall brush of lamb's wool, a weighted brush with short bristles for polishing waxed floors, whisk broom, scrub brushes of various sizes, paint brushes for upholstery, red furniture and carved surfaces, radiator brush for cleaning between pipes, refrigerator brush and long handle spiral brush and prepared soap paper for cleaning window cloths are some of the tools necessary for easy housecleaning.

Then comes the wet mop for floors, dry mop untreated or oiled, duster, duster, carpet sweeper, vacuum cleaner, carpet beater, pails or buckets.

The materials to go with the tools consist of water, soap, ammonia, borax, salisoda, lye, caustic potash, caustic soda, oxalic acid, gasoline and benzine, kerosene, oils, turpentine, absorbent powders, steel wool, furniture polish and floor wax.

Uncle Sam does not expect the bride to have all of these materials or tools but the ones that will fit in best with her household.

JURY FINDS GUN CLUB IS GUILTY

(Continued from Page 1)

productive, but that further moisture upon it would again bring the alkali to the surface.

Besides this disputing the "beneficial use" which Bixby claimed to have in mind in requiring unlicensed flow of the artesian wells, Deputy District Attorney Wetlin argued to the jury that it didn't matter what Bixby had in mind, he water was not put to any beneficial use so far as the gun club was concerned. And the gun club, not Bixby, was on trial, he reminded the jury.

\$250 PROCEEDS OF POPPY SALE AT NOON TODAY

With members of the Santa Ana American Legion auxiliary selling poppies on all downtown streets today, more than \$250 had been realized through the sales up to noon, Mrs. Fannie Reeves, one of the workers, reported.

Today, "Poppy day," is the day when the flowers are sold to the public, the proceeds to go to the aid of disabled soldiers, sailors and nurses of the World war, their families and the war orphans.

More than \$65,000 was paid ex-service men, who lie disabled in hospitals, for the making of the little paper flowers last year and the auxiliary of the legion throughout the nation expects to make the sum even larger this year.

Santa Ana workers are satisfied with their sales so far today, the proceeds being approximately the same as they were at noon on Poppy day last year.

The auxiliary here realized \$600 from the sales last year and it is believed that this amount will be reached sometime late this afternoon.

Twenty-five auxiliary members are canvassing the business district, aided by several members of Santa Ana post, No. 131, American Legion.

COAT FOUND ON PER LEADS TO SUICIDE BELIEF

Newport police are investigating the finding, this morning, of a coat, belonging to Mrs. Howard T. James, wife of a Los Angeles fireman, together with two missives, on the Balboa pier.

A note, pinned on the coat, read: "This coat and hat kindly see that they are returned to Howard T. James, city fireman in Los Angeles. I will not need them any more. Thank you."

The name of Mrs. Howard T. James was signed to the note. In a pocket of the coat was found a sealed letter, addressed to the husband. No trace of the hat mentioned in the note was found and police believe that the wind blew it into the water.

The discovery was made early this morning by a group of fishermen, who notified Jack Riggs, motorcycle officer. Riggs turned the coat and missive over to Captain Adams, chief of the Newport police.

In a telephone conversation this morning, James expressed the belief that the whole thing is a hoax—that his wife still is alive. According to James, his wife has tried to frighten him twice before. Both times, Mrs. James turned the gas on a few minutes before her arrival home from work, thinking to give him a scare, James declared.

James and his wife have been separated for the last three weeks and she has been living at 964 West Twenty-eighth street, Los Angeles. They have an 11-month-old baby, who has been in the care of the mother.

"I do not believe that my wife committed suicide and, if she did, I don't think that she would take the baby with her," said James. "I am sure that even if she did decide to end her life, she first would place the baby in a safe place."

The husband declared that he planned to go to the beach today to take a hand in the investigation. Captain Adams opened the letter, but declined to divulge the contents beyond saying that the missive mentioned domestic difficulties.

The Newport chief intimated he was inclined to believe the woman is alive.

Police announced this afternoon that still another note had been located at the Balboa hotel, where Mrs. James registered with her baby yesterday afternoon. The note was rambling and stated that she could not find anyone who would take care of the baby.

County Clerk J. M. Backs and his staff of assistants today were preparing to flood the mails with a wave of sample ballots, preliminary to the \$1,200,000 Newport harbor bond election, set for June 10.

More than 35,000 sample ballots will be started on their way to voters of the county tomorrow, according to present plans of the county clerk.

Backs and his aides have been busy during the last month with the job of preparing the ballots. The clerk is getting ready to leave a great sigh of relief when the postman takes over his burden tomorrow.

Harbor Election Sample Ballots Ready for Mail

County Clerk J. M. Backs and his staff of assistants today were preparing to flood the mails with a wave of sample ballots, preliminary to the \$1,200,000 Newport harbor bond election, set for June 10.

More than 35,000 sample ballots will be started on their way to voters of the county tomorrow, according to present plans of the county clerk.

Backs and his aides have been busy during the last month with the job of preparing the ballots. The clerk is getting ready to leave a great sigh of relief when the postman takes over his burden tomorrow.

Special College For Freshmen Is Being Advocated

UNIVERSITY OF OREGON, Eugene, May 26.—Establishment of a freshman college apart from the major university is advocated in a report of a student committee on investigation of intellectual conditions on the campus. According to the committee, this would arouse in the student an appreciation of the true purpose of higher education, and would make possible special attention to the individual problems of freshmen.

Ralph's Rich Mills.

TEETHING AT 96

Col. H. B. Essington, of St. Louis, 96-year-old Civil war veteran, is teething again. His third set of teeth will be complete in a few months. He has no formula for health except the remark, "eat sparingly of meat, especially in summer time!"

MORE COOKS IS NATION'S NEED. MAYOR CLAIMS

FRENCH LICK SPRINGS, Ind., May 26.—North and South debated rival viewpoints on "What's the matter with our young folks?" when Law Shank, Indiana's auctional philosopher, for eight years mayor of Indianapolis, and Harry T. Hartwell, city commissioner of Mobile, Ala., met here.

As two city fathers considering the problem of crime waves, petting parties, flappers and sheiks, Shank and Hartwell showed they are no nearer an agreement on the modern "national problem" than Indianapolis and Mobile were on the national problem of 1861.

"What this county needs," said Hartwell, "is more girls who can make money in business."

Girls Who Can Bake Cake

"Nothing of the sort," retorted Shank. "What this country needs is more girls who can make fruit cake!"

"Our young men," declared Hartwell, "need business-trained girls as wives and counselors."

"Our young men," answered Shank, "need more work and less play; more overalls and fewer white collars; more knowledge of real work-a-day jobs and less college education."

After which introductory exchange, Shank and Hartwell settled down to a real verbal give-and-take and entertained hearers with one of the warmest discussions on modern youth and the crime wave that has yet been recorded.

"Since the war," declared Shank, "more than a million young people have gone to college who would have been better off, both now and all through life, if they had gone to work instead. Parents send their sons to college and into overcrowded professions in order that they may wear white collars and put up a front."

White Collars and Crime

The effort to keep up this "front" on low-salaried, white-collared jobs, Shank maintained, forces young men into crime as an income-increasing side line.

Girls who stay at home, wash dishes and learn to cook and sew, he said, will not lead youths into crime to supply cash for frivolities they can not afford.

"All wrong," answered Hartwell. "A college education makes a man a better worker and better citizen, whether in overalls or white collar. It increases self respect and decreases crime."

"And as for the girls, our Southern girls are all the better for having broken down the barriers against working outside the home. Knowing how to make money, they know better how to spend it. They become better wives and mothers, helpmates to their husbands, than the old-time stay-at-home girl."

Harbor Campaign Attracts Great Deal of Interest

Interest in the harbor bonds campaign is not confined to Orange county. Riverside county is interested and so is San Bernardino county, it was learned today. San Francisco also has sent word expressing satisfaction at the progress being made.

Two donations to the harbor bonds election campaign fund have been received by the Harbor Chamber of Commerce.

One gift consists of 5000 copies of the report of General Beach, printed in Riverside, the gift of the Balboa Palisades club and Riverside friends of Orange county harbor bonds.

Another gift, of 500 windshield cards, was received from yachtsmen of San Francisco Bay.

Contributions to the harbor bonds campaign fund are coming in at a reasonable rate and already a subscription list in Costa Mesa, has reached \$500.

You And Your Friends

Please Phone or Mail Items

Walter B. Tedford, vice president of the Farmers and Merchants Savings Bank and Mrs. Tedford of 2008 North Broadway, are enjoying a week's automobile trip to the Yosemite Valley. They plan to return home next Monday.

Mr. and Mrs. Robert Russick of

the Y. M. C. A. and little daughter Jean, who reside at 940 West Myrtle street, and Miss Harriet Wollaston of 642 North Ross street, left yesterday for a vacation trip, to the Yosemite. The party plans to spend a few days at a ranch near Fresno, and will be away for two weeks.

Mr. and Mrs. Charles Dahlem and their son, Charles Jr. of 1063 West Fifth street and Mr. and Mrs. Harry J. Roberts of 601 West Third street, left today by automobile for a few days' trip to San Francisco

and Oakland, visiting relatives of the Dahlems in the latter place.

Mr. and Mrs. Archie D. Gorton and family, Mrs. Maria Gorton, Mrs. Luella Green and daughter, Alberta Green will go to Los Angeles tomorrow to attend the Livingston county, Michigan, picnic.

Frank Wollaston, who was storekeeper for the Southern Counties Gas company here, has been transferred to Huntington Park, where he and Mrs. Wollaston now reside.

The transfer is in the way of a promotion for Mr. Wollaston, as he has a larger field. He is an old-time employee of the Gas company.

Mrs. Earl Morris of 812 East First street, prominent in P. T. A. circles, was elected fifth vice-president of the California Congress of Parents and Teachers in session at San Bernardino. A large number of Santa Ana women are in attendance at the convention.

Mr. and Mrs. Robert White and family are planning to go to Pomona to enjoy a picnic with friends next Sunday.

Mrs. J. E. Liebig of 820 Spurgeon street is enjoying a rest this week at Loma Linda. She plans to return home on Sunday.

Friends of Mrs. W. D. Barker of 2011-2 West Tenth street will be glad to know that she is improving following an operation performed last Tuesday at the Anaheim hospital, and will probably return home in a week or ten days.

Mr. and Mrs. Frederick H. Eley and their two children, Frederick Jr. and Dorothy of West Fifth street, left Monday for Quebec Canada, planning to visit various eastern points before boarding ship June 18 for a journey to London. Mr. Eley's old home in England. The family will be away until November 1.

Of Course, This Store Is Where Savings Are Greatest

When it comes to talking about Quality of goods, we would just like to say that Quality for Quality and Dollar for Dollar you will find it extremely difficult to get more for your money elsewhere.

In making this statement in this positive way we want to go a step beyond: Please do this: MAKE YOUR OWN COMPARISONS OF THE QUALITY OF OUR GOODS WITH THAT OFFERED ELSEWHERE.

We have no particular store in mind. Go where you will, in or out of town. We do not claim to be performing miracles in business and such things as exaggerated claims are not within what we regard as good business ethics.

However, our 24 years of extensive operations, the quantity of goods required by our 676 Stores, and our unexcelled buying position in the field of production, make of each one of our Stores, including this Store, undeniably the place "where savings are greatest."

Lion Dinner Dance Is Outstanding Event In Club Circles

LIONESSES AND visitors were duly impressed with the special brand of hospitality extended last night at Ebell clubhouse by the local Den of Lions in the presentation of their first "spring brawl," an evening of dining and dancing that for sheer enjoyment, has seldom been excelled in all the jungle.

Assembling at the clubhouse, the merry-makers found a feast indeed, awaiting them at 7 o'clock. Arranged in the form of a hollow square, the tables in the big peacock room, were gay with a patriotic intermingling of Spanish lilac and Scotch broom, while guests represented Italy, England, Canada, the United States and Iowa.

Harold Wahlberg, genial president of the club, was in his official position behind the big bell, and added greatly to the interest of the introductions by making them by states and having different groups name those from the state preceding theirs. Dinner was an interesting event, prepared in the clubhouse kitchen by an efficient cook who knew that a steak dinner, with the steaks done to a luscious turn, bore a sweeter message to the hearts of mankind, than almost anything else. Dessert was a novel feature with loyal Lionesses contributing the flaky pies that were featured.

A trained dining-room staff simplified the matter of serving, and there were very few complaints registered against the service as a whole. Entry of the white-aproned staff was highly impressive with the tall and dignified major-domo leading. This was Lion Clarence Crookshank in the costume sacred to head-waiters—and formal wear for men. His position was unmistakable for as he moved from full dress, he wore a badge not much larger than a dinner plate, announcing his leadership.

Associated with him were Lions Andy Anderson, Fred Wilde, Dr. Elliott Rowland, Judson House, Frank L. Furinton, D. C. Clanton, William Lorenz, Bruce Monroe, Harry Hanson, Warren Hilliard and E. L. Sundquist. Their opening chorus was one of the enjoyable events of the evening, with Sundquist at the piano. Numbers by the quartette, Lions Anderson, Wilde, Rowland and Monroe, were interspersed with the deft serving of the course, and Lion Andy Anderson added some feats with his trick harmonica that were thoroughly enjoyed, while Lion Clanton's trombone numbers were greeted with added interest because of the recent triumph of the Municipal band at the polls.

Lauded as an economy dinner, the interval devoted to dining was taken as a golden opportunity for Mark Lacy to reap a golden reward in the form of fines. Were one genial Lion assessed for accepting a second piece of pie, his brother across the table was fined for not accepting. All was fish that came to "Beanie's" net, and the treasury benefited accordingly.

Lion Felton Browning was the cheerful victim of much of the evening's fun, since as the latest Lion bachelor to be stricken by one of Cupid's arrows, and accompanied by his fiancée, Miss Mildred Paul, he was the recipient of the kindly attentions of his brothers.

After a little interval of chat and nose-powdering on the part of the Lionesses and taking down tables and rolling up the floor canvas by their lords and masters, the culminating pleasure of the evening was reached in dancing to the strains of the Lester Schroeder orchestra. Paul Jones, cymbal and ladies' pursuit numbers all added to the general enjoyment which continued until midnight.

Capistrano Y. L. I.

Orange county park was peopled with a motley crowd Wednesday night when the annual "hard times" party given by Capistrano Institute, Y. L. I., took place. Upon inspection many well-known citizens were discovered about the long tables where a picnic supper was served at 7 o'clock. Since attics had been searched for discarded apparel, the costumes were highly amusing.

After supper a merry social time was enjoyed. After the orchestra appeared, dancing was enjoyed in the pavilion. Prizes were awarded to Albert Watenberg, Mrs. S. E. Grotty and Miss Alpharetta Vardy and her brother, Edward Vardy, for the best costumes.

ANNOUNCEMENTS

St. Joseph's Altar society is preparing all sorts of good things for the cooked food sale to be held at Blauer's grocery tomorrow. The society reminds housewives that there will be home-made cakes, pies, salads and baked beans, which will save work so that the Decoration day holidays will leave the cooks free.

University Women Are Greeted in Studio Of Noted Artist

THAT much-traveled highway to Laguna Beach was followed last night by University Women of the county branch of the society, who held their final meeting of the year at "Our Village" with dinner at the White House and a wonderful evening in the William A. Griffith home and studio.

Chicken and all its accompaniments delicacies formed the appetizing menu of the dinner, which was highly complimented by all the guests. Adjoining later to the Griffith home, the University Women were entertained in the open court where they faced a fire blazing cheerily on the big open hearth, competing with the full moon in giving radiance to the scene.

Mr. Griffith, one of the most widely known members of the Laguna artist colony, gave an extremely interesting talk on art appreciation in which he outlined the qualities of a good art critic. He cited keenness of discrimination of particulars as opposed to generalities, declaring that recognition of excellence was possible only when the critic had a certain amount of native ability—in other words, one should be able to perform before being qualified to judge of the performance of others.

In advancing the opinion that art is an expression of personal life, Mr. Griffith spoke of its practicality, expressing the thought that excellence in any undertaking might be classified as art. In connection with his subject, he spoke of the art of old Japan and the stage of perfection it had reached in the pre-American period of development of that country. This, he declared to be due to the national love of order and keen feeling for beauty.

The true artistic spirit, according to the speaker, has its roots in religion. He advocated the teaching of art in public schools since use of materials and mastery of technique would inevitably give pupils a truer appreciation of art. In concluding his talk, the artist-host conducted his hearers to the studio where they were privileged to see his latest desert pictures. Later they returned to the adjoining home where his magnificent collection of Japanese block prints was exhibited for their enjoyment, and their history and means of reproduction explained. During this interval, Mrs. Griffith and her small daughter, served punch to the guests.

Since the meeting concluded the year's work of the association, new officers were named as follows: Mrs. Robert Horn, president; Mrs. Eleanor Palmer, vice-president; Miss Martha Ehlen of Orange, corresponding secretary; Miss Helen Easton of Anaheim, recording secretary; Miss Elizabeth Bruner, treasurer and Mrs. Edith Thatcher, Mrs. H. O. Ehlen and Mrs. Charles Briscoe, board members.

Officers reports were given by the retiring officers, and Mrs. Edith Thatcher, completing a successful year in the presidency, gave an interesting talk.

Guest Group Enjoys Quilting Party

Members of the Leisure Hour club were pleasantly entertained yesterday at the home of Mrs. Walter Schultz on Eastwood avenue when a short business session was followed by an afternoon of quilting.

The art of an earlier generation, being revived by the club, proves most enjoyable, and the completed quilts make their possessors, the envy of all their friends. When yesterday's work was finished, Mrs. Schultz served appetizing refreshments.

Current Events Folk Stage Successful Dancing Party

RELIMINARY to the dancing party of Ebell's first current events section which scored such a signal success Wednesday night at the clubhouse, was a lively dinner staged by Mrs. Arthur May, Mrs. George Osterman, Mrs. Harvey Bennett and Mrs. George Duncan, honoring section members and their husbands.

The party was held in Ketner's gold room where a delicious dinner was served at attractively decked tables, to the accompaniment of music furnished by the orchestra. Mr. Osterman expressed that appreciation by extending an invitation to the group to a hard time dance in El Toro town hall on the night of June 8. Each member may ask a guest and the group will meet at Ebell clubhouse at 7:30 o'clock whence they will go to the scene of the party in highly suitable manner—E. U. Dickinson having announced he would take the entire crowd in one of his big trucks. Anticipations are rife for a uniquely merry evening.

At the conclusion of the dinner, the group repaired to the Ebell clubhouse where section members were hostesses at the successful dance which was well patronized by all their friends. Excellent music was dispensed by the Barnes orchestra. A colorful feature was the release of countless inflated balloons, presented by the Watkins Bootery, and productive of a lively pursuit of the trophies. Hill and Carden loaned five games for a novelty dance which was an entertaining and profitable feature, with fines fast and furious men were left with the canes when the cymbals sounded. The pretty fern stand auctioned off, was secured by George Osterman and home-made candy was won by practically every guest.

Current events members realized a nice sum from the dance to be added to their treasury.

Those present were Mrs. William Bock, Mrs. Leo Borchard, Mrs. George Hasenyaeger, Mrs. James J. Henry, Mrs. A. Jones sr., Mrs. A. Jones jr., Mrs. William Schultz, Mrs. J. L. Hasenyaeger, Mrs. Henry Grochow, and two recent comers from Iowa, Mrs. John Heldt and her daughter, Mrs. William Braker, together with the hostess, Mrs. Walter Schultz.

Hostess Employs Many Tones of Yellow in Decorations

EXTENDING that friendly hospitality that makes her home a favorite rendezvous of her friends, Mrs. George R. Richardson, of 941 Grand avenue, was hostess yesterday at a bridge luncheon of unusually attractive appointments.

California sunshine was exemplified in all decorative details, since the hostess chose yellow as the color motif. The spacious rooms were brilliant with clusters of gladioli, tall spikes of rose and pink being introduced amongst the predominating yellow. A harmonious note was sounded in the artistic cards which directed the guests to their places at the luncheon tables and later served as tallies in the bridge game.

Each table had its service of yellow dillies and nut cups, while individual Maypoles added a charming touch, each one surmounted by a wee yellow bird. The menu followed the same color in every possible detail and ended with that delicacy for which Mrs. Richardson is famed, ice-box cake, which on this occasion, was served in individual molds.

The hostess was aided in greeting and entertaining her guests by her sister, Mrs. W. A. Wheeler of Garden Grove and Mrs. J. A. Hatzfeld. They announced the winners of the bridge contest to be Mrs. Roy Langley, high, Mrs. C. B. Scott of Artesia, second and Mrs. S. J. Hales, low. Rewards bestowed emphasized the chosen color motif and featured a cluster of waxed daffodils, a dainty doll boudoir pillow and a sandwich and cheese tray.

One feature of the afternoon in which both hostess and guests delighted, was the receipt of a box of mountain wild flowers including lilacs, iris, lupine and ferns, and sent by Mrs. James E. Tarpley and Mrs. W. C. Whitson, who were at the Tarpley mountain home at Arrowhead and unable to be present save in spirit.

The white Indians of Panama are related to the ancient Mayas.

Post-office Staff Picnic in Park

When asked "Is everybody happy?" following a picnic at Orange county park late last week, members of the Santa Ana post office were unanimous in their acknowledgment that they were very happy. And surely they should be, for hadn't they just finished an appetizing picnic supper prepared for them by a committee headed by Mr. and Mrs. Seth Bullock. And before the supper there had been numerous games with prizes to be awarded the winners by L. R. Harvey, Hunter Leach and Val Cooke formed the entertainment committee which insured the success of the lively games.

Members of the Garden Grove postoffice were guests of the evening.

Isn't It a Bargain?

As the usual thing one does not connect the word "bargain" with truly exclusive millinery.

But when you can come into Santa Ana's most beautiful shop and select "these kind" of hats at

\$10 and \$15

isn't it really a bargain? Yet—your friends will know that you are NOT wearing a "bargain" hat.

A Store Devoted to Artistic Home Furnishings

STUDENTS ARE PREPARING FOR ANNUAL EXHIBIT

Hundreds of parents and townspeople are expected to visit the annual exhibit of the work of the Santa Ana high school students next Friday, when the results of the year's instruction will be on display.

Many attractive features are being arranged for the entertainment of the visitors.

The high school plant will be in operation to as great an extent as possible. Shop students will be employed in good work, forge and mechanical drawing.

Project work in history, science and other academic studies will be on display.

According to plans, a miniature paper is to be run off the presses in the high school print shop, with the students of the "Generator" news staff co-operating. The papers, "hot off the press," will be passed out to the visitors.

In the sewing department, the girls are to act as living models, displaying styles of dress for different occasions.

According to Principal D. K. Hammond, the extent of the work accomplished by the students in the arts and academic subjects will be a surprise to townspeople.

VACCINATIONS ON LEGS ARE PASSE

SACRAMENTO, May 28.—Small-pox vaccinations on the legs—which sprang up as quite a fad a few years ago when young women demurred against inoculations upon their arms because the scars would show—are now passe, says the state board of health.

This is not due to short skirts, is the assurance of the health department, but to the fact that doctors have learned it is a dangerous procedure to vaccinate on the leg where proper precautions for the patient have not been taken. Even the patient should be required to remain in bed for a period.

The most advanced practice in vaccination is to inject the hypodermic needle into the fleshy part of the body, just back of the shoulder joint, where it is quite effective, and also quite obscure.

Expect Australia To Rank With U. S.

WASHINGTON, May 28.—Australia will be the future "land of promise" in the industrial world, ranking with the United States as one of the primary producing countries, Trades Commissioner Elmer G. Pauly has advised Secretary of Commerce Hoover.

Pauly bases his prediction upon the sustained output of crops and other raw products. The wheat and wool yields have been satisfactory there for the past four seasons, he said.

Australia is making strenuous efforts to expand its manufacturing industries, Pauly stated, but limited population no estimated at 6,000,000, and the consequent limited domestic consumption, render it impossible for manufacturers there to compete with this country in mass production.

Neighbors Divide Beggar's Fortune

MEXICO CITY, May 28.—A fortune of several thousand pesos was left by a blind beggar woman, Loreto Rodriguez, on her death here. Learning of her death, neighbors gathered and divided the money without recourse to legal tribunals. Several jars filled with gold coins were carried away.

RAIL OFFICE TO MOVE.
SEATTLE, May 28.—Divisional offices of the Great Northern railway will be moved from Everett to Seattle on September 1.

Postmasters of County Gather At Costa Mesa

COSTA MESA, May 28.—Twenty-six Orange county postmasters and their wives gathered in the Costa Mesa clubhouse last evening for their regular monthly meeting. Following dinner, a talk was given by Superintendent Harvey, of the Santa Ana office, on the air mail.

W. W. Middleton, postmaster at Costa Mesa, was chairman of the committee in charge of the meeting.

MOTOR OFFICER JAILS PRETTY GIRL SPEEDER

After she is alleged to have given the arresting officer several different addresses and failed to produce an operator's license, when she was stopped on North Main street, early today, Lorraine Brown, pretty 26-year-old girl, of Los Angeles, was lodged in the county jail on a charge of violation of the California motor vehicle act.

The girl was arrested by State officer F. G. Yoder, when she is alleged to have been traveling 45 miles an hour inside the city limits.

Yoder declared that he probably would add a reckless driving charge. Under orders from Capt. Henry C. Mehan that all motorists be brought to jail when they are unable to satisfy the arresting officer as to their correct residential address, Yoder brought the girl into jail when she presented him with several addresses, he said.

Another girl, in the machine with Miss Brown, was not held.

Miss Brown said she was on her way to San Diego at the time of her arrest.

Mother Goose Is Claimed to Have Lived In Boston

BOSTON, May 28.—Mother Goose of fable fame has been positively identified as a former Boston woman, according to James O. Fagan, historian and director of the Old South Meeting house.

Elizabeth Foster, born in the Charlestown section of this city in 1665, was the original Mother Goose, Fagan claims. She married Isaac Goose in 1693. Her eldest daughter married Thomas Fleet, who conducted a printing business in Pudding Lane (now Devonshire street).

Following her husband's death, Mrs. Goose went to live with her daughter. When her daughter's first child was born, Grandmother Goose was much delighted, and spent considerable time singing songs and ditties of her own composition for baby's benefit.

Fleet, a lover of ballet, scolded and coaxed, but in vain. Grandmother Goose continued her songs. Unable to silence the old lady, Fleet decided to capitalize the old rhymes and jingles. He collected the ditties and published them under the title, "Songs for the Nursery, or Mother Goose's Melodies for the Children."

Indian's Fortune And White Wife In Legal Tangle

LOS ANGELES, May 28.—The fortune and the wife of Jackson Barnett, ased Creek Indian, said to be the wealthiest redskin in America by virtue of enormous oil royalties, were involved here today in legal action.

Suit seeking to have the Indian's marriage to his white wife annulled and that she give an accounting of his funds, was filed in federal court here by Elmer S. Bailey, Barnett's legal guardian.

It is charged in the complaint that the wife, Anna Laura Love Barnett, literally kidnapped the Indian and plotted their marriage to gain control of his fortune, said to total more than a million dollars.

The asserted abduction took place in Henryetta, Okla., in 1920, eight years after Oklahoma courts declared the Indian incompetent. She was unable to secure a marriage license in Oklahoma. It was charged, and, with the aid of friends, took him to Coffeyville, Kas., where she married him.

He virtually has been a prisoner of his wife since the marriage, the complaint said.

In 1922, when Albert B. Fall was secretary of the interior, she went to Washington and had \$550,000 of Barnett's money transferred to her, the complaint continues. The remaining \$550,000, the suit charges, was donated to the Baptist Home Missionary society, to give the transaction the color of charity.

The suit demands that she be enjoined from spending any of the funds of the estate and that the marriage be annulled on grounds that the Indian was legally "incompetent."

Would Use Planes To Kill Mosquito

WASHINGTON, May 28.—Airplanes soon may be used to distribute poison dust over treeless and wooded swampy areas for control of malaria mosquitoes.

Experiments conducted by the agriculture department to exterminate by airplane mosquitoes from the air has been very successful, according to Secretary of Agriculture Jardine. More than 99 per cent of the larvae in areas treated were destroyed by one application of poison.

Paris green, mixed with inert dust, was used as the larvicide.

25 STUDENTS OF COLLEGE TO GET DIPLOMAS

Twenty-eight students will receive their diplomas of graduation when the commencement exercises of the Santa Ana Junior college are held Thursday night, June 17, in the Santa Ana high school auditorium. Walter Dexter, president of Whittier college, and Frederick Woellner, of the University of California, Southern Branch, have been suggested by the class to Principal D. K. Hammond as commencement speakers.

This year's class is third from the largest that has graduated in the 11 years that the college has been an institution here.

Baccalaureate services are to be held in the First Congregational church on Sunday morning, June 13. The Rev. Perry Schrock will deliver the sermon.

Members of the class are: Marjorie Blauer, George Broomall, Wilma Brundlen, Russell Byler, Margaret Cotant, Dorothy Cartwright, Walter Dole, Marion Durbin, Alice Olive Hovey, Eleanor Sayer, Frances Hallman, Ruth Hilliard, Lillian Kirkwood, Frances Knudson, Louane Leach, Dorothy Leonard, Dorcas Leonard, Geneva Moore, Dora McWaters, Eldon McNeil, Robert O'Brien, Edward Padgugham, Henry Powell, Stewart Rittner, Ruth Stephenson, Blanche Thompson, Catherine Wood.

STATE P.-T. A. OFFICE WON BY MRS. E. MORRIS

Mrs. Earl Morris, 812 East First street, well known Santa Ana P.-T. A. worker and past president of the Orange county district organization yesterday was elected fifth vice president of the California Congress of Parents and Teachers at the annual state convention, being held in San Bernardino.

Mrs. Morris is national chairman of the program service bureau and, until the present convention, served as chairman of the department of education of the California state organization. In accordance with certain changes in the constitution and by-laws, substituting vice presidents for chairmen in charge of department activities, Mrs. Morris will continue to supervise the department of education of the state body.

L. A. Woman Elected

Mrs. F. O. McCulloch, president of the Los Angeles district organization, was chosen president of the California Congress of Parents and Teachers, to succeed Mrs. Hugh Bradford, of Sacramento. Other officers elected were as follows:

First vice president, Mrs. G. A. Reilly, Berkeley; second vice president, Mrs. J. W. Voorhies, Bakersfield; third vice president, Mrs. R. L. Cardiff, Santa Cruz; fourth vice president, Mrs. George Freeman, Long Beach; sixth vice president, Mrs. J. Stuart Moore, Lathrop; seventh vice president, Mrs. J. L. Cross, Petaluma.

Mrs. P. L. Barnes, past president of the Long Beach City federation, and well known throughout P.-T. A. circles here, was elected financial secretary.

The office of treasurer went to Mrs. W. A. Price, San Diego, while that of auditor was given to Mrs. H. C. Baker, Colusa.

The Santa Ana high school P.-T. A. was awarded the first prize for the best poster depicting the work of the organization. The poster was drawn by Miss Thelma O'Hair, high school student. Credit for the result obtained by the Santa Ana association is due, in a large measure, to Miss Abby W. Chapman, instructor in the art department of the high school, under whose supervision the poster was drawn.

Pass 6 Resolutions

Six resolutions, relating to child welfare, which were passed, were, in brief, as follows:

"Regarding the introduction and passage of bill at the next session of legislature, safeguarding welfare of children, preventing loitering around school premises, or location of places of business adjacent to school property."

"Sponsoring uniform traffic laws at school crossings to reduce traffic hazard."

"Supporting legislation and other activities designed to aid children having defective hearing."

"Supporting legislation and other activities designed to aid children having defective eyesight."

"Supporting legislation and other activities designed to aid crippled children and provide adequate educational facilities for same."

"Confirming stand of the P.-T. A. in keeping American ideals before the schools to offset destructive propaganda fostered by certain individuals and organizations."

BLOSSOM QUEEN

Miss Gladys Dempsey, a Buchanan, Mich., high school girl, was chosen Queen of Blossoms at the annual Western Michigan Blossom week celebration at Benton Harbor, Mich., held the week of May 16. She was selected from a group of 17 girls.

DEDICATION OF MEMORIAL PARK WILL BE HELD

Civil war veterans of Orange county and Long Beach will join in dedicatory and memorial exercises in Central Memorial park, on the Bolsa-Huntington Beach highway, at 2:30 p. m., Sunday, it was announced here today.

Dedication of Memorial park and of the G. A. R. plot in the cemetery will occur at the same time. The plot of the G. A. R. is in the northeast section of the burial grounds and is said to be the only plot in a Southern California cemetery set aside exclusively for veterans.

The memorial address and dedication will be by the Rev. Frank W. Bell, president of the Long Beach Ministerial association. H. E. Smith, chaplain of the Santa Ana post, the local drum corps and others of Orange county will participate in the exercises in dedication of the plot, according to the program arranged for the occasion. Short talks will be made by commanders of various posts in the county.

SHORT MEASURE GAS DEALERS TAKE BIG SUM

WASHINGTON, May 28.—Motorists of the country contribute at least \$25,000 a day to the "short measure" robbers at gasoline filling stations. It was stated before the 19th national conference on weights and measures, in session at the bureau of standards.

At least 50 large cities of the United States are known to be without protection from "careless" dealers who average approximately 2 per cent shortage on their customers.

In Columbus, O., a day's inspection by M. A. Bridge, sealer of weights in that city, showed \$550 was taken from the motorists' pockets by short measure, he told the convention.

The maximum shortage found by Bridge was one and two-thirds quarts in a gallon at a single station. Nine prosecutions were brought as a result of this day's work by one inspector. He figured 200,000 gallons of gasoline a year were thus being diverted from consumers.

The conference turned attention to various practices affecting the motorists. In some cases the dealers cheat themselves by their faulty equipment, but in far too many cases, it is found, the automobile driver is the victim of these "accidents."

State and local legislation designed to curb the most widespread of these practices of deception which rob the public of millions of dollars annually is being considered based upon the best experience of states most benefited by adequate supervision. The south and the southwest have suffered the most from the traffic, the east, the mid-west and Pacific coast regions having cleared up many of the old forms of short measure mulcting.

Accidental Death Verdict of Jury

Homer R. Tate, Harkelroad rancher, died accidentally, from a fractured skull, received in an automobile accident.

Such was the verdict returned at an inquest, late yesterday, in the Smith and Tutill chapel, Santa Ana. Deputy Coroner A. E. Koepf presided.

Tate, the evidence disclosed, was picked up by a passing motorist, who came upon his overturned car on Lane road, near the Harkelroad ranch. The manner of the accident or what caused it remains a mystery.

Regulate Diet of Child, Is Advice

WASHINGTON, May 28.—Children should be made to eat what is placed before them at the dining table and not allowed to choose their own diet, is the advice of the home economics bureau of the agriculture department to mothers and fathers of the country.

"Eat it or leave it as you wish, there will be nothing else until tomorrow morning," the mother should strictly rule.

The child who is allowed to leave his food on his plate a few times soon knows he has the upper hand, the department said.

COLLEGE MUSIC STUDENTS WILL GIVE CANTATA

As the climax of the year's work, the music students of the Santa Ana Junior college are to present a cantata, entitled, "A Tale of Old Japan," next Friday night in the Ebell clubhouse.

Fifty students of the college choruses will take parts, according to Miss Louise Mansfield, head of the music department. The solo parts in the cast will be taken by Miss Helen Joy Smith, soprano; Miss Kate Benton, contralto; Charles Haas, tenor, and J. Leslie Stephenson, baritone. High school music students will sing in the choruses.

The poem of the story, possessing the charm of the Japanese language, is to be read by T. H. Glenn, English teacher in the high school and junior college.

Musical accompaniment will be played by Miss Ruth Armstrong, talented Santa Ana musician.

In charge of the Women's organization of the Junior college, an informal reception for parents and townspeople will be held in the Ebell Peacock room after the cantata, according to arrangements.

ALLEGED RUM BOAT AND CARGO SEIZED

After a thrilling chase of about two miles, the alleged rum runner 259A, said to have been laden with 150 cases of whiskey and one barrel of alcohol, was captured about 5:30 this morning on the coast about two miles east of Seal Beach by the coast guard cutter 260, under command of Boatswain Walter Wilson.

The two men in the boat beached their craft when the coast guard cutter was near and escaped by wading through the surf and reaching the coast boulevard.

The rum ship first was sighted off Alamitos Bay, but the member of the government cutter did not suspect it of being a liquor carrier, it was said. However, when what had appeared to be a lazy fishing craft suddenly showed a great burst of speed, the 259A gave chase.

The boat and its wet cargo were taken to prohibition headquarters in Los Angeles.

5 NEW OIL WELLS STARTED IN COUNTY

Five new oil wells were started in Orange county during the week ending May 22, according to the weekly bulletin of the state oil and gas supervisor. Three were started in Huntington Beach, one in Richfield and one in the Brea-Olinda field.

The Huntington Beach operations were Julian Petroleum corporation, Lambert 1, and by the Standard Oil company, Huntington B-47 and No. 25. The Union Oil company spudded in on Chapman 25, Richfield, and the General Petroleum corporation started Tonner 2-A, Brea-Olinda.

Deepening or re-drilling operations were started by Standard Oil on Kraemer 2, Richfield, and by Pan-American Petroleum company, 5, Huntington Beach.

Abandonment notices were filed by Standard on Huntington 12-5, and by the Holly Oil company, Conrad 1, both in the Huntington Beach field.

RETIRED U. S. ARMY OFFICER IS VISITOR

Prominent among guests at St. Ann's Inn is Gen. John McClellan, a retired army officer, who, since leaving active service, has made his home in San Diego. He is accompanied by Mrs. McClellan.

Following his graduation from West Point, General McClellan was assigned to the coast artillery, in which branch of the service he remained until his retirement. During the Spanish-American war he served on the staff of Gen. Fitzhugh Lee in Cuba. In the course of his service, he specialized on ordnance equipment, later serving as chief ordnance officer at various department headquarters.

General and Mrs. McClellan are enthusiastic about Santa Ana, which, they declared, offers all the advantages of the ideal home city.

At the next meeting of the Amateur Athletic union a proposal will be submitted that the Boston A. A. marathon be accepted as the national championship for that event.

All members of the Masonic fraternity are extended an invitation to be present.

ALL-STARS WIN FROM WILLARD COMBINE TEAM

By FLETCHER BUXTON

The most tightly contested indoor match of the season was fought out yesterday afternoon on the Frances E. Willard junior high school diamond when the Willard-All Stars won a narrow decision over the combined forces of the 6C and 4C classes. The final score was 14 to 12.

At the close of the ninth frame the score was 10 to 10 and it took the All-Stars an extra two innings to win out.

"Red" Sullivan, the sorrel-topped star from the 6A class, won the full number of rounds for the All-Stars and showed a very marked improvement over his former performance against the 6C's in which he suffered defeat.

Both teams scored a pair of runs in the tenth, but the last inning resulted in the All-Stars bringing in another two tallies while the 6C-4C bunch went scoreless.

The lineup:

All-Stars	6C-4C Classes
Yonel..... C	Johnston..... Webber
Sullivan..... P	Cooke, Johnston
Burton..... 1B	Edwards..... Eddy
..... R. SS	Cummings
Workman..... 2B	Smith

8 MOTORISTS FINED IN SPEEDERS' COURT

Eight motorists were fined and 25 arrested during the last week, failed to appear when Justice Kenneth Morrison called "speeders' court" today. No jail sentences were meted out.

Those receiving fines were: Tony Acosta, Anaheim, cutting in, \$30; Frank Evans, Anaheim, speeding, \$15; Clifford Kelley, Artesia, speeding, suspended sentence; W. H. Putman, San Diego naval officer, cutting in, \$10; Clark P. Wood, Pomona, speeding, \$25; E. F. Ahlen, Wilmington, cutting in, \$10; Tom B. Johnson, Los Angeles, speeding, \$25; Steve Katanian, Los Angeles, speeding, \$25.

Justice Morrison said that warrants would be issued Monday for those who failed to appear today.

Court Notes

Cruelty Is Charged

A suit for divorce, based upon grounds of alleged cruelty, has been instituted in superior court by George W. Sanborn against Georgeah I. Sanborn. The couple separated in Costa Mesa April 29. They were married in 1896, in Manchester, Mich. Attorneys Harvey and Harvey represent the plaintiff.

Found Guilty

Anthony Justen was convicted late yesterday, in Superior Judge E. J. Marks' court, of a statutory offense, involving a 9-year-old La Habra boy. Justen applied for probation through his attorney, O. A. Jacobs, and hearing was set for next Friday. Chief Deputy District Attorney C. N. Mozley conducted the prosecution at the trial yesterday.

To Probate Will

The Security Trust and Savings bank, of Los Angeles, has filed a petition in superior court to probate the will of the late Henrietta Koehler, who left a \$2300 estate. The heirs include her daughter, Stella Sutton, 1129 West Broadway, Anaheim, who gets a third of the estate. Three other heirs reside in Los Angeles and Walnut Park.

\$1000 Judgment Asked

Judgment for \$1000 on a note, together with \$250 attorney fees, is asked today in a superior court action filed by the Anaheim National bank against the Sweetser and Baldwin Safe company. Attorneys T. L. McFadden and George Holden represent the bank.

To Quiet Title

Claude T. Williams has filed suit in superior court against James McCordick to quiet title to two lots in Brea. Attorneys A. P. Nelson and Kenneth H. Burns are counsel for the plaintiff.

The famous Epsom race course where the great English derby is run is to be equipped with two new grandstands, one seating 8000 and the other 12,000 spectators.

Sale price \$2.39

COOLIDGE DRY ORDER LIKELY TO BE UPHOLD

(By United Press)

WASHINGTON, May 28.—A speedy report that President Coolidge's executive prohibition order is of "harmless" legal import, is expected from the special committee of senate jurists, which will meet next Tuesday.

Chairman Cummins, of the committee, announced the date of the meeting today.

A poll of individual sentiment of the five members of the committee, made by the United Press, indicated that at least three of the five believe congress should undertake no action in reference to the order.

The three are Chairman Cummins, Republican, Iowa; Borah, Republican, Idaho, and Walsh, Democrat, Montana.

Each has studied the law on the case and apparently is convinced that, outside of the question of policy of making state, county and municipal officials federal prohibition officers, there is no legal precedent involved which would be disastrous to the future.

If Babe Ruth continues to "carry on" at his present pace his record of 59 home runs, made in 1921, is certain to go by the board this year.

CALM PREVAILS AT HIGH SCHOOL

(Continued from Page 1)

the self-government committee have delved into the disorders and have themselves recommended penalties to be meted out to the insurgents.

Hammond said that the names of the offenders would not be disclosed. He believes this course best as it will insure the offenders every advantage in mending their ways.

So far as the report of student government "walking out" is concerned, Hammond asserted that the few agitators had been unable to sway the calmer thinking majority. The self-government committee is planning a trip to observe the functioning of self-government in Pasadena and Glendale, Friday of next week, Hammond said, and affairs, following this flurry, will quickly go on as usual at the high school.

CORONA DEL MAR

CORONA DEL MAR, May 28.—T. H. Gurney is building an addition to his house.

Mr. and Mrs. William Fry and family, who spent the week-end in their cottage here, had as their guests, Mr. and Mrs. D. Kretz, of Hollywood; T. W. Kretz, of Seattle, and Mr. and Mrs. E. Osborne and son, Jim, of Los Angeles.

Mr. and Mrs. James MacGillivray and children and a party of friends from Los Angeles made a brief visit to this locality on Sunday.

Mr. and Mrs. John Owen, of Los Angeles, spent the week-end with their nephew, J. J. Mustard, and niece Mrs. W. H. Kendall. Mr. and Mrs. Owen and Mr. and Mrs. Mustard were dinner guests of the Kendalls on Sunday.

The city had the use of the county grader for three days this week for the widening of Pacific drive, the thoroughfare that is most in use that the highway is closed at several points.

Leroy Bishop, of Puente, is having built a large frame dwelling on Ocean boulevard for a summer home.

J. P. Rawlings, son of O. A. Rawlings, arrived from the east last week to join his wife here, who preceded him a few weeks. Mr. and Mrs. Rawlings will occupy the Hooker cottage and expect to remain here for the summer. The Trammont family, who have occupied it for several seasons, will not come to California this year, as they are now in Switzerland.

PROGRAM FOR OBSERVANCE OF MEMORIAL DAY IS ANNOUNCED

Parade and First Baptist Church Service Will Be Held on Sunday Morning

WILL DECORATE GRAVES MONDAY

Gordon Granger Post Will Conduct Rites at Monument to Unknown Dead

Details had been completed today by Sedgwick post No. 17, G. A. R., Santa Ana, and Gordon Granger post, Orange, for memorial services on Sunday and Monday, in commemoration of the Civil war veterans who have answered "taps." It was announced today by F. M. Grigsby, patriotic instructor of Sedgwick post.

Santa Ana veterans will meet in G. A. R. hall, Sunday, at 10:30 a. m. and will march to the First Baptist church, where the Rev. Otto S. Russell, pastor, will deliver the memorial sermon.

Sons of Veterans will act as escorts to the veterans and will lead the procession. The sons will form on the sidewalk, in two ranks, with the right resting on Spurgeon.

Followed By Auxiliaries

W. R. C. and Shiloh circle members will follow the G. A. R. men in the parade formation.

Daughters of Veterans will form in open ranks at the main entrance to the Baptist church.

Monday, at 9 a. m., a committee of Sons of Veterans, under direction of G. J. Mosbaugh, will decorate the graves of soldiers in the Fairhaven and Santa Ana cemeteries. Grigsby today stressed the importance of those intending to contribute flowers for the grave decorations having the flowers at G. A. R. hall by 8 a. m. He pointed out that it would be impossible at that late hour to make the flowers into bouquets and requested that donors arrange their contributions in bouquets.

Approximately 465 old soldiers are buried in the two plots.

Services for Unknown Dead

Services at the monument to unknown dead will be conducted at 10 a. m., by Gordon Granger post. The memorial address at the services at Birch park, Monday, at 1:30 p. m., will be delivered by the Rev. W. E. Roberts, pastor of the First Presbyterian church. Other features of the program will be as follows:

Invocation, Chaplain H. E. Smith, singing, by Y. M. C. A. Men's chorus; reading of Gen. Logan's order;

(Continued on Page 11)

CHARGES BROUGHT AGAINST PEACE MOVEMENT REFUTED BY MINISTERIAL COMMITTEE

Charges made some time ago at a P. T. A. district meeting, in Garden Grove, and subsequently reiterated by Baroness Otilly de Ropp, speaker brought here by the American Legion, that the "Fellowship of Youth for Peace" movement is but a phase of Bolshevistic propaganda engineered and supervised by the Russian Soviet government, are refuted in a report submitted by a special committee of the Santa Ana Ministerial association.

The report is signed by the Rev. Will A. Betts, pastor of the First M. E. church; the Rev. William Everett Roberts, pastor of the First Presbyterian church; the Rev. Perry F. Schrock, pastor of the Congregational church; the Rev. Henry G. Burgess, pastor of the Richmond Avenue Community church, and Ralph C. Smedley, general secretary of the Santa Ana Y. M. C. A. Was Purely Local.

The report, as adopted yesterday, at a regular meeting of the association, follows:

"We find that the Fellowship of Youth for Peace in the Santa Ana junior college was purely local. It was organized by our own students and had absolutely no connection with the national organization known as the Fellowship of Youth for Peace. We believe that its object was none other than that expressed in its own statement of purpose, viz., 'We are associated as a patriotic organization to work for the interests of peace in the time of peace.'"

"We believe that the purposes of these local young people were thoroughly Christian and of unquestioned patriotism. They demonstrated their loyalty and fine spirit in their prompt and orderly obedience to the order of the board of education to disband."

National Organization.

"We find no evidence to prove that the National Fellowship of Youth for Peace is anything other than that which it claims to be—an organization of youth, mainly students, 'to strive for the removal of the causes of war.' We believe these young people to be sincere when they say, with fine optimism, in their statement of purpose: 'Standing together, the rising generation can build a new world by which suspicion, hatred and war will be replaced by mutual trust, goodwill and fellowship.'"

"We find no evidence to substantiate the charge of disloyalty or unpatriotism. The field representative of the fellowship is a veteran of the World war, a volunteer. His ancestors fought in the American Revolution."

"We find no evidence to prove the connection of the fellowship with Russian Communism, Soviet Russia or its agents. We have the signed statements of the past general secretary, S. A. Stowater; the present general secretary, Beatrice I. Price; William W. Biddle, of the central committee, and the affidavit of the treasurer, William C. Eddle, that there is no such connection and that all of the financial contributions come from its own members and other friends of peace here in America."

"We commend the loyalty, patriotism and fine Christian spirit of our youth as expressed in this movement."

Harbor History Told In Free Booklet

The early history of Orange county harbor has been published for general distribution. Copies of this interesting and instructive article will be mailed free, upon application to the Orange County Harbor Chamber of Commerce, Box 246, Newport Beach.

96 STUDENTS WILL GRADUATE FROM WILLARD

Ninety-six students will be promoted from the ninth grade of the Frances E. Willard junior high school to the junior grade of the polytechnic high school at the end of the present semester, it was announced today by Will S. Kellogg, principal of the school.

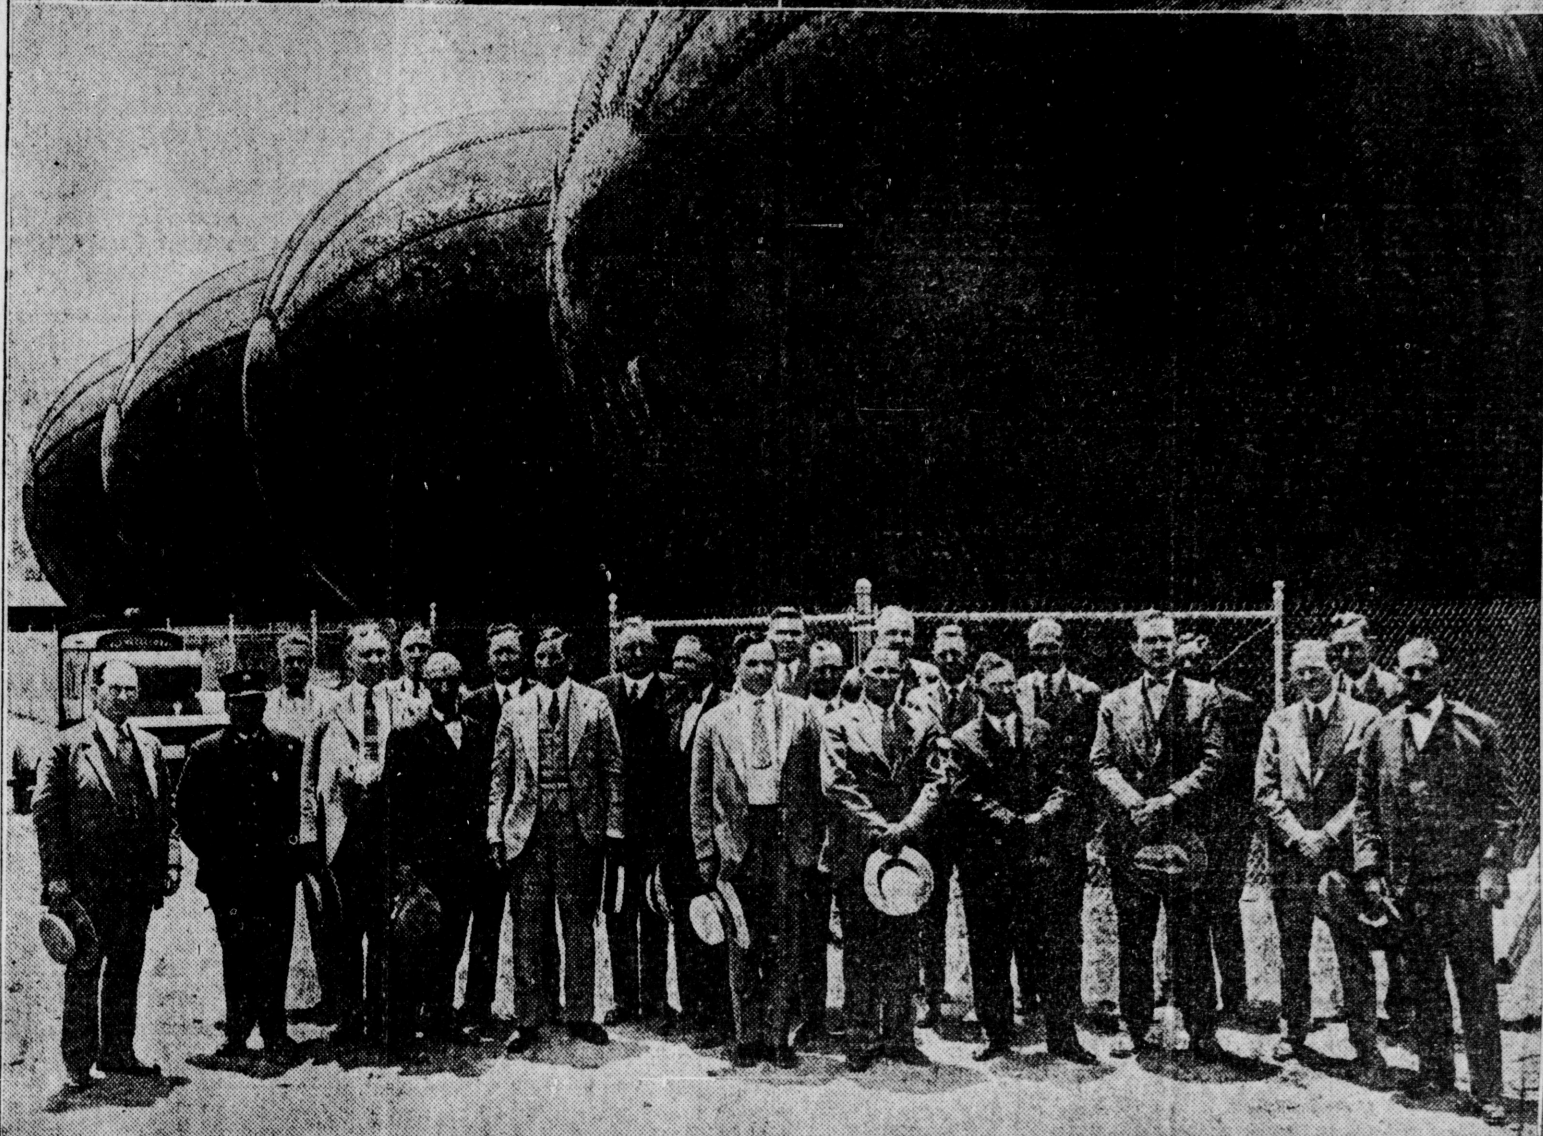

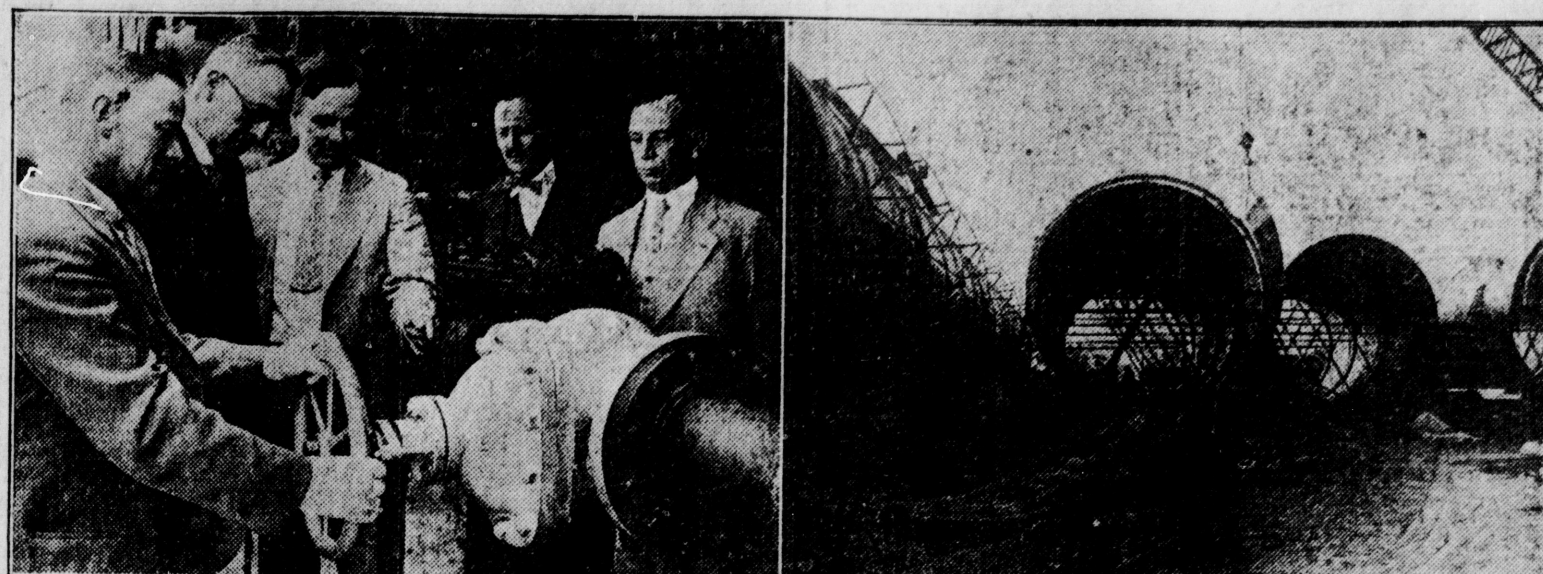

Joint commencement exercises for the graduating classes of the two junior high schools, Frances E. Willard and Julia C. Lathrop, will be held Friday night, July 11, in the high school auditorium.

Following are the names of those in the Frances E. Willard graduating class:

Harvey Anderson, Frances Alsop, Roy Arms, Kathrine Barr, Harriett Brackett, Enid Bowles, Fletcher Buxton, Thomas Clark, Elva Cook, Irving Davis, Adaruth Ellis, Lucile Erskine, Melvin Goodchild, Johnston Haddon, Vivian Herr, Earl Hoffman, Marguerite Lentz, Carl Lykke, Halstead McCormack, Lee McMillen, Albert Mudden, Frank Mansur, Dorothy Maroon, Reta Martin, Grace Middlebrook, Lillian Neumann, Andrew Regla, Billy Reinhardt, Carlton Smith, Clarence Speer, Helen Stein, Russell Sullivan, Camille Swain, Emma Tannenbaum, Jerry Tannenbaum, Margaret Waggoner, Ruthford Williams, Donald Young, Richard Alexander, Maybelle Ball, Floyd Barker, Ethlyn Berkland, Raymond

IMPRESSIVE CEREMONIES MARK TURNING VALVE ALLOWING FIRST GAS TO FLOW FROM NEW TANKS INTO CITY SYSTEM

Upper left—Mayor Purinton turning valve which permitted first gas to flow from new high-pressure tanks into distributing system. Mayor Purinton, newly appointed District Manager C. E. Rutledge, A. F. Bridge, executive engineer. Upper right—Four high-pressure holders under construction. Lower—View of group of prominent city and county officials at the holder ceremonies, showing four high-pressure tanks behind fence.

GAS COMPANY EXPANSION IS MARK OF CITY, COUNTY GROWTH

Mayor Turns Valve Allowing First Fuel to System from New Holders

CEREMONIES HELD IN LOCAL PLANT

Large Reserve Supply Is Made Available Through Operation of Reservoirs

Marking another forward step in the progress of Santa Ana and as an evidence of faith in the future growth of the community on the part of the Southern Counties Gas company, an impressive ceremony was held yesterday noon at the company's plant at the corner of East Walnut and Minnie streets.

Before a large gathering of city and county engineers and officials, together with officers and executives of the Southern Counties Gas company, Mayor Frank L. Purinton, on behalf of the city government, turned the valve which permitted the first natural gas to flow from the newly erected high pressure holders into the city distribution system.

This act, on the part of Mayor Purinton, makes available to the consuming public of Santa Ana a reserve gas supply of 1,000,000 cubic feet, which, according to M. R. Thompson, chief engineer, and A. F. Bridge, executive engineer, who were present, is more than sufficient to take care of peak requirements of the city.

The ceremony opened a few minutes before noon, when J. C. Hayden, retiring district manager of the Santa Ana division of the Southern Counties Gas company, officially welcomed the mayor and visitors. Hayden thanked the men present for the hearty co-operation extended to him during the years of his work here and throughout the county.

New Manager Introduced

Hayden introduced the incoming district manager, C. E. Rutledge, who is taking over the work as executive for the corporation. A. F. Bridge, executive engineer for the company, one of the designers of new type of high pressure gas holders, explained at length the operation of the newly installed equipment. He said that the Santa Ana holders of this type in the country and that the gas company had pioneered in design and use the high pressure storage holder. He said that the company, in 1921, had built its first unit of this type in Azusa. The installation of that unit became widely known and created a great deal of interest among engineers of the gas fraternity. Since that time holders of the same design have been installed in Phoenix, Ariz., Tacoma, Salt Lake City and Sacramento.

He explained that in 1925 the company made a thorough study of storage needs throughout its territory and that between now and 1930 the company will install holders with several million cubic feet capacity at various load centers. During the last several months the company has erected high pressure storage holders in Newport Beach, Orange, Sierra Madre, Ontario and Santa Ana, with a total capacity of 2,100,000 cubic feet.

The holders here, which are in four units, with a combined storage capacity of 1,000,000 cubic feet, were erected at a cost of \$105,000. The total cost of the holders and the filling and discharging lines of

TROPHY CUP TO BE PRESENTED BEST SPEAKER

The three-minute speaking contest to be held Monday night, at the special meeting of the junior division of the Santa Ana Chamber of Commerce, is expected to attract a large attendance, according to Stanley Clem, chairman of the evening.

The meeting is to begin at 6:30 p. m., with luncheon served in the gold room of Ketter's cafe. The entertainment is to be provided by I. M. Fox, of the Horton Furniture company, who has promised talent in keeping with

the importance of the gathering.

A cup is offered by Lew Wallace to the winner of the speaking contest on the subject "How Development of Newport Harbor Will Benefit Orange County." Wallace, George Peabody and Harry Welch, secretary of the Orange County Harbor Chamber of Commerce, will act as judges of calling on a fourth judge if they find it necessary.

In "The Boomer," a special edition of which appeared today, the editor of the junior division newspaper extended a warm welcome to new members and requested that they notify the secretary, Ridley Smith, what particular phases of city development holds their interest so that they may be assigned membership on that committee. Smith reported that new members continually were being enrolled in the young men's division of the commercial club.

6 PLAYGROUNDS WILL BE OPEN THIS SUMMER

Plans for supervised playground activities in the city during the coming summer months were announced today by L. W. Archer, director of physical education in Frances E. Willard junior high school, who will have charge of the playground work.

Funds to finance the project, including payment of salaries to supervisors and instructors, have been provided by the city council and the board of education, each body contributing \$775 each, making a total of \$1550. Added to this amount is \$250, contributed by the Santa Ana City Federation of the California Congress of Parents and Teachers.

6 Playgrounds Planned
Six playgrounds, located in various parts of the city, will be operated from June 28 to August 28 during the hours of 1 p. m. to 6 p. m.

The playgrounds will be located as follows:
Frances E. Willard junior high school, North Main street, William M. Bracewell, in charge; for all school children who have been attending that school and any others who wish to attend by special arrangement.

Julia C. Lathrop junior high school, South Main street, for all children attending that school and for others by special arrangement.

Roosevelt school, East First street, Miss Isabelle Lindsey, in charge, for all pupils who attend John Muir, Grand Avenue and Roosevelt schools.

Lincoln school, North French street, for all pupils living north of Fourth street and west of Ross street. Miss Della Franzen will have charge of this playground.

Lowell school, South Flower street, for all pupils of the Spur-

VETERAN WILL GIVE MEMORIAL ADDRESS

Leroy Dawson, World war veteran, will deliver the Memorial address in the West Coast-Walker theater on Sunday, May 30, at 9:30 a. m., at the regular Men's Community Bible class service.

Dawson served almost a year with the Rainbow division of Los Angeles engineers, being a volunteer in the service.

When the boys went over the top in the St. Mehel engagement, Dawson went out as escort with the corporal's guard with one of the tanks, which preceded the attack. He was struck by flying shrapnel and so badly mutilated that he was left for dead on the field. Later, however, the stretcher bearers of the hospital corps picked him up and he was taken to the emergency hospital and given treatment. His wounds were so serious that surgeons despaired of saving his life. However, he was given first aid treatment and later sent to Walter Reed hospital, Washington, D. C., where he was rebuilt physically.

In addition to Dawson's talk, Miss O. Blair, of Tustin, will sing, "In Flanders Field." The Rev. Frank Porter will present the day's lesson and community singing will be led by Herschel Clayton. R. S. Briggs will play a flute solo, accompanied by his wife.

'Bunny' Ryan Wins From French Girl

RACIN CLUB, BOIS DE BOU-LOGNE, France, May 28.—The American tennis players entered in the French-American tournament here started the play with a victory today when Miss Elizabeth Ryan of California defeated Miss. Deve of France, 6-1, 7-5.

geon, McKinley and Lowell schools. Miss Edith C. Plavan in charge.

Programs Mapped Out
The programs on the various grounds, Archer declared, will include handwork, music and dramatization work, besides regular outdoor organized plays and games.

The junior high school grounds of Frances E. Willard and the Julia C. Lathrop schools will feature indoor tennis, horse shoe and volley ball tournaments. Inter-grounds schedules will be worked out, it was added.

The elementary playgrounds will include inside playgrounds, where suitable activities will be provided for the smaller children, according to age and grade. A large pageant is among some of the features planned for the summer, Archer declared.

TONIGHT and SATURDAY

The Idol of Young America
in His Greatest Picture
Roaring Laughter! Thunder-
ing Thrills!

FINE, CLEAN, JOYOUS FUN

Stage and Screen

A scene from the picture now showing at the West Coast-Walker theater.

Douglas MacLean and Margaret Morris in a scene from "That's My Baby," picture now showing at the Yost theater.

YOST THEATER

Emil Knoff and brother, "Aces of Versatility," are truly versatile. Emil opens his act at the Yost theater playing a selection on the piano, and is interrupted by his brother doing a series of tumbling stunts across the stage. Naturally, one or the other has to be eliminated, and it is decided in favor of acrobatics. They do a hand-to-hand and juggling routine that is exceptional.

A very unique setting is employed by Byton and Noblet in their act "An Every Day Occurrence." They depict a laughable situation in a hotel hallway. Special songs, exclusive to this act are delivered in excellent style.

When Fred Lewis and his 250 pounds comes galloping out, as playful as a kitten, the audience and he are friends from the start. When he smiles, you smile; when he laughs, you laugh, you can't help it. Fred Lewis (himself) says it's a gift. He is a big smiling, overgrown boy, beaming with personality, a comedian of ability, recruited from musical comedy.

Grace Josephine, whose vocal acrobatics represent the tonal qualities of a jazz cornet is exceptionally good. Her partner is Jimmy O'Brien and the act is entitled "The Song Salesman." They present a routine of songs, chatter and music.

Kincaid's Radioettes is a jazz band with a touch of originality that places the act in a class by itself. A loud speaker is placed on the stage, and the announcer tells the fans what the band will play.

The girl as the "mike" sings, and the horn amplifies her tone so that she can easily be heard over the five-piece band.

WEST COAST-WALKER

Never has the brain power of a horse been more definitely established than by Fred Thomson's famous white charger, Silver King. In the Western dramatic photoplay "Hands Across the Border," at the West Coast-Walker theater.

Silver King is known to the cinema world as "the horse with a human brain." There have been many doubtless as there always are in matters of claims made for actors on the stage or screen.

But in the stirring dramatic sequences of "Hands Across the Border," good old Silver King demonstrates conclusively that all claims made for his equine brain are not the least exaggerated.

In one scene alone he proves himself to be perhaps the brainiest horse that ever appeared on the screen. The scene in question is the one in which the blazing signal tree figures. As this bit of business is one of the outstanding incidents of the story it

is better seen than described. But after seeing it the beholder will never doubt that horses in general and Silver King in particular have brains.

"Hands Across the Border," brings Fred Thomson to us again in a swift-moving and vigorous tale of the far-flung west, with choice bits of comedy and sentiment and enough action to please even the most jaded theatergoer.

WEST END THEATER

At last here's the Western picture that is different. It comes under the title of "Under Western Skies," the production that is the current attraction at the West End theater. Universal has given it an all-star cast and it is rare that such a splendid list of players has been brought together for one picture.

"Under Western Skies" is a Western picture with a definite Eastern angle, for the plot is born of the efforts of a group of New York bankers to throttle the wheat ranchers of eastern Oregon. The great Pendleton Round-up of 1925 has been adroitly worked into the picture and provides a big thrill in a spectacular steeplechase. One of the most beautiful photographic shots the pictures have given us in a long time is presented in the scene showing the harvesting of the wheat.

Norman Kerry, as Robert Erskine, displays his versatility in most convincing manner as is shown by his smooth transformation from a languid, care-free, young New Yorker to a two-fisted, hard-working, fighting leader of the wheat ranchers. The transformation, however, leaves Kerry as handsome as ever. Anne Cornwall, as Ella Parkhurst, the real reason for Robert's transformation, is not only as dainty and sweet as ever, but again shows that she is an actress of real merit.

PRINCESS THEATER

"The Ridin' Streak," Bob Custer's smashing and amusing western picture which is now being shown at the Princess theater, proves one of the best productions in which this popular star has ever appeared. If the Pony Express race were the only feature worth mentioning—and it is far from being that—the picture would still be far above the average in entertainment values. William Oliver has woven together a strong, cohesive story which holds the interest from start to finish, and has injected enough laughs in it to entitle "The Ridin' Streak" to a place among the feature comedies. Del Andrews has caught the spirit of the characterizations splendidly.

F. O. B. Big Creek

THE cost of electric service is about one-fifth electricity and four-fifths service. To generate a kilowatt-hour at Big Creek or the big Long Beach steam plant is only a part of the cost.

It is the expense of delivery that must be reckoned with. Transforming, transmitting, distributing, patrolling, inspecting, meter reading, bookkeeping, collecting—a multitude of operations lie between the power-house and the push button.

\$250,000,000 has been invested by the Edison Partners to give you this constant, instant service. And yet the cost is lower than before the war.

Think of this the next time you see a meter reader.

Women Need a Mild Laxative —Not a "Physic"

DR. W. B. CALDWELL
AT THE AGE OF 83

Countless girls and women now know how foolish and needless it is to "purge" and "physic" themselves to avoid sick headache, dizziness, biliousness, sallow skin, colds, or sour, gassy stomach.

They have found that Dr. Caldwell's Syrup Pepsin helps to establish natural bowel "regularity" even for those heretofore chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it never gripes, sickens or upsets the most delicate girl or woman. Besides, it is absolutely

harmless and so pleasant that even a cross, feverish, bilious, sick child gladly takes it.

Buy a large 60-cent bottle at any store that sells medicine and just see for yourself.

SYRUP
PEPSIN**

EXPANSION OF GAS COMPANY SHOWS GROWTH

(Continued From Page 9)

eight-inch and 16-inch diameters, was \$160,000.

The cost of storage equipment in an old telescopic holder would have been \$145,000 with the present high pressure type of \$105,000, he explained. Due to the fact that the new holders are automatic and require no compressing machinery, the annual cost of operating them is but \$8500, compared with \$19,500 under the older type of gas holder.

This type of holder, according to the engineer, has several advantages over the telescopic holder, used generally in the industry. The new holders have no moving parts, are automatic in operation and increase the flexibility of storage operation generally. The units consist of four horizontal, cylindrical steel tanks, 23 feet in diameter and 145 feet in length. They are of riveted steel, designed with a safety factor of four when filled with gas at 50 pounds pressure. The thickness of the cylindrical portions is 21-32 of an inch and of the hemispherical ends, 13-32 of an inch.

The holders are filled directly from high pressure transmission lines and discharge into the local distribution system without any additional compression of gas. They are protected with pop valves, set to blow slightly above 15 pounds. There also is an eight-inch blow-off with a 30-foot stack, which can be used in the event of fire or an emergency. The content of the four units can be emptied in a few minutes, Bridge said.

The principle of the design was worked out by Engineers Thompson and Bridge in conjunction with engineers of the Western Pipe and Steel company, of Los Angeles. James Smith, chief engineer of this company, fabricator of the holders, was present.

Compliments Company Following the ceremony the officials adjourned to the St. Ann's Inn, where luncheon was served. Following the luncheon, District Manager Rutledge introduced Clyde Downing, president of the chamber of commerce, who complimented the company on its work in keeping abreast of the growth of the community.

Terry Stephenson, postmaster of Santa Ana, was introduced and stated that the service rendered by the Southern Counties Gas company was commendable. He mentioned on the service rendered by predecessor companies, which had been less dependable.

Stephenson was followed by Frank H. Bivens, general agent for the company, Los Angeles, who explained some of the history of the company's operations in Santa Ana 15 years ago. He told of installing the first plant here in 1911, of the difficulties which confronted President F. R. Bain, when he attempted to organize the company at that time, and of the support given by local men like W. B. Williams, of the First National bank, and A. S. Bradford, of Placentia, both directors of the corporation.

"Natural gas first was turned into Santa Ana in 1913," said Bivens. "The first gas came solely from the Olinda field whereas today the company draws its gas supply from all of the substantial gas producing fields of Southern California. Our lines and mains are closely interconnected so that we can transmit gas from any of our several sources directly to Santa Ana."

Bivens pointed out that in 1911 there were 1900 meters in this city and only 2100 in the entire county. Today there are 7622 meters in this city and 29,953 in the county, evidence of the way Orange county has grown in 15 years.

The capital investment of the company in Santa Ana today is more than \$1,100,000, compared with but \$240,000 in 1911. The capital invested in the county today is more than \$3,000,000 and in 1911 it was but \$446,000. He said that the annual gas company payroll for its 93 regular and its semi-monthly employees approximated \$200,000, all of which went into local channels of trade, banks, mercantile stores and into local taxes.

Expend Great Sums "Last year we expended \$400,000 to improve the service to our consumers on our system," Bivens said. "One expenditure alone required \$1,800,000, which went into our Ventura compressor station and into a 90-mile, 13-inch line, which is bringing millions of feet of natural gas from Ventura to this part of our system daily. Last year we added more than \$350,000 to our capitalization in this district, making our total capital investment in Orange county more than \$2,000,000."

In speaking of the work of the company here, Mayor Purinton said:

"It gives me a great deal of pleasure to compliment the company on its progressive and courteous policy. Their construction, 'A Sign of Progress,' and its slogan, 'Service with Courtesy,' are splendid examples of this public service organization's efforts to serve the people well."

The following county and city officials and company executives participated in the ceremony: Frank L. Purinton, mayor of Santa Ana; Charles H. Chapman, trustee, Santa Ana; Nat H. Neff, city engineer, Santa Ana; John Luxembourger, fire chief, Santa Ana; Claude Rogers, chief of police, Santa Ana; A. L. Tomblin, fire chief, Orange; J. L. McBride, county engineer, Orange county; C. L. Jenkins, engineering department, Orange county; C. C. Bonebrake, city engineer, Orange; John W. Price, city manager, Anaheim; E. P. Hagwood, city engineer, Anaheim; T. E. Stephenson, postmaster, Santa Ana; Clyde C. Downing, president Santa Ana Chamber of Commerce; George Raymer, secretary Santa Ana Chamber of Commerce; Vern Whitson, Whitson Lumber company; Frank H. Bivens, general agent, Los Angeles; M. R. Thompson, chief

J. W. McLennan, president of "Oskaloosa College" in Des Moines, Ia., was arrested on charges of running a diploma mill, selling degrees for \$5 each. Overwhelmed by disgrace, he and his entire family have committed suicide.

WHO IS HE?

This man has returned to Port Huron, Mich., and is trying to convince authorities there that he is Abelard Lebert, who was reported dead four years ago and whose divorcee wife collected on his \$10,000 insurance policy. She has remarried and built an apartment house with the insurance money. Insurance officials are investigating his story.

PARENTS KEEP GIRL LOCKED IN BARN 8 YEARS

PARIS, May 28.—Constables noting about the Breton village of Saint Plour uncovered a brutish drama of sordid peasant life.

They found imprisoned in the loft of a barn a raving, unclothed half-paralyzed girl—Celine Letort—who unwisely loved a soldier, brought shame to the simple household and was lost under the burden of this shame.

She had been there eight years—living in a foul cubicle four feet square and four feet high, in total darkness, unable to stand erect and exposed to the wind's keen edge, and with only the boards thinly strewn with straw for a bed.

Aroused by the dark whisperings of the peasants concerning the barn of the Letorts, the constables knocked at the door of the one-room cottage in which lived the couple, bent and gnarled after 60 years of struggle with the ungenerous Breton soil.

"How many members are there in your family?" one constable asked.

"Three—my husband, my son and myself," answered the madame.

"That is a lie, there are four," the officer said.

"Then you know?" dully replied the old mother and led the officers to the barn which exposed the grisly secret eight years old.

"My daughter is feeble-minded and bad tempered as well, so we had to lock her up," the mother explained. "The asylum cost 1000 francs the first year and she was not treated right there."

The parents declared Celine never caught cold, though she was unclothed, and got plenty of exercise walking on her hands and knees, but not lately, since her legs have been paralyzed for the last 18 months.

The brother, who thought the parents a little too harsh, gave Celine fresh straw and pastry now and then when food was shoved in the hole of a door.

The girl was taken to a hospital.

PROGRAM FOR MEMORIAL DAY

(Continued from Page 9)
No. 10, E. T. Langley, singing, by quartet; reading names of comrades who have passed away since May 20, 1925, by W. J. Lieser; reading of Lincoln's Gettysburg address Mrs. E. A. Bell; reading, "Battle of Gettysburg," Harriet Morris; singing, by quartet; benediction.

Among the treasured mementoes preserved by Lloyd George is the fountain pen with which he signed the peace of Versailles and the Irish peace treaty.

CONSTIPATION DRAGS YOU DOWN

Don't let constipation drag you down and sap your health and vigor. Let Mr. Bove's experience point the way to sure relief.

"The writer was suffering from the worst kind of an attack of constipation, and was filling himself to the neck with all kinds of physic, which only gave me temporary relief and many times made me worse than before. Since eating Kellogg's ALL-BRAN for breakfast every day I have had no trouble whatever."

DAVID B. BOVE, Bolivar, N. Y.

Constipation paves the way to many harrowing diseases. Pimples, dizziness, headaches, sallow skin—are just a few telltale signs. Don't

let this insidious disease send its poisons into your body. Kellogg's ALL-BRAN will give permanent relief if eaten regularly or more frequently. For Kellogg's is ALL-BRAN—a 100% bran product.

Made by Kellogg in Battle Creek, Michigan. Serve with milk or fruits, and in cooking. Delicious recipes on every package. Sold by all grocers. Served at hotels and restaurants.

HAVE YOU TROUTITIS? WE CURE IT

It is a disease no one ever wants to get rid of—starts with an itch to get hold of a rod, and doesn't quit, generally, until the old creel is filled to capacity. Temporary relief may be had at THE RAINBOW ANGLING CLUB, where the streams are fairly teeming with the best antidote for "troutitis" we know of—gamey, speckled beauties of the most appetizing size. Spring fever and "troutitis" go hand in hand, and the best thing to do when they get into your system is to let them up here to the club. Entrance and usual yearly fishing fee until July 1st, 1926, \$20. After July 1st, entrance fee will be \$20, plus usual yearly fishing fee, \$20. Membership transferable after July 1st. No extra entrance fee will be charged to present members at any time.

LEIGH O. GARNSEY, Mgr. Rainbow Angling Club, Box 653, Redlands.

Phone Redlands Suburban 9089. If you aren't a member, get a guest card from some member and come up and look us over.

LARGE CROP IS EXPECTED BY BEAN GROWERS

An excellent stand of lima and blackeye beans has been obtained in Orange county this season and all indications are that a splendid crop will be obtained, according to growers asked about the situation today.

Wire worms have not appeared in any great numbers as yet, a fact which cheers the ranchers a great deal.

Just at present, the bean growers are eager for warm weather, as the cloudy days, recently, tended to encourage the wire worms and other pests.

The Irvine Ranch company has about 20,000 acres planted to beans, 6000 acres to blackeyes and 14,000 acres to limas. Last year, the Irvine company had about 10,000 acres in blackeyes and 6000 acres in limas.

If the present situation as regards stand holds up until August, the bean market for the limas is expected to open around seven or eight cents a pound, it was said. The price on the blackeyes at the opening of the market is expected to be around five or six cents a pound.

It has been estimated that there are about 9000 acres in blackeyes and 35,000 acres in limas in Orange county.

For Southern California, the acreage of large limas has been estimated at 120,000 acres, baby limas, 25,000 acres, and blackeyes, 25,000 acres.

A meeting of Southern California bean growers will be held in Orange County park about June 18, according to William C. Jerome, a member of the board of directors of the California Bean Growers association. President C. C. Perkins, Manager R. L. Churchill and the association's marketing committee will be present. Several hundred growers are expected. Marketing conditions and the situation as regards acreage and crops will be discussed at that time.

UNDERWRITERS TO MEET IN ORANGE

The regular meeting of the Orange County Insurance Underwriters will be held in the Orange Women's clubhouse on June 8, starting at 8:30 p. m. Reservations for dinner must be in the hands of John Estes, telephone 1777, by Tuesday noon.

The program will be in the hands of the women underwriters. A feature will be the singing of Miss Hortense Daniels, of Anaheim, who will be accompanied on the piano by her teacher, Madame Manuela V. Budrow. Miss Daniels is the young singer who will go to the Sesqui-centennial exposition, in Philadelphia, with Miss Faustina Lucero, representing "Miss California."

All insurance underwriters, whether members of the organization or not, are invited to attend the meeting.

Staff of School Newspaper Holds Outing at Beach

Staff members of the Santa Ana high school "Generator" went to Diver's cove, Laguna Beach, yesterday afternoon for a beach party, held annually by the journalism students.

Beach sports were engaged in by the students and late in the evening "dances" were prepared.

The students were accompanied by Miss May Murphy, journalism teacher, and Miss Levenia Scott, English teacher.

Sycamore Lodge Holds Session

Sycamore Rebekah lodge met Tuesday evening in the L. O. O. F. hall. Reports were given of the Rebekah assembly, held in San Francisco. Mrs. Stella Henderson and Mrs. Lenore Wilson were the delegates who attended from Sycamore lodge. Following the business session, members adjourned to the banquet room, where refreshments were served.

PLACENTIA

The Womens Christian Temperance Union met on Tuesday afternoon at the new home of Mrs. Fred Wasson on Orange Grove avenue. The speaker for the day was Mrs. Clara Jones, of El Modena who took for her subject, "Sabbath Observance and the Bible in the Public Schools." Mrs. Estelle Harper of Garden Grove, county president of the union, was also present and gave a short address.

Miss Ada Etudevant, the president, presided over the short business session and among other things, it was decided to give an army blanket to the tuberculosis camp for children in Trabuco canyon. Mrs. Thomas B. Welch and Mrs. Rowe reported six comfort bags completed and sent to the W. C. T. U. home for soldiers and sailors at San Diego.

A cooked food sale was planned for June 12, to raise funds for local work. During the social hour, the hostesses, Mrs. Wasson, Mrs. Barbara Carrow, Mrs. James Huntley and Mrs. Robert B. Dougherty served tea and home made cake.

The traveling motor-stables used for the transportation of race horses in England are veritable palaces on wheels. The floor is made of a special composition of sanitary cork and the sides of the two stalls which each vehicle contains are made with linings of pneumatic pads. The cars are electrically lighted and contain cozy accommodations for the groom and stable boy.

MORE THAN 125 WOMEN AND CHILDREN WILL PARTICIPATE IN COUNTY MUSIC CONTEST

More than 125 children and women will participate in the Orange County Eisteddfod, which will be conducted all day tomorrow and tomorrow night in the Santa Ana high school auditorium. The Eisteddfod is being held under the auspices of the Orange County Music Teachers' association.

The contest will start at 9:30 in the morning, with a piano program for children under 8 years of age. Doris Berger, of Anaheim, and Jewell Thebo, of Santa Ana, are entered in this contest.

Children under 10 years of age will play the "Song of the Lark," by Tschalkowsky. Those entered and the order of their appearance are: Barbara Dutton, Santa Ana; Edgar Pankey, Tustin; Eldene Watson, Orange; Dorothy Proctor, Tustin; Eleanor Leiby, Tustin; Faria Nell Clayton, Santa Ana; Katherine Ann McCullah, Anaheim; Ida Alderman, Tustin; Dorothy Gutzman, Santa Ana.

The third section, for children under 12 years of age, will play the Minuet from Sonata Op. 49, No. 2, by Beethoven. Fifteen are entered in this contest. They are:

Bettie Dutton, Santa Ana; Garvis Nichols, Anaheim; Margaret Nichols, Anaheim; Elizabeth Holmes, Anaheim; Earl Motley, Santa Ana; George Miles Jr., Santa Ana; Zola D. Tannenbaum, Betty Thompson, Lowell school; Naomi Wheeler, Anaheim; Audrey Pieper, Tustin; Marion Leiby, Tustin; Aita Fisher, Tustin; Esther Enoch, Orange; Anna Weld, Westminster; Beatrice Gronas, Santa Ana.

Piano Program. Adjournment until 1:30 will be followed by the piano program Section No. 4 for children under 14 years of age. They will play Thine Waltzes by Schubert. The 13 entered are:

Mildred Kimmel, Anaheim; Helen Mott, Anaheim; Beth Collar, Tustin; Eva Rummels, Tustin; Marie Labrucherie, Tustin; Florence Reonick, Santa Ana; Ethel Harrison, Anaheim; Vera Schroeder, Orange; Phyllis Day, Westminster; Francis Hein, Anaheim; Vivian Weld, Westminster; Margaret Weakley, Orange; Ruth Stoner, Orange.

Those under 16 years will play Fantasia in D Minor by Mozart. The entrants are:

Rose Marie Smith, Santa Ana; Hazel Filler, Anaheim; Margaret Day, Garden Grove; Sarah Borden, Santa Ana; Manfred Mueller, Orange; Lucy Belle Morgan, Anaheim; Earl Lyon, Orange; Eunice Douglas, Orange; Elsie Eckhoff, Orange.

Section 6 will be for children under 18 years of age. They will play the "March of Dwarfs," by Grieg. Seven are entered. The contestants follow:

Leonora McAllister, Anaheim; Elizabeth Mott, Anaheim; Virginia Long, Anaheim; Vesta Ralph, Orange; Bryant Casey, Orange; Julia Campbell, Orange; Ola Ratliff, Orange.

Advanced students, with no age limit, will play "Romance in G Flat," by Schubert. The contestants are:

Everard Stovall, Santa Ana; Averil Monke, Orange; Lois Allen, Orange; Josephine Hardin, Orange; Marjorie Caldwell, Orange; Henrietta Blank, Orange; Olive Tozier, Fullerton; Charlotte Davis, Fullerton; Iris Koch, Fullerton.

The evening events will commence at 7:30, with a dance program. It will be a toe dance, by Peggy Bronson, of Santa Ana.

The vocal program has been entered by Fred Furtch, of Huntington Beach; Elizabeth Morgan, of Anaheim; Mrs. C. E. Newton, of Orange, and Alice Folsom, of Santa Ana.

To Give Readings. Norma Tantlinger will give two interpretative readings, "Tony Pleads to Petit Larceny" and "Miss Carlotta."

The following have entered the violin program:

Peggy Quarburton, Virginia Lane, Minor Wane, Doris Reinal, Kenneth Price, Jerry Tannenbaum, Mary Cianfoni, Ruth Newman, Rose Marie Smith, Ralph Greer, Emma Lena Richards and Georgia Belle Walton, all of Santa Ana, and Simon Plas, Costa Mesa and Marguerite Wilson, of Balboa.

Those entered in the vocal program are:

Paul Elnor, Anaheim; Melvin Randall, Anaheim; Alice Ashleigh, Anaheim; Pauline Brewster, Huntington Beach; Lyla Mae Morgan, Fullerton; Florence Warren, Buena Park; Lorena Mintner, Santa Ana; Lillian Culwin, Huntington Beach; Mrs. Leon Des Larzes, Orange; Mrs. Albert Rohrs, Orange; Mrs. W. H. Sutherland, Orange; Mrs. Will A. Martin, accompanist.

The closing event will be a chorus of women's voices. The Orange Women's club and the Santa Ana Ebbl club will sing "First Smile of May," by Cesar Frank, and "At Eventide It Shall Be Light," by Gaul.

Following is the personnel of the choruses:

Orange Women's club—Mrs. W. F. Kogler, Mrs. W. B. Wallace, Mrs. W. A. Martin, Mrs. Albert Rohrs, Mrs. Horace Newman, Miss Prince Bibber, Miss Sue Scarritt, Mrs. C. C. Bonebrake, Mrs. S. B. Edwards, Mrs. Arch Burkett, Mrs. G. G. Richards, Mrs. W. H. Sutherland, Mrs. John Knolla, Mrs. C. A. McGill, Mrs. C. Robbins, Mrs. Leon Des Larzes, director; Miss Adelaide L. Proctor, accompanist.

Santa Ana Ebbl club—Mrs. H. F. Hayes, Mrs. H. B. Van Dien, Mrs. Mit Phillips, Mrs. Gunning Butler, Mrs. E. D. White, Mrs. C. C. Briscoe, Mrs. J. W. Taylor Jr., Mrs. E. C. Irwin, Mrs. J. F. Williams, Mrs. C. F. Crook, Mrs. F. M. Davis, Marie Bishop, director; Leonora Tompkins, accompanist.

Stokes Will Is To Be Contested

NEW YORK, May 28.—Litigation, which brought the late W. E. D. Stokes prominently into public notice during his life time, will continue after his death.

Attorneys for Mrs. Helen Elwood Stokes, the wife with whom he fought bitterly through the courts for three years, announced after the filing of Stokes' will, which gave to W. E. D. Stokes Jr., son by a previous marriage, all of the fortune he had amassed, that they would contest the will.

The estate was estimated at between \$7,000,000 and \$8,000,000.

S. A. POLICE TO INVESTIGATE AWNING BLAZES

City Marshal Claude Rogers announced today that the police department had launched an investigation into the number of fires reported recently in which awnings, hanging in the business district, have been damaged or destroyed.

The possibility that some of the fires are of incendiary origin, possibly started by small boys, is being investigated, as also is a report, made confidentially to police, that the fires are being started by rival awning men.

The latest awning fire broke out at Fourth and Birch streets Wednesday night, shortly before midnight, burning the awning away from the Munroe pharmacy. Another was reported recently by the Spencer-Collins company, West Fourth street. Following the Spencer-Collins fire, police were of the opinion that a cigarette had been tossed from an upper room in the Hotel Rossmore, starting the blaze it was said.

"I do not believe that these fires are being started purposely," City Marshal Rogers said today, "but we are making a thorough investigation, and, if they are, every effort will be made to capture those who are responsible."

SANTA ANANS ASKED TO DISPLAY FLAGS

Members of the Santa Ana post, No. 131, American Legion, will see that flags, sold to merchants of the city, are erected on the streets Monday, Memorial day, G. K. Scovel, post commander, said today.

At the same time, Scovel asked that all Santa Anans display flags. Several Santa Ana merchants are advertising flags for sale at reduced prices, and the Legion asks that every building, business and residential, fly a flag on Monday.

Hunter Leech, chairman of the American Legion flag committee, declared today that he had met with nothing but co-operation in his plans to decorate Santa Ana with flags.

Dog Owners Are Warned to Buy 1926 Licenses

On June 1, there will be 900 dogs in the city of Santa Ana which will have to have new licenses for the new fiscal year, beginning at that time.

The new licenses can be purchased at the Santa Ana police station and in order that pets will not fall afoul of the dog catcher, owners should purchase the new tags as soon as possible. H. F. Hershey, city pound master, announced today.

That there are at least 900 dogs in the city which will need new licenses next Tuesday is borne out by the fact that approximately 900 licenses were issued from the police station during the last year.

Licenses for male dogs will cost \$2 and for females, \$3.

Ohio Governor to Seek Re-election

COLUMBUS, O., May 28.—Gov. A. V. Donahay, of New Philadelphia, who has served two terms as chief executive of the state, has formally announced his candidacy for renomination and re-election. The governor is a Democrat. It he is successful, the executive will be the only governor in the history of Ohio to hold the office for three consecutive terms.

RECOVERS STOLEN WATCH

SACRAMENTO, May 28.—After nine years, J. J. Boitano has recovered a watch stolen from his room in the Capital hotel here by burglars. The time piece was found by Portland police in a pawnshop in that city and Boitano was notified through the Sacramento police department.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia, in liquid or tablet form, never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Adv.

A NEW DAY HAS DAWNED

A Day of Finer Living, of Freer Womanhood, of Scientific Advancement and of The Commercial Laundry

Little Trips to a Modern Laundry—No. 1

EXTERIOR VIEW OF THE SANTA ANA LAUNDRY—NOTE THE LARGE WINDOWS AND THE SAW TOOTH ROOF—THESE ARE NECESSARY FOR PROPER LIGHT AND PERFECT VENTILATION

The Santa Ana Laundry represents an investment of \$240,000.00. It is one of the largest industries in this section of Southern California.

The laundry building is a matter of great importance. An old shack or store building will not suffice. The ventilation must be perfect. The new saw tooth roof feature is necessary to give the proper diffusion of sunlight. There must be roominess within, to allow freedom of movement.

We offer the following services:
Hand Work
Finished

Plant Manager: "Now that we have built an office right here at the plant... partitioned off from the machinery spaces with sound-deadening Buttress Wallboard... I can keep in closer touch with production."

Shut Out Noise with this Sound-Deadening Wallboard!

MANY industrial plants are adopting the Buttress way of partitioning. Office partitions of sound deadening Buttress Wallboard are quickly and cheaply erected, and easily moved to make room for expansion. In this way plant executives are able to keep in much closer touch with plant production, and at the same time to carry on office work without annoyance from the noise of machinery.

Sound-Deadening Walls for your home.

Buttress is stronger than ordinary wallboard, too, a feature that means greater rigidity for the whole frame work of your house. In addition to its sound-deadening qualities, it resists fire, and is vermin and dust proof.

Beautiful Interiors

The most pleasing interior decorative effects for walls and ceilings are made possible by Buttress Wallboard. It may be paneled with battens, tinted, frescoed, painted, or papered. Your builder will be glad to advise you of the methods by which these attractive effects can be secured—Buttress Manufacturing Co., 6910 So. Alameda St., Los Angeles

**WHOLE WHEAT
AND STRAWBERRIES****Puts Spring
into your
stride**

A full, brisk stride—sure sign of health and energy—the vigor that comes from the kind of breakfast Nature intended for every up-and-go man.

Nature prepared that breakfast, too—put the right proportion of proteins, vitamins, bran and the other food essentials into whole wheat. And Shredded Wheat gives you all the wheat in good-to-eat, easy-to-digest form.

Eat it daily—the perfect food—two Shredded Wheat biscuits, milk or cream, and fresh strawberries to intrigue the appetite.

**Shredded
Wheat****A FULL MEAL IN TWO BISCUITS—****ASSOCIATED CHAMBERS OF
COMMERCE INDORSE BOND
ISSUE FOR COUNTY HARBOR**

Voting unanimously, 167 members of the Associated Chambers of Commerce of Orange County last night adopted resolutions endorsing the harbor bonds and urged their passage at the election, to be held on June 10.

The meeting last night was held at the Tea and Tiffin, in Laguna Beach, and was the largest attended of any meeting ever held by the Associated Chambers.

Judge L. F. Coburn, of Orange, proposed the resolution, following a short address, in which he brought out interesting figures relative to the advantages to be received by the orange and lemon growers should the harbor bonds carry.

Coburn introduced figures showing that, in the Orange district alone, \$5,000,000 would have been saved last year, had the fruit growers shipped by water. In the course of his talk, Coburn showed that, had growers shipped by water, they would have saved approximately 40 cents per box on lemons and a few cents more on oranges. The Orange district last year shipped to the Atlantic seaboard approximately 2,000,000 boxes of lemons and 5,000,000 boxes of oranges.

Text Of Resolution
The following resolution was adopted on motion by Judge Coburn:

WHEREAS, the board of supervisors of this county have called an election to be held June 10, 1926, submitting to the voters to the county two propositions, to-wit:

Shall the county issue bonds to the amount of \$650,000 to improve the entrance to Orange County Harbor, and

Shall the county issue bonds to the amount of \$550,000, to improve the harbor itself; and WHEREAS, the expenditure of said sums of money will help prevent further deplorable loss of life; will make the harbor safe and convenient for ordinary sea-going vessels; provide other very necessary features including a water-front park, and

WHEREAS, your committee believes that the passage of said bond issues and the early development of Orange County Harbor will be of great benefit to all parts of Orange county, and

WHEREAS, Orange county has recently acquired through court action some 23 acres of tide and submerged lands which will be immensely valuable when harbor development is carried out; and

WHEREAS, a bonded debt of \$1,200,000 will add but an insignificant amount to the taxes of the county, now, therefore, be it

RESOLVED, by the Associated Chambers of Commerce of Orange County, that we heartily indorse and approve the issuance of said bonds, both for the entrance and for the harbor itself, and we do hereby urge the voters of the county to vote for the issuance of both sets of bonds.

Professor Donaldson Speaks
"Harbors of the World" was the subject of a short address by Prof. Joseph E. Donaldson, of Fullerton, who has made two complete trips around the world. He declared that it was an established fact that cities 14 to 20 miles from a harbor benefit most by development. He declared that there are but very few cities in the world situated immediately on the harbor that have benefited to such an extent as those a few miles inland.

"From my observations," said Professor Donaldson, "harbor facilities in Southern California soon will be inadequate and new harbors must be opened. I predict that, for every \$1 added to property at the harbor by its development, \$3 will be added to cities and towns 16 to 20 miles inland. With development of Orange County Harbor, I prophesy that, within 20 years, southeastern Orange county will have become a great metropolis."

Dr. Edwin W. Mills delivered the address of welcome to the delegates last night and response was made by Lew Wallace, of Newport Beach.

Reports of committees were followed by adjournment until June 24. The next meeting will be held at La Habra.

**ENGLISH ROYALTY
HAS SMALL HEADS**

LONDON, May 23.—The obvious retort, "It's not the size of the head, but what's in it" might be voiced by British royalty in response to the information which has leaked out that the head sizes of the royal family range from only 6 1/2 for Prince Henry to 6 3/4 "full" for the King.

Listed according to their head sizes, the male members of the royal family come in the following order:
First—King George, 6 3/4 "full."
Second—Prince of Wales, 6 3/4.
Third—Duke of York—6 3/4.
Fourth—Prince Henry, 6 1/2.

**Woman Wins for
Medical Position**

DUBLIN, May 23.—Miss Alice Le-mass has beaten all the men contestants for the position of resident medical officer of the Dublin Poor Law union, which cares for more than 3000 old folk. This office heretofore has been administered by men. Dublin was the first city in the British Isles to confer full university degrees upon women, and as a consequence nearly all professions now contain women competing on even terms with men.

A new cure for sleeping sickness has been invented by the Pasteur Institute.

A hospital boat is about to be put in service on the Yukon river in Alaska.

**INVENTOR MAY
BE VICTIM OF
TRAFFIC CRASH**

Harold E. Plumbidge, 31, Long Beach inventor, believed murdered in Santa Ana canyon, following his disappearance on February 22, was buried as an unidentified traffic accident victim in San Diego, according to his mother's belief, expressed to police in Los Angeles.

Mrs. Plumbidge at first believed her son had been slain by patent thieves, who stole his formula for restoring burned-out electric lights bulbs.

Two weeks after the inventor disappeared, the body of an unidentified man, badly decomposed, was found in Santa Ana canyon. It partially tallied with the description of the missing man, but Mrs. Plumbidge declared positively that it was not her son.

In San Diego, Mrs. Plumbidge learned that a man, whose description answers that of her son, had been buried as an unidentified traffic accident victim. Authorities will go with Mrs. Plumbidge to San Diego, where an effort is to be made to exhume the body and establish whether or not it is Plumbidge.

The traffic victim, believed to have been Harold E. Plumbidge, Long Beach inventor, was killed when struck by either a street car or automobile April 4, according to Coroner Schuyler Kelly, of San Diego county.

All efforts to identify the man proved futile, the only possession found on him being a return trip ticket from Tia Juana. Mrs. Plumbidge, the mother, was in San Diego several days ago and when shown a picture of the body, stated that she believed it to be that of her son.

Coroner Kelly stated that he would co-operate in every way possible. Mrs. Plumbidge and would have no objection to the body being exhumed.

**ROOSEVELT CABIN
WILL BE MUSEUM**

BISMARCK, N. D., May 23.—Landscaping, which will reproduce the original setting in the Bad Lands, will be undertaken on the grounds surrounding the Roosevelt cabin at the capital here. The cottage, which the late Col. Theodore Roosevelt occupied when as a young man he came to North Dakota to seek health, was moved here from the Roosevelt ranch near Medora. Formal opening will be held on June 15. Five thousand tourists visited the cabin, last year. A Roosevelt museum has been started.

**Sherman School
Band Will Give
Concert Sunday**

What promises to be a real treat for music lovers is the commencement concert, to be given Sunday afternoon, May 30, by the Sherman Institute band, Riverside, for which a well balanced program has been arranged by D. Ray Campbell, director of the band.

The concert to be held on the campus of the institute, will begin at 3:30 p. m. The program follows:

1. March, "Zacatecas," Genaro Codina.
2. Overture, "Poet and Peasant," Fr. Von Suppe.
3. Waltz "Wedding of the Winds" John T. Hall.
4. Idyl, "Gluhweurmchen," (Glow Worm) Paul Linke.
5. (a) "Behind the Clouds," Davis DeSylva.
- (b) "O Sole Mio," E. Di Capua.
6. March, "Washington Grays," C. S. Grafulla.

**MRS. BASSETT
ALWAYS TIRED**

Now in Good Health by Using
Lydia E. Pinkham's Vegetable Compound

Lansing, Mich.—"I have taken Lydia E. Pinkham's Vegetable Compound whenever I needed it. When I first used it I was so bad I could hardly walk across the room without crying. I was tired all the time. I think my trouble was coming on me for six months before I realized it. I read of your wonderful medicine in the paper, and my husband bought me a bottle, and after the first few doses I felt better, so kept on taking it until I was well and strong. I take it at times when I feel tired and it helps me. I will always have a good word for your medicine and tell anyone what good it has done me. I recommended it to my neighbor for her girl, who is sixteen years old, and it was just what she needed. She is feeling fine now, and goes to school every day."

—Mrs. E. P. Bassett, 216 South Hayford Avenue, Lansing, Michigan.

Do not continue to feel all run-down and half sick when Lydia E. Pinkham's Vegetable Compound is sold by druggists everywhere.

**CANDY SALE****SATURDAY**

9 A. M. to 9 P. M.

29c pound**Assorted Chocolates**

Consisting of light and dark coated chocolate creams, chocolate caramels, chocolate chips, chocolate nougats and chocolate fudge. Only one hundred pounds in this lot, so they may not last all day.

Crystal Cream Filberts

Filbert nut centers surrounded with cream candy. Full pounds, only 29c. Half pounds, 18c.

Black Walnut Fudge

Made with genuine black walnuts and it sure is a delicious confection. Saturday only 29c a pound. Half pound, 18c.

Ice Cream Sodas**That Are Worth 15c**

McCoy Ice Cream Sodas are big value at 15c a glass, because in each and every glass you get two scoops of ice cream. If you order strawberry, pineapple or raspberry you get crushed fruit flavors. We sincerely endeavor to give you good value for every dime you spend in this store. Our efforts are appreciated by many people, because our sales show a steady increase in volume. If you like to patronize the store that gives you good values every day, no doubt you will enjoy trading at McCoy's.

Real Honest to Goodness**Malted Milks**

Maybe you can get malted milks as good as we make them but you can't get them any better, and judging by the favorable comments we hear about the malts we turn out, we judge that the places that make them as good are really quite few and far between. The secret of our rich, creamy and foamy malted milks is as follows: We never use skim milk. We use plenty ice cream, plenty malted milk, plenty syrup for flavor, plenty time for mixing and all ingredients have plenty quality, so that when you get a malt at McCoy's, you are plenty satisfied to pay 20c for it.

Panama Toasties

A peanut butter confection that will surely tickle your taster. A light confection and a good one for you if you like candy that is not too rich and sweet. Tomorrow full pound bags only 29c. Half pounds, 18c. Quarter pounds, 10c.

COST OF MARRIAGE

LICENSE IS \$500

BERLIN, May 28.—The marriage of Dorothy Schurman, daughter of the American ambassador, Jacob G. Schurman, to Lt. James McHugh, of Wichita, Kas., scheduled for May 19, has demonstrated how difficult it is for foreigners to get married in Berlin.

Despite the assistance of German officials, Ambassador and Mrs. Schurman were not able to announce the date of the wedding until after the municipal license bureau.

The Berlin regulations make it almost impossible for foreigners to get married in a period of less than three weeks. The appellate court must issue an affidavit in all cases of weddings of foreigners, declaring there are no legal obstacles to the marriage, and the banns must be posted in public places for a period of two weeks. The maximum legal charge to obtain a marriage license is \$500.

Bookings of Steel Corporation in May were closed higher.

The Market closed higher.

London, May 28.—Shakespeare inns on a chain system are aspects of English life that may be introduced in the United States.

American hotel managers, who "did" England on their way to attend the triennial conference of the International Hotel association in Paris, were greatly impressed with the picturesque small town inns of this country and talked of trying them out at home, especially at cross roads along the main automobile routes.

"Organize a chain of Shakespeare inns and I believe the idea would pay," said E. M. Statler, the well-known American hotel owner.

"The English country hotels with their old names are most attractive," said Eric W. Hausser, Multinational Hotel Landlord, of the Leroy Linard, Fairmont hotel, San Francisco, believed the village inns he had seen would make a fortune for any promoter, if they could be lifted intact and set down near almost any American city.

Falls Over Cliff, Bitten by Snake, Keeps on Fishing

VISALIA, May 28.—Frank R. Brann, Tulare county horticulturist, slipped and fell from a ledge on the north bank of the Kings river while fishing and saved himself by grabbing a big boulder midway down the cliff. While he was clinging there a rattlesnake struck at his arm and dangled from that member. Brann did not dare let go at once to free the snake free. Painfully scrambled to a rock ledge, the snake still hanging to his arm. He yanked the reptile loose and crushed it beneath his boot. Then he applied some snake bite remedy to the wounded arm, rolled down his sleeve and renewed his fishing. He was compelled to seek medical relief, however, when he told his story. He will recover.

'Mormon Apollos' Invading England

LONDON, May 28.—"An invasion of Mormon Apollos" is what the Liverpool newspapers call the arrival of 14 young Mormon missionaries there.

The men are unmarried, non-smokers, teetotalers, of splendid physique and smartly dressed.

England always has been a fertile field for Mormon converts and in the early days of the movement the leaders of the church in America even entertained hopes of converting Queen Victoria.

CHICAGO BD. OF TRADE

CHICAGO, May 28.—Grains closed uneven on the Chicago Board of Trade today, reflecting the trend in the wheat pit.

New May wheat closed sharply higher, having regained most of the day's losses before the close.

Corn closed practically unchanged. Oats closed a small fraction lower, all positions after an uneventful session.

Provisions closed higher.

TEMPLAR TEAM OF FULLERTON DRILL VICTOR

FULLERTON, May 28.—Fullerton commandery No. 55, Knights Templar, was declared the winner in the semi-finals of the competitive drills at the Masonic temple in Los Angeles Wednesday night, after competing against the crack teams of Pasadena, Riverside and Alhambra. The Fullerton team was under the direction of J. Charles Thamer.

On next Wednesday night, the finals will be held in Los Angeles, with Fullerton, Golden West commandery No. 43, of Los Angeles, and the Long Beach commandery taking part.

During the competition, 21 commanderies in Southern California have taken part. On both Tuesday and Wednesday nights of this week, the Fullerton team has been the victor.

A very large part of the credit for the victories of the Fullerton team is due to the untiring efforts of the commander, Charles Thamer, and C. Stanley Chapman, one of the members.

There were 24 members of the Fullerton commandery who took part in the affair, as follows:

J. Charles Thamer, commander; S. C. Hartman, generalissimo; J. R. Gardner, captain general; Henry G. Meiser, senior warden; Curtis W. Reeve, junior warden; Arthur Staley, prelate; Angus McCaulay, treasurer; Glen B. Hoag, recorder; E. D. Johnson, standard bearer; C. L. McComber, sword bearer; Jeff Sedel, warden; D. L. Newton, sentinel; T. D. Robertson, S. D. Winters, A. M. Thompson, Tom Winters, A. M. Volk, W. M. Goodwin, Harry Blackwell, Dr. R. V. Graves, Ray Davis, Otto Evans, Charles Yaeger and C. S. Paulsen, apostles.

Exhibit Anaheim Students' Work

ANAHEIM, May 28.—An exhibit of work done by classes in architectural, mechanical and machine drawing and in art and stage craft at the Anaheim union high school opened last night in the auditorium of the school and is to remain open to the public until tonight.

The exhibit is presented as an added attraction for those who attend the presentation of the annual play of the junior class, "Nothing But the Truth," which had its first performance last night and is to be repeated again tonight.

Miss Mabel R. Thayer, architectural drawing instructor in the school and the Misses Madeline Conover and Dorothy Chalker, art instructors, co-operated in preparing the display.

Semi Annual \$5.00 Hat Sale. All Hats \$5.00 Thurs., Fri. and Sat. Ruth Thayer Scudder, I. O. O. F. Bldg.

Capistrano Wildcat Well Idle

SAN JUAN CAPISTRANO, May 28.—The wildcat well at San Juan Capistrano, which was reported to have picked up showings a few weeks ago, has shut down, and the outfit is now standing idle, according to field reports. The well is now down 2138 feet, and is said to have shown a little gas. It is being drilled by Myers, Robinette and Bostick.

ANAHEIM STORES TO CLOSE MONDAY

ANAHEIM, May 28.—In observance of Memorial day, merchants of Anaheim will close their stores Monday, according to Arthur Cohen, president of the Merchants' and Manufacturers' association here. All schools, banks and the post office will be closed.

Assembling at the entrance arch and marching to the monument to the unknown dead, and led by the American Legion band, veterans of all wars in which the United States has participated, will observe Memorial day with services at the Anaheim cemetery.

The march to the cemetery will take place at 9:30 a. m. A large representation of Boy Scouts is expected to participate in the services.

After the services at the monument, the veterans will assemble more at the mausoleum, where other services will be held.

Leading the G. A. R. at the first exercises will be Comrade J. I. Reed, past commander of Malvern Hill post, who will give the main address. Invocation will be given by the Rev. G. G. Schmid, pastor of the Evangelical church. A detail from the Boy Scouts will raise the flag, to be followed by the salute and pledge of allegiance by those present. Taps and volley will be given by a squad from the American Legion.

Assembling at the mausoleum, prayer will be given by the Rev. B. S. Haywood, pastor of the White Temple Methodist church. The main address here will be given by A. B. Markie, who will speak concerning the Civil war, its cause, effect and result.

Lincoln's Gettysburg address will be given by Lenna Tanner, Mrs. Walter Ross and Mrs. A. L. Knipe will sing a duet and Mrs. Ross will sing a solo preceding the main address. "America" will be sung by the audience, led by the American Legion band, after which the Rev. Otto Williams, pastor of the First Christian church, will give the benediction.

\$5 Special. Your choice of any hat in our store Thurs., Fri. and Sat. Only \$5.00. Ruth Thayer Scudder, I. O. O. F. Bldg.

W. P. Fuller & Co., paints, varnishes, glass, mirrors, glazing, roofing. 620 W. 4th St. Phone 881.

C. OF C. DRIVE IN FULLERTON STARTS SOON

FULLERTON, May 28.—The board of directors of the Fullerton Chamber of Commerce took definite steps towards the membership drive at the weekly luncheon at McFarland's cafe yesterday noon. The drive will commence the latter part of June.

The drive will be conducted by teams of four citizens of Fullerton, each to be led by a member of the board of directors. All the teams will co-operate with Secretary Leach in their work. The goal for the drive has been set at 500 new and active members. Secretary Leach has made a reclassification of membership and the present indications point to a very successful campaign.

An important report was received from the state highway department concerning the widening of the state highway between Fullerton and Whittier. The communication stated that the work probably would be commenced during the summer. In the same communication was a suggestion of a co-operative effort between the state highway department and communities which are effected for the widening of the state highway between Fullerton and Anaheim. It was stated in the communication, however, that no definite steps could be taken toward widening the boulevard this year as there is a lack of funds at the present time.

The merchants' committee reported that there was much progress made in securing members for the new organization, the Fullerton Forward club. The chairman of the merchants' committee, Rich Volk, stated that the progress all around was being made, and that the success of the new club, club.

Former Anaheim Youth Succumbs

ANAHEIM, May 28.—Word has been received here of the death at Fort Worth, of Irving Weede Wright, nine-year-old son of Irving L. Wright, formerly a teacher in the grammar schools of Anaheim. Young Wright's death will be mourned by his many friends, who knew him as a student at the intermediate and central schools here and as a member of the Presbyterian church.

About a month ago, the lad was scratched by a cat and the injury, though scarcely noticed at the time, brought on an attack of rabies from which he succumbed after a few days of intense suffering in spite of every medical attention.

The family recently moved to Texas from Des Moines, where they had lived since leaving Anaheim.

Call the Sutorium, 279, for first class dry cleaning. New location 109 W. 6th.

SYNDICATE PAYS \$115,000 FOR 3 LAGUNA BEACH PROPERTIES; STORES, APARTMENTS PLANNED

LAGUNA BEACH, May 28.—All records for sales of business property in Laguna Beach were broken this week, when members of a syndicate of Los Angeles, New York and Pasadena capitalists purchased three pieces of beach front property for a total of \$115,000. The deal included the famous Laguna Beach hotel, owned by the estate of the late Joseph Yoch, which sold for \$84,000.

Harbor Club To Meet On Monday

BALBOA, May 28.—The Harbor Lunch Club will meet Monday at the American Legion hut at Balboa. This is an open meeting sponsored by the Orange county harbor Chamber of Commerce, and all residents of Orange county are cordially invited to attend the meeting and later enjoy a free lunch around the harbor and learn about the need for improvement and the plans for development being projected for Orange county's great natural asset.

Julia Goodrum New President Of Anaheim Club

ANAHEIM, May 28.—Miss Julia Goodrum was elected president of the Business and Professional Women's club at an election meeting held in the clubhouse yesterday noon.

Other officers named were Mrs. A. J. Goodrum, first vice president; Mrs. E. M. Barnes, second vice president; Miss Ella Tanner, secretary; Miss Estelle Bastian, treasurer; Mrs. Ella Randall, auditor; Mrs. Agnes Saviers, Dr. Basica Raiche and Mrs. Helen Harden, directors.

PLACENTIA

PLACENTIA, May 28.—Mr. and Mrs. Lester Mondotte were guests on Sunday in the home of Mr. and Mrs. Joe Mondotte, Richfield, at a birthday dinner given in honor of their daughter, Miss Florence Mondotte. Other present were Mr. and Mrs. Ward and children, of Redondo Beach; Mr. Pierre, of Long Beach and J. Vincent of Los Angeles.

Mrs. C. L. Green entertained her sister and brother-in-law, Mr. and Mrs. Duke, of Marysville, Kans., on Monday. Mr. Duke is a railroad accident adjuster in that city. They attended a convention in Los Angeles.

Mrs. John E. Scott entertained the Missionary society of the Presbyterian church on Monday.

Mr. and Mrs. Fred C. Woodson and daughters and Miss Elizabeth Olson spent the past week-end at Sun Beach at Mr. and Mrs. Fred Tuffrey's cottage.

Mr. and Mrs. Lee Roeland and daughter have gone to make their home in Santa Ana. Mrs. Roeland's mother, Mrs. F. C. Salter, is sufficiently recovered from her recent accident to be up and around the house again.

Mrs. L. V. Steen and daughter, Marjorie, have returned from five days' visit with Mrs. Stein's sister, Mrs. George Key, in Torrance.

Mr. and Mrs. Jennings D. Studevant, Mrs. Warren W. Blackner and Miss Ada Studevant were in Los Angeles on Sunday to visit Miss Williams at Preston.

The new manager at the Daily store is J. W. Yearry and his wife is the assistant. Mr. and Mrs. Yearry have moved to a house on Olive street.

Mr. and Mrs. S. C. Harmony and son, Jack, spent Sunday afternoon at Long Beach with Mrs. Harmony's sister and brother-in-law, Mr. and Mrs. William Key.

Mr. and Mrs. W. G. Bennie spent the past week-end with Mr. and Mrs. C. C. Hills at Azusa.

Mr. and Mrs. Clayton Landreth, of Serra spent the week-end with Mrs. Landreth's parents, Mr. and Mrs. Andrew Ipsen.

Miss Frances Ipsen and Mrs. Landreth were in Los Angeles on Saturday.

Mr. and Mrs. C. R. Pickenpaugh, Fred Huffman and Mrs. Mary Dent spent Sunday at Balboa.

Miss Kate Hays was in Los Angeles on Monday.

Mr. and Mrs. Vernon Ford, of Los Angeles, visited Mr. and Mrs. J. L. Glynn to see the new baby on Sunday.

Warren W. Blackner returned from a stay of several days in Los Angeles on Tuesday.

Yoch Land, Close to One-acre in Area, Is Said to Have Been Bought by Mr. Yoch for \$600.

The Yoch land, close to one-acre in area, is said to have been bought by Mr. Yoch for \$600. The lodge, formerly the Breakers, brought \$19,000, and 60 feet of unimproved land west of Foster street sold for \$12,000. This property is very shallow. The average price for ocean front land was \$440 per front foot.

The syndicate includes W. I. Hollingsworth, of W. I. Hollingsworth and company, Los Angeles, B. O. Miller, first vice president of the Hollingsworth firm; A. Post, a New York capitalist; George R. LeBaron, second vice president of the realty house; L. H. Rosebery, vice president of the Security Trust and Savings bank and Joseph Page, retired, of Pasadena.

Negotiations for the Yoch property were made with N. Elliot West, general manager of the Yoch Company, Inc. The price finally decided upon was accepted to only after the members of the syndicate had agreed that the property would be developed. In a statement given out by Fred A. Leach, of the Leach Realty company, through which firm all of the deals were made, the realtor declared that cheap jazz concessions would not be constructed on the land.

The Yoch property has a frontage of 156 feet on the ocean, 245 feet on Laguna avenue and 220 feet on Coast boulevard. The lodge, formerly owned by Mrs. May Burger, of Ontario, fronts on the ocean for 45 feet and the other strip, part of the H. G. Heisler holdings, is 60 by 60 feet. It is understood that the syndicate intends to build stores and apartments.

The Heisler and Burger properties were sold by Mr. Leach to Messrs. Miller and Post, who were the first to become interested in the opportunities in Laguna Beach business and income property. They were so enthusiastic about the property that they were induced to join in a syndicate to make further purchases. After the Yoch hotel property had been bought, the syndicate was augmented by the addition of Rosebery and Page. Negotiations are pending for the sale of other Laguna Beach property.

Mr. Leach was assisted in the deal by his partners, Fred A. Corran and Al Larnier and by Bernard St. Clair, a brother of Mal St. Clair, famous movie director. Bernard is associated with the Leach firm as a specialist.

The Leach Realty company has sold more than \$500,000 worth of property in Laguna Beach in the last 14 months. Approximately \$30,000 of that was for business and income property.

A. T. Pendleton were at Yucaipa on Sunday.

Mr. and Mrs. Gene Haymaker left on Wednesday for a trip to Kansas and Nebraska.

Mrs. Beach and Temple Bacon left on Tuesday for Battle Creek, Mich. Mrs. Emma Steen went to Fort Worth, Texas over the Santa Fe.

Mr. and Mrs. Roy Britton spent Sunday at Laguna Beach.

Miss Margaret Gordon is assisting at the Herbert Foss grocery.

Ernest Hollister and Clarence Boardman spent Sunday in Los Angeles.

Mr. and Mrs. Lewis Edwardson spent Sunday at Newport Beach.

Mr. and Mrs. W. I. Walker entertained Mr. and Mrs. Earl Barkley, of Riverside, on Sunday.

Miss Frank Daniels has been ill for a week.

Mr. and Mrs. C. B. Keale were in Los Angeles on Monday.

Mr. and Mrs. Arnold Kraemer spent the past week-end at Newport Beach.

Mrs. Guy Hammer of Whittier, was a recent visitor for a few days with her sister, Mrs. W. J. Walker.

PLACENTIA TO GET NEW BRICK BUSINESS BLDG.

PLACENTIA, May 28.—A new market block will be under construction within a very few days. Joachim Quevrel, proprietor of the Placentia bakery, has had plans drawn for a new brick structure to replace the building on his Santa Fe avenue property. The estimated cost is about \$12,000 and the building will be 38 by 100 feet.

The contract has been let for a new bake oven in the rear and as soon as this is ready for use, the dismantling will commence.

There will be three show windows and an open front entrance. Eugene Bercof, of Anaheim, will superintend the building.

The J. R. Wallace grocery and the Placentia bakery will occupy market spaces. Other will be announced later.

Mr. Quevrel is the owner of the block just east of the proposed new one, which is occupied by J. R. Wallace and C. E. Halber drug-gist.

BALBOA ISLAND

BALBOA ISLAND, May 28.—Friends numbered about 20 mostly of Whittier, called at the Bill Smith home on Sunday. Mrs. C. E. Weare wife of a newspaper editor of Billings, Mont., and her three daughters, the Misses Jean, Helen and Flora Weare, called on Mrs. Hal Will Smith and Miss Eleanor Simpkins. Mrs. Weare and her daughters spend their winters in California each year.

Mrs. C. L. Young and children, of Los Angeles, spent the past week in their cottage on Olynx avenue.

Eugene O. Menz, of the Los Angeles Herald, spent the past week-end in his newly completed beach home on Marine avenue.

Mrs. Lewis Cruickshank and daughters, the Misses Barbara and Dorothy, of Los Angeles, were the guests of the E. J. Lesleys over the past week-end.

The H. M. Worcester, of Pasadena, Dr. Frank Cunningham and two sons, Mr. and Mrs. William Black and family, the S. A. Parishes, Mrs. J. D. Tucker and the Henry Williams, of Los Angeles; A. Topham and son, of Hollywood, Mr. and Mrs. Joseph Taggart and daughters, of Altadena, and Dr. L. D. Meador and family, of Los Angeles, were among the week-end visitors to the island.

The J. N. Mitchells, of Alhambra, have come to their island home to remain for the season.

Mr. and Mrs. John Trickey, of Santa Ana, spent several days of this week with Mr. and Mrs. Paul Fink. Harold Fink made his usual week-end visit to his parents home here.

The house which was built in the form of a ship by Paulsen Visel, of Dr. William Goodfellow, of Los Angeles, who will rechristen it "Goodfellowship."

Miss Eleanor Simpkins, who has been visiting her brother in Bluefields, Nicaragua, for the past few months, returned last Thursday and is with her sister, Mrs. Hal Will Smith. She expects to leave at the end of the week for Berkeley, where she will assume her studies in the University of California.

Mr. and Mrs. C. A. Burr, of Pasadena, have been staying for some time on the island while Mr. Burr completed a house for Miss Alice Pilkington. They will remain until about the middle of June.

Mr. and Mrs. J. P. Storrs, of Pomona, and Mr. and Mrs. Wally Caldwell and Mrs. Hayes, of Los Angeles, visited Mrs. Storrs' sister, who lives in Santa Ana.

New Brea Marshal Appointed

BREA, May 28.—W. H. Williams, motorcycle officer of Brea, has been appointed city marshal, his appointment taking effect immediately. Williams came to Brea six weeks ago from Pasadena.

C. R. McClure, former city marshal of Chino, it is reported.

JUNIOR COLLEGE ADDS 8 COURSES

FULLERTON, May 28.—The Fullerton Junior college held its last assembly of the school year yesterday in the choral hall of the local institution. The assembly was the most enthusiastic one held this year.

The new football coach for next school year will consist of students added to the school. Mr. Lewis declared that the school had wonderful prospects for next year. Probably 100 letter men will return to the school, he said.

Mr. Lewis stated that there were many new men who are considering coming to the school, which will add to the prospects.

Dean Boyce told of the bright prospects for next year. Mr. Boyce stated that there will be eight new courses added next year. He said that there will be two teachers added to the faculty next year, one to take the place of Miss Harrod in engineering drawing and the other to be connected with the new courses which will be offered.

R. W. Bost, head of the English department, stated that next year there will be a club started, similar to a literary club, which will handle publications of the year, Glenn L. Lewis, was widely experienced in newspaper work.

Plans were discussed by presidents of the various organizations, including Mildred Stewart, of the Y. W. C. A., Wilmer Long, of the Y. M. C. A., Violeta Fontaine, of the A. W. S., and Laura Shaver, of the Honor society.

James Balcom, president of the student body for this year, introduced the new officers for next year, William Parsons, president; Perry Davis, vice president; Elizabeth Schweinfest, secretary, and Anita Stone, treasurer.

Mrs. R. W. Evans, at the Garrison on Sunday.

Dr. B. L. Heegaard, of Pasadena has departed after a visit of some length here.

Mr. and Mrs. H. W. Thompson, Mr. and Mrs. W. E. Thompson, Mr. and Mrs. S. A. Thompson, Mr. and Mrs. F. A. Curtis and Mr. and Mrs. C. M. Harman, of Los Angeles, spent the week-end here.

Mr. and Mrs. Roy Mordock and family, of Eagle Rock, are regular week-end visitors to their cottage on Channel Isle.

Mr. and Mrs. Archie Simpson, Mr. and Mrs. Wallis Roloff and Mrs. Louie Roloff and children, of Eagle Rock, occupied the May Bloomer cottage over the past week-end.

Merritt White and Miss Celestine White, of Tustin, were Sunday visitors to the White cottage. The former has just finished his course in Stanford university.

Oscar Schildmeier, of Orange, entertained a number of friends over the week-end, including Mr. and Mrs. C. C. Seymour, of Orange; Mr. and Mrs. Edgerton, of Long Beach, and Mr. and Mrs. Arthur Hoyer, of Owensmouth. They were joined on Sunday by Mr. Schildmeier's mother, who lives in Santa Ana.

FULLERTON TO HOLD MEMORIAL DAY SERVICES

FULLERTON, May 28.—The plans for Memorial day observance were announced today. All patriotic organizations of Fullerton have signified their willingness to take part in the activities.

The activities will begin promptly at 2 o'clock in the afternoon, when the line of march will be arranged at the entrance to the Loma Vista cemetery. The Spanish war veterans will be led by their drum corps and the Fullerton post of the American Legion will be preceded by the Fullerton city band.

The members of the G. A. R. and the Sons of Veterans will be seated on the speaker's stand.

After the graves have all been decorated by the children and after a special program has been held at the monument, the Rev. S. Fraser Langford, pastor of the First Baptist church, of Fullerton, will deliver the day's address. Music will consist of Fullerton quartet numbers. Lincoln's Gettysburg address will be given by Hollis H. Knowlton.

The program committee has requested all children in the vicinity of Fullerton meet at the cemetery at 1:30 o'clock with all the flowers that they are able to obtain. The children are promised a very important part in the day's program.

A luncheon is to be served at noon on Monday in Odd Fellows' hall by the Women's Relief corps and the Daughters of Veterans to the G. A. R. members and their wives. This luncheon is following the services which are to be held in the Anaheim cemetery in the morning at 9:30 o'clock.

YORBA LINDA

YORBA LINDA, May 28.—Miss Mabelle Gale Nelson has been secured by the citrus association to take Miss Morris' place.

Mrs. J. J. Carter and Mrs. O. J. Dyckman are entertaining the members of the eighth grade at the residence of Mrs. Dyckman tonight.

The Friends church has given the Rev. C. N. Jones a call. Mrs. Jones has so far recovered from her recent illness and they have moved back into the parsonage. They have been at their ranch near Garden Grove.

Mr. and Mrs. Chas. Flory spent Sunday at Laguna Beach.

Mrs. Bert Stolls and daughter, Sylvia, left Wednesday to spend the summer in Indiana.

Mr. and Mrs. D. O. Epperly and Mrs. Flora Hamilton, of Whittier, spent Sunday at Fontana.

Mrs. Geo. B. Culver and son, George Jr. and R. K. Culver took dinner with Mr. and Mrs. F. W. Stahler Wednesday evening.

The Yorba Linda grammar schools will be closed on Monday.

Mrs. Elizabeth McFadden and family have moved to Richmond avenue, Fullerton.

Mrs. George B. Culver and son left Thursday morning for a few days stay at Catalina, after which they will return to Palo Alto.

Postmaster and Mrs. F. W. Stahler attended a meeting of Orange county postmasters at Costa Mesa on Thursday evening.

R. L. Jesse, of the General Petroleum company is taking his vacation in Los Angeles.

We are in the market for Valencia oranges. Clarence G. White, East Fourth street and Santa Fe tracks. Telephone, office 69; telephone residence, 1189.

THE MARTYN, FREE X-RAY CHIROPRACTORS WILL GIVE A FREE X-RAY

Examination to all sick people who call at their offices before June 5. There is no catch to this offer. It means exactly what it says and you will be under no obligation in any way. Many people hesitate in taking advantage of the above because they do not understand how we can give an X-ray examination without remuneration in some form. But let us state right here that if we cause we have at least spread the wonderful truth of Chiropractic through you to the next person who may be in need of our work.

We, as Palmer X-Ray Chiropractors, have made a special study of the spine and the nervous system and realize the importance of keeping the nerves free from pressure in order to have and maintain a healthy body. Many individuals think that because we work exclusively on the spine, we cannot correct their particular condition of sickness or trouble, not realizing that our work is to find these pinched nerves which are causing your trouble, and with our hands alone, in a very careful manner, without pain, remove this pressure. We do not use medicine, surgery, osteopathy, (not twist your

NEWS FROM ORANGE AND SURROUNDING DISTRICT

WOMAN, BABY HAVE NARROW DEATH ESCAPE

ORANGE, May 28.—A story of death reaching out for two El Modena residents was being related today, following the total destruction of the home of Luis Sandoval, Pearl street, in El Modena by fire yesterday.

Mrs. Sandoval, engaged in her morning tasks, left the house to do some work in the back yard. The five-year-old daughter and an infant child were in the home when the flames broke out. Mrs. Sandoval, summoned by the older girl, rushed into the house in an attempt to rescue the children. She was overcome before she could reach the baby and, but for the timely assistance of neighbors, both Mrs. Sandoval and at least one of her children must have perished in the flames.

Some burns and singed hair were sustained by Mrs. Sandoval and her baby but both will recover. The home was completely destroyed, despite the efforts of a volunteer fire crew. It is believed that an overheated stove caused the fire.

A nearby house was ignited from the burning building but was not seriously damaged, due to the efforts of the fire fighters.

ARRANGE PROGRAM FOR MEMORIAL DAY

ORANGE, May 28.—Memorial services to be held in Orange this year will start Sunday afternoon at 2 o'clock, when the members of the Women's Relief corps will gather at the home of Mrs. Gladys McDonald, 123 South Center street, to prepare wreaths for use on Monday, Sunday evening at 7:30 o'clock, the Rev. W. W. Hull will deliver the Memorial day address in the Methodist Episcopal church. Members of the Grand Army post and the W. R. C. will attend in a body. A preliminary gathering of the two organizations at Barger's hall at 7 o'clock is scheduled. American Legion and auxiliary members will gather in Legion hall at 7 o'clock and later go to the Methodist church in a body.

Monday morning at 9 o'clock, the G. A. R. and W. R. C. members will gather at Barger's hall to go to the cemetery in private cars. As a part of the Memorial day services performed this year by the Orange post and corps, Commander John McKibbin will deliver a short address. The Gettysburg address will be read by Mrs. Bertha Epley, patriotic instructor of the corps. Two vocal solos, "The Old Flag Never Touched the Ground," and "Fighting Tonight," will conclude the program.

A firing squad composed of local American Legion men will fire a three volley salute. The wreaths prepared Sunday will then be used to decorate the graves of veterans by W. R. C. and auxiliary members.

ORANGE

ORANGE, May 28.—Mrs. Clyde S. Longyear is in Macon, Georgia. She will return soon with her son John Longyear, who has been in school there. Mrs. Longyear is the wife of Clyde S. Longyear, newly chosen vice president of the Pig-Nut corporation.

W. A. Phillips, 625 West Culver street, was issued a permit yesterday to erect a combination store and dwelling at a cost of \$2500 at the same address.

Among Orange people booked by the Union Pacific for various summer trips are Miss Margaret Kraft and her brother, Elbert Kraft, who left on Sunday for St. Joseph, Mo.; Mrs. C. A. Wallace, going to Omaha, Neb.; Mrs. Sarah J. Black, bound for Chicago and Michigan City, Mich.; Mr. and Mrs. W. E. Stander and Miss Anne Berger, Omaha, Neb.; Mr. and Mrs. E. E. Madison, who went to Omaha and Ord, Neb.

Miss Laura Stuckey of Carthage, Mo., arrived yesterday from South America. She is visiting her mother, Mrs. Esther Stuckey and the Carl and Ross Stuckey families. Mr. and Mrs. Frank Hoag met Miss Stuckey at Wilmington. Perry Grout and mother, Mrs. N. J. Grout, have been enjoying a two weeks' visit with Mrs. Grout's sister and family, who are driving through from Colorado to Oregon. The guests were Mrs. Ruhany Brown, Miss Bessie Brown and Mr. and Mrs. Raymond Brown.

Mr. and Mrs. Robert W. Morris, of 121 South Batavia street, are the proud parents of a nine and one-half pound son, Junior, born Wednesday.

The following teachers of the Center street school were recent overnight guests of Miss Marvel Baker at her cottage at Laguna Beach: Helen Chapin, Mattie Danneman, Lena Blackwood, Betty Toland, Lola Horne and Myrtle McLean.

Friends of Miss Frances Smith will be pleased to learn she has so far recovered from her long illness to be able to go for a short motor drive.

Mrs. Rebecca Gillegly, of 155 North Lemon street, has returned home from a five months' trip to Tulare county.

Miss Esther Brandley, C. E. Schoonover, A. F. McDermid and Mrs. M. Porter, all of Los Angeles, are guests at the Sunshine.

Mrs. William C. Cook, of South Prospect avenue, has been very ill.

Mrs. Y. D. Johnson, who was taken home from the Anaheim hospital Tuesday, is slowly improving.

Mr. and Mrs. Vio Henderson, of

Speeder Wins Sympathy of Judge Ingle

ORANGE, May 28.—When R. A. Smith, Ontario, appeared before Recorder G. W. Ingle yesterday, charged with going 50 miles per hour, he probably expected a sentence in conformity with others pronounced by Orange county justices for similar offenses, a jail sentence. Seeking to perhaps soften the judge's heart, Smith pronounced a story of an approaching marriage. Perhaps the judge's heart was softened, for Smith paid a fine of only \$25 and received a promise from the judge of a free marriage ceremony.

Elijah C. Ramon, Orange, parted with \$15 for traveling 33 miles in a 15-mile zone.

HEWES CONCERN TO USE ORANGE PLANT

ORANGE, May 28.—For the first time since the death of the owner, John McInnes, last July, the McInnes packing plant on West Chapman avenue will be in use Monday, when the Hewes company starts packing valencias.

Because of the great number of lemons now being picked and packed in the Hewes plant at El Modena the officers of the firm have found it necessary to seek temporary relief in the use of the McInnes plant for several weeks, during the peak of the lemon season.

About a car and a half per day of valencias will be packed at the McInnes plant and 25 packers will be employed.

Two cars per day of lemons are being packed by the Hewes organization. There are 85 carloads in storage. According to officials of the company, the crop this year is the heaviest ever picked. The lemon crop is expected to total between \$300,000 and \$500,000 in value with the valencias running approximately \$200,000 in value. About 225 carloads of lemons and 100 carloads of oranges will be shipped this season from the Hewes orchards, state officials.

O. E. S. Chapter Conducts Annual Memorial Service

ORANGE, May 28.—In recognition of Memorial day, Sceptor chapter, Order of Eastern Star, conducted services at the regular bi-monthly meeting held in the Masonic temple last night.

Plans for the joint meeting to be held with Masons and DeMolay members next Wednesday were discussed. This meeting was formerly scheduled for May 24.

A program of dancing and cards, with an entertainment feature yet to be disclosed, is being prepared by Mrs. E. H. Smith and Ross Stuckey. The festivities will start at 8 o'clock.

Announcement was made by Mrs. Dorothy Ross, worthy matron, of meetings of the card club. The next meeting is called for June 4. An evening meeting, June 11, will be for the purpose of entertaining husbands of members.

EL MODENA

EL MODENA, May 28.—Mr. and Mrs. Joseph Bricks, of Walnut avenue, had as dinner guests Sunday, Mr. and Mrs. Charles Wheaton, of Redlands; Mr. and Mrs. E. S. House, John House and Roy Benson, of El Toro.

Mr. and Mrs. A. O. Hodson visited in West Anaheim Sunday with Mrs. Hodson's brother Will Pritchard.

Mr. and Mrs. Elmer Koenig and little son, Miss Vada Hampton and Mr. Gasten spent an enjoyable day at Long Beach recently.

Mrs. Holton and daughter, Miss Stella Holton, were callers Wednesday at the W. A. Settle home.

Paul Stonner, of Imperial, was a visitor the last of the week at the home of his parents, Mr. and Mrs. George Stonner.

Monday evening Mr. and Mrs. R. C. Adams and daughter, Miss Eva, motored to Long Beach to visit Mrs. Adams' sister, Mrs. Minnie Searle.

S. A. Mitchell, the recent purchaser of Mrs. John Hemling's place on Prospect avenue, is now occupying his new home.

Miss Orpha Grist is home from Berkeley for the summer vacation. Recent visitors at the home of Mrs. Mary Lentz were Mr. and Mrs. Bundschuh.

S. A. Meller has bought the southwest corner of Chapman and Prospect streets from Z. Z. Fuller.

Miss Nellie Crist, accompanied by Miss Katherine Northcross, has gone to Grand Canyon for a three weeks' stay. They expect to return by Utah.

Mr. Dickerson was surprised on his 67th birthday when a brother from Oceanside, one from Long Beach and a sister from Upland, came in for dinner.

Mrs. George Bartley's sister, Mrs. R. T. King, Mr. King and daughter, Bobb, Mr. and Mrs. William Hayes, of Alaska, and Mr. and Mrs. George Bartley and daughter, Dorothy, had a steak bake at the county park Tuesday.

Blythe, were callers Wednesday at the J. R. Porter home.

Mrs. J. D. Perry, who has been visiting Mrs. John McCarthy for a few days, has returned to Glendora.

Mr. and Mrs. R. H. Wallace of San Diego, called on Charles Wallace yesterday while enroute to Los Angeles.

BENEFITS FROM TAXES TOLD BY W. C. JEROME

ORANGE, May 28.—"There is a definite need for intelligent consideration of propositions placed on the ballot requiring the expenditure of money," stated William Jerome, county auditor, yesterday at the weekly luncheon meeting of the Orange Rotary club in the Hotel Rochester. "And when such an issue is once passed," continued Jerome, "all taxpayers should willingly shoulder the burden."

Jerome pointed out the several different ways in which the money collected in taxes is returned to the property owner. Road work, educational facilities and charitable institutions are some of the ways cited by Jerome in which the public gets its money back.

Acceptance of the challenge extended by the local Lions' club to a game of indoor baseball to be played some time next week was voted. Getting behind the project of supplying the Y. M. C. A. summer camp at Oseola with eight tent-cabins, the club voted to provide a means of transporting the material, voted last week to construct the cabins to the camp.

Dr. B. A. Garrison rendered two baritone solos as a part of the entertainment program.

WATER SITUATION TO BE DISCUSSED

ORANGE, May 28.—Faced with a water shortage during the coming summer months, minds of Orange's leading citizens are pondering over the problem of what and how to alleviate the situation. Since the citizens have so decisively registered their disapproval of providing a greater source of water, as outlined in the project submitted Wednesday for the approval of residents of Orange, the city officials are in a quandary.

That an emergency does exist is admitted by those conversant with water matters. Reports that for several weeks during last summer, the water department contemplated shutting off the water supply for certain hours during the day to allow the wells a chance to recover from excessive withdrawals, have been widely circulated, coupled with additional rumors that the water will actually have to be closed off at times this summer.

The board meets next Tuesday and it is anticipated that the matter will be thoroughly discussed at that time and some action taken.

I. O. O. F. Lodge Honors Palmer

ORANGE, May 28.—In honor of C. A. Palmer, recently chosen grand master of the grand lodge, the Orange I. O. O. F. lodge last night held a reception for him.

F. G. Hart, district deputy grand master, opened the reception with an address of welcome. Vera Welton extended greetings on behalf of Ruby Rebekah lodge. A short program followed under the chairmanship of Joe Hildreth. L. W. Rains, Anaheim, accompanied by his sister, Rosalie Shell gave a piano reading. A one-act comedy sketch performed by Messrs. Vast, Bertram and Shell concluded the entertainment program.

W. W. Perry, past district deputy grand master, presented C. A. Palmer to the crowd of about 200. Palmer responded. Other speeches were made by Roy K. Bishop, grand marshal, and Harry Handy.

A collar case was presented to Palmer by Orange lodge No. 225 and Ruby Rebekah lodge No. 52.

Complete Orange P. O. By June 15

ORANGE, May 28.—Although the contract calls for completion by June 1, indications are that the post-office structure will not be ready for occupancy until June 15. Hardwood floors have been laid. Plaster both in and outside is being applied by a crew of workers. H. B. Lembke is the contractor.

Relapse Caused By Doctor's Bill

DETROIT, Mich., May 28.—Dr. Stuart Wilson, a Detroit heart specialist, won a fee of \$1000 from C. Frank Wolff for a 35-hour professional call during the illness of Mrs. Wolff. A check for the amount payment of which was stopped, was held by a court to be acknowledgment of the bill, which Wolff testified "caused a relapse" when sent by his wife.

SLEEPING SICKNESS EXPLAINED IN FILMS

NEW HAVEN, Conn., May 28.—Are you beginning to walk like a camel or an elephant? Do you pick your way along with sagging chest? Do you flop your feet on the ground as if you never intended lifting them again? If so, you may be returning to the animal kingdom.

Such are the symptoms of an acute phase of sleeping sickness, at a point where the sufferer is thrust downward on the ladder of evolution till he is more animal than man—a docile, meandering animal.

About 30 cases of sleeping sickness in various stages, gathered largely in Europe, were represented in 5000 feet of film shown by Dr. Simon P. Goodhart, professor of clinical neurology at Columbia, to the Yale faculty of medicine and a group of students in Woolsey hall.

Dr. Goodhart, terming sleeping sickness "the world's most dread disease," said this, the first world study of it, showed that the disease's onslaught thrusts human beings backward till their gait closely resembles that of a camel or elephant, as the case may be.

PREPARE FOR L. A. BANK CONVENTION

LOS ANGELES, May 28.—On the installment payment system problem will be focused one of the chief searchlights of inquiry when the American Bankers' association meets in annual convention in Los Angeles the first week in October. F. N. Shepherd, executive manager of the organization in New York, declared here.

The bankers' association manager who was a guest at the Hotel Biltmore, said that he was here to meet with the 13 committees from local member banks in connection with plans for the coming convention. He will attend the state bankers' meeting at Del Monte, he said and proceed from there to Portland on the return trip home.

Ultra-Violet Ray Milk Ricket Cure

ANN ARBOR, Mich., May 28.—Through ultra-violet ray treatments an ordinary milk cow may be induced to produce milk which cures rickets, according to Dr. Howard B. Lewis, of the University of Michigan. The milk has a higher anti-ricket constituency than either cod liver oil or calcium, he said.

Ford Prepares to Junk 200 Vessels

DETROIT, Mich., May 28.—Henry Ford will dismantle the 200 shipping board vessels purchased from the government last year in a large floating drydock now under construction by the Great Lakes Engineering Works. The drydock, expected to be completed by June 1, will cost approximately \$100,000.

Price lists of 1760 reveal that women used rouge, powder, perfumed waters, freckle remover and bleach, but had to make all the preparations themselves.

A drop of water may contain as many as 100 forms of life, visible under a powerful microscope.

Promissory notes were in existence in Egypt in 400 B. C.

The Greeks used a concoction of ashes, earthworms and perfumed oil to keep their hair from turning white.

Flowers used in perfume are picked at the time of day when their scent is strongest.

SANTA ANA LODGE ACTIVITIES

SONS OF WEST PUT IN CHARGE OF MONUMENT

Congressman Phil D. Swing has succeeded in having the Native Sons of the Golden West designated as the agency in charge of a monument to Juan Rodriguez Cabrillo, discoverer of California, to be erected at Point Loma, San Diego, it was revealed by Mel Head, secretary, at the meeting last night of Santa Ana parlor, No. 265, Native Sons of the Golden West. Head had received a letter from the congressman advising of this fact.

Cabrillo discovered California and sailed into San Diego bay on Sept. 28, 1542, and Point Loma lies with the military reservation of Fort Rosecrans, the first land sighted by the discoverer.

The parcel of land on which the monument will be located was proclaimed by the late President Woodrow Wilson as a national monument to commemorate the discovery of California by Cabrillo.

The grand parlor of Native Sons has appropriated \$10,000 and the parlor at San Diego has obligated itself to raise \$50,000 toward cost of the memorial.

Eight new members were initiated last night, with the degree team of Ramona parlor, Los Angeles, putting on the work. The candidates were Nelson M. Smith, Vivian S. Quick, Douglas D. Paterson, John H. Pankey, Curtis Hickman, Fred Forsy, George B. Clough and W. R. Browne. Another initiation will be held on June 28, when the Ramona parlor team will again officiate.

Alvin Selvidge was named chairman of a committee to confer with the parlor of Native Daughters to arrange a joint picnic for some date next month.

PAST MATRONS OF STAR ENTERTAINED

Twenty-five members of the Past Matrons' association of Hermosa chapter, O.E.S. and three guests shared the hospitality of Mrs. Minnie Holmes, Mrs. Elizabeth Moore, Miss Martha Whitson and Mrs. Laura McCormack, in the Masonic temple, Thursday May 20, when luncheon was served in the banquet room.

All were seated at one long table, in the center of which was a huge basket of flowers. Silver candlesticks held yellow tapers and at each place was a small corsage of yellow flowers.

At the head of the table Mrs. Jennie Peek, president of the association, and Mrs. Genevieve Lacy, worthy matron of Hermosa chapter, occupied places of honor.

At the business meeting, which followed, roll call was answered by "Timely Topics." It was announced that Mrs. Carrie Tople, Mrs. Martha Reinhaus, Mrs. Cora Cavins and Mrs. Francis Ellis will be hostesses at the June meeting.

Guests who were present Thursday were Mrs. Genevieve Lacy, Mrs. B. S. Barton and Mrs. Sarah Noble, of Pratt, Kas.

Members present were Minnie Briggs, Amber Burk, Cora Cavins, Lulu Drake, Ida Dumphrey, Francis Ellis, Minnie Holmes, Ruth Hurlbut, Lellah Jones, Laura Lindley, Laura McCormack, Laura Mitchell, Martha Medlock, Elizabeth Moore, Jennie Peek, Fannie Reeves, Martha Reinhaus, Pauline Reinhaus, Mabel Rowland, Ella Strausberger, Alice

Mock Wedding Is Program Feature Of Brotherhood

A feature of the program at the meeting of the Fraternal Brotherhood, held Friday night in El Camino hall, was a mock wedding. Those taking part were Mrs. Hazel Graham, bride; Mrs. Herron, bridegroom; Mrs. Hansen, bridesmaid; Mr. Herron, best man, and Mr. Hansen, minister.

Other numbers on the program were a Charleston, by Miss Margaret Herron; dance, by Miss Nancy Laurie; guitar solo, by Miss Mildred Howard; another Charleston, by Miss Laurie; dance, by Miss Theda Tucker, and piano solo, by Miss Mast.

Mr. and Mrs. Ralph Johnson were initiated.

NEW MASONIC TEMPLE BODY IS ORGANIZED

In order to carry out plans for a new Masonic temple, the Santa Ana Masonic Temple association was organized Monday evening.

Officers elected were Stanley Reinhaus, president; James T. Carter, vice president; Charles D. Brown, treasurer, and Marshall Keeler, secretary. Others who are on the board of directors are L. P. Harvey, Charles Mitchell, Dr. L. L. Whitson, Robert Speed, Asa Hoffman, William Iverson and E. B. Smith.

Committees were appointed to decide whether it will be wiser to sell the present Masonic temple and buy a new site or to erect a new building on the present site.

The association will meet Monday evening, June 7.

Pythian Knights Enjoy Dancing

Members of Santa Ana lodge, No. 149, Knights of Pythias, enjoyed an evening of dancing last Wednesday night, after the regular business session, which terminated at an early hour.

E. W. Cochems, delegate to the grand lodge, which met in Santa Barbara last week, made a report of the proceedings of the four days session.

The rank of page will be conferred on several candidates next Wednesday night, at the regular meeting place, M. W. of A. hall.

Temple Delegate Delivers Report

Mrs. Emma Cochems, delegate to the grand temple, Pythian Sisters, which met in Santa Barbara last week, made a detailed report of the session at the meeting, last Tuesday night, of Santa Ana temple, No. 115.

The resignation of Alice Backman as junior, was read and accepted. Thelma Cressy was elected to fill the vacancy.

Santa Ana temple, No. 115, Pythian sisters, meets the first and third Tuesday of each month in the G.A.R. hall.

Tubbs, Emma Jean Trueblood, Martha Whitson, Thelma Whitson and Maud Winbiger.

PATRIARCHS TO FRATERNAL AID HAVE BIG TIME AT RIVERSIDE PAYS TRIBUTE AT MEMORIAL

The first annual regimental drill of the fourth regiment, second brigade, Patriarchs Militant, L.O.O.F., will be held at Riverside, May 29, 30 and 31, when lodges from all Southern California will be at attendance.

Celebrities of the organization who will be present are Maj. Gen. C. H. Cornbeck, general department commander of the state of California; Brig. Gen. W. K. Neiman, of the first brigade; Brig. Gen. W. D. Stokes, of the second brigade, and Col. F. D. Toone and his staff of officers.

The drill will be opened Saturday evening with a grand military ball at Odd Fellows' temple. Sunday morning, will be devoted to the school of instruction. For the afternoon, a field meet and regimental maneuvers, are planned, and in the evening members will attend services at the First Methodist Episcopal church, Sixth and Orange streets. On Monday morning, the Memorial day parade will be held, when members will be in full dress uniform. The afternoon will be spent in a sight-seeing trip.

Those who will attend the drill from Santa Ana canton are W. W. Chandler, J. C. Clark, W. J. Cozad, C. C. Cozad, Erickson Almar, John Holt, H. W. Myrick, N. T. Nelson, J. J. Pyle, George E. Peters, O. M. Summerville, George W. Stoval, John Thiesenhusen, Gen. B. Utley, Capt. A. E. Shoemaker, A. T. Waggoner, Maj. J. W. Crawford, Maj. R. B. Cook, Lt. Col. R. T. Labadie, all of Santa Ana; W. D. Peterkin, Charles E. Frost and C. H. Farmer, Orange; William E. Mang, Henry Mang, George F. Turner, C. Nelson, J. S. Howard, Russell Geever, Roy N. Pollock, Hervey Patton, Anaheim, and C. W. Murphy, Fullerton.

SANTA ANANS ARE BANQUET GUESTS

Seventy-five members of the Fraternal Brotherhood went to Long Beach Wednesday evening and were guests at a banquet given by the Long Beach lodge. The banquet was in honor of the Santa Ana organization, because it won in a recent membership contest.

A number of short addresses were given. Santa Anans making addresses were Harry Crane, James Crane, T. H. Trickey and Miss Lydia Pitts. Ray Morgan, of this city, gave a special dance. Following the banquet, the evening was spent in dancing.

Tonight, members of the lodge will meet at El Camino hall, when a social dance will be held. The lodge orchestra will provide the music.

Woman's Relief Corps In Session

At the regular meeting of the Woman's Relief corps, in G.A.R. hall, Wednesday, Mrs. Margaret Culver, vice president, presided, as Mrs. Elizabeth Birkhead, president, was in Pasadena attending the department convention. The usual business was transacted and members were requested to attend the federation at Orange, Monday.

Members of the Fraternal Aid union met Friday evening, in M. W. A. hall, when they held memorial services with the Orange lodge. The flag was saluted, after which the "Star Spangled Banner" was sung by all. A reading was given by Mrs. Veda Pankey.

Those taking part in the exercises were J. W. Harris, Orlando James, Frank Harris, R. P. Mitchell, George Mills, Albert Schrott, Mrs. Martha Schrott, Mrs. Lillian Harris, Mrs. Frank Gardiner, Mrs. Clara McCord, Mrs. Evelyn Seales, Mrs. Ethel James, Mrs. Veda Pankey, Mrs. Matilda Moesser, Mrs. Minnie Harris and Miss Marcha Babbit.

Former Judge F. C. Drumm delivered the address. A solo by Mrs. Frank Harris was followed by a fancy drill, put on by the Santa Ana team.

A report of the convention, held last week in Los Angeles, was given by the delegates who attended. They were Mrs. McCord, Mrs. Schrott, Clarence Smith, Mr. Gardiner and J. W. Harris.

UNITED DAUGHTERS INSTALL OFFICERS

At the last meeting of the United Daughters of the Confederacy, held at the home of Mrs. Ben Tarver on North Main street, officers for the coming year were elected. They were Mrs. Cornelia Hunt Phillips, president; Mrs. W. H. Head, first vice president; Mrs. Rebekah Pope, second vice president; Mrs. Fay Gardner, secretary; Mrs. Roy Stedman, treasurer; Mrs. Victor Montgomery, registrar; Mrs. George Wells, historian, and Mrs. Alice Turner, chaplain.

An interesting account was given of the state convention, held recently in San Diego, which Mrs. Cornelia Hunt Phillips and Mrs. Rebekah Pope attended. The convention was held in the San Diego hotel, where the opening address was given by Mayor Bacon, of that city. On the closing night, delegates were guests at a grand ball.

Mrs. Tarver, Mrs. Turner and Mrs. May Field, hostesses, served refreshments.

Plans were made for the decoration of the soldiers' graves on Thursday, June 3. There will be a picnic lunch, in Birch park, at 12:30 o'clock, June 3.

DANCE BY SCOTS IS HUGE SUCCESS

The Scots' old-fashioned dance, held Wednesday evening in El Camino hall, was a great success, according to W. B. Ashford, toparch of the lodge. The orchestra, Sanford's Snappy Five, showed itself competent to play old as well as new numbers, when such dances as the square dance and Virginia reel were in progress.

The supper boxes were auctioned off by Ed Marble, who provided further entertainment by singing several songs. A prize, a gold mesh bag, was won by Mrs. Daisy Nicholson, of Long Beach.

Mr. Ashford said that Memorial day would be marked by the Scots as an unusually happy time, as camps from all over Southern California would journey to the Masonic playgrounds in the Valley of the Moon, San Bernardino mountains, for three days' celebration, starting Saturday evening, May 29. For the first time, Masonic members will be allowed to fish from the new lake that was built there recently. The Scot bands from Pasadena and San Bernardino will be there and will offer their share of the entertainment in the form of music.

O. E. S. CHAPTER HOLDS MEMORIAL

Memorial services were held Monday night at the meeting in Masonic temple Santa Ana chapter, O. E. S., for Mrs. Hannah McKeen. Mrs. Nell Winslow, secretary of Hermosa chapter, took the place of Miss Lettie Stow, secretary of Santa Ana chapter, who was absent.

It was announced that all appointive officers were invited to a party, to be held at Brea, Monday evening, June 7.

Addresses were given by James Carter, vice president, of the Masonic organization, and Asa Hoffman, who discussed the possibilities of having a new temple.

Bridge club of Santa Ana chapter, will not meet as was previously planned. The meeting will be held Friday, June 4, at the home of Mrs. Sam Jernigan.

Play Presented At Tustin Lodge

Having proven a success when put on for the auxiliary of the American Legion last Thursday night, the cast of "How the Story Grew" presented the same play at the meeting of the Tustin Knights of Pythias, Tuesday evening.

The cast included Mrs. Dorothy Parker, Mrs. Lella Baird, Mrs. Rowena Fultz, Mrs. Gertrude Collier, Mrs. Charline Utt, Mrs. Edith Shanley, Miss Clarice Cummings and Miss Nora Lykke.

These players are planning to give another play some time in the fall.

This Lady Says a Neighbor
Urged Her to Take Cardui,
When She Was Weak and
Thin, and Now She's
Well

Warrenville, S. C.—"I dragged around—had no strength to lift anything around, and was so poor you could span around my waist," says Mrs. Janie Fields, of this place.

"One day a neighbor told me about her experience with Cardui. It had helped her so much she begged me to take it. My husband thought it would be a good thing, so he got me a bottle to try. Almost immediately I began to pick up. After a few doses my appetite began to improve and I began to eat. For the first time in several years I was really hungry."

"At that time I took five bottles of Cardui. It was helping me so my husband kept buying it for me. Cardui is the finest medicine I ever took. My health improved wonderfully after taking it. I felt like an entirely different person, and I certainly looked different. All my friends noticed my improvement and talked about it. Within four months after I began taking Cardui I felt perfectly well."

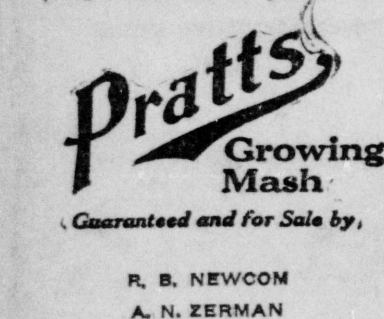

"This past winter I had the 'flu,' which left me weak and run-down. Immediately I told my husband to get me some Cardui, which he did, and it has helped me very much. As a tonic, Cardui is the best one I know of."

For sale by all druggists.

Grow 'em Quick
this way!

Only one thing has made Pratt's the most popular growing mash in the world—it gives the maximum growth of muscle, bone and feather on the least food. Remember that Pratt's is the only mash guaranteed as to quality of ingredients and uniformity of formula. And that its four sources of animal protein and four sources of vegetable nourishment make it a perfect complete ration in itself. Finally, that it is free of dust, charcoal, hulls. Those are the reasons Pratt's wins success for you!

OPPOSE EFFORT
TO CURB ENTRY
OF MEXICANS

WASHINGTON, May 28.—The department of law favors placing immigration quota restrictions against Canada, Mexico and Central and South America, according to a recent speech of Harry E. Hull, commissioner general of immigration.

Such a proposal will be opposed by California interests which annually import Mexican seasonal labor for harvest work.

Commissioner Hull in his speech said:

"An inequitable situation is presented by the fact that aliens in unlimited number may now enter the United States from adjacent territory. Natives of Mexico, for instance, can come in without quota restrictions, while those of England, Germany, and other European countries can enter only in a comparatively small number each year."

"I believe it highly desirable to the welfare of this country that a limit be placed upon the number of aliens that may come from Mexico, or from any other territory in this hemisphere. This immigration tends to complicate our problem."

"The unfairness of permitting unlimited numbers of Mexicans to come into this country, as they may now, becomes more apparent when we remember that under the existing law, an American citizen is unable to bring in from a quota country his aged parents, if those parents are of European origin. Such a situation should be corrected."

"There are over a million Mexicans in this country, and their number is increasing very rapidly. Twenty-five per cent of them, perhaps, are here illegally. But it is next to useless to spend the money to locate them in order to deport them. When we get them to the line, many of them are able to qualify legally and return to the United States by payment of the \$8 head tax."

100,000 Lives Are
Saved by Guards

WASHINGTON, May 28.—Heroic work of the coast guard during the last six years has resulted in saving the lives of more than 100,000 persons from the perils of the sea.

Statistics of the guard operations just made public, show that since the World war the service has assisted hundreds of vessels with a total value of more than \$267,175,000, and recovered derelicts valued at \$2,858,010.

Fine penalties incurred by vessels violating the custom laws during the period were reported at \$1,739,734.

During the last two years, 126 guardsmen met death in line of duty and 652 were injured.

Leacuer any car, \$15 to \$50. One Day Paint Shop, 410 W. 5th.

REWED AFTER 32 YEARS

Thirty-two years ago, Charles and Stella Zeuch, of St. Louis, were divorced. Each married and a few years ago the second mate of each one died. Now, lonely in their old age, they have remarried and are going on their second honeymoon together. He is 66; she is 63.

OLD TIME BARN
DANCE SCHEDULED

LAGUNA BEACH, May 28.—An old time barn dance is to be held in Laguna Beach tomorrow night. The features of the evening will be an old time fiddlers' contest and a cake walk. Cash prizes will be given to the three best old time fiddlers and a large cake will be given to the winners of the cake walk contest.

Old time square dances will head the list on the dance program, but numerous waltzes, two steps and one steps will intersperse and lend variety so that all will have plenty of opportunity to dance and enjoy themselves.

This dance is being given for the benefit of the Laguna Beach Library Building association and every cent of the funds derived from the dance will go to that association.

Mr. and Mrs. Edward G. Hofer and Carl Hofer are donating the use of their new garage, which they are just completing—hence the name, "Henry Ford barn dance."

Probably the best known old time fiddler in Southern California, J. W. Mitchell of Santa Ana, will lead the music.

The general public is invited to this dance. There will be room for all and a good time is assured.

9 Women Taking
Building Course

URBANA, Ill., May 28.—The nine women enrolled in a course of straight architecture at the University of Illinois take the work because they see future possibilities in the profession.

The course is of four years and leads to a degree of Bachelor of Science.

They have the same curriculum as the men and are required to do the same work. Instructors in the class claim there is great opportunity for women in architecture, especially along the lines of domestic architecture.

U. S. FIRMS TO
CONTROL HUGE
ZINC PROPERTY

BRESLAU, Germany, May 28.—The Anaconda Copper Mining company and W. A. Harriman and company, bankers, both American concerns, have acquired control of the Polish holdings of George von Giesche's heirs. The negotiations which have been going on since last November have been done on since last November were satisfactorily concluded today.

The firm was founded by Geo. von Giesche, who in 1704 obtained an exclusive concession from Leopold I of Austria for mining zinc in Silesia. The shares in the concern have been handed down from generation to generation, and emperors, kings and statesmen have tried in vain to acquire the control which now goes to the Americans.

Falls of Renewal

The exclusive zinc mining concession in Silesia failed of renewal in 1902, but the concern by branching into other industries was able to keep up its fabulous profits. No exact estimate of the company's value was made until 1913, when for taxation purposes the Von Giesche family valued their possessions at \$80,000,000 marks. It was the highest valuation of any undertaking in Germany, not exceeding the Krupps.

When the World war broke out, the concern bought German war bonds for 100,000,000 gold marks, or more than any other German concern or individual.

In the inflation period, which followed, the 100,000,000 marks invested in war loans became almost worthless, the cash reserves melted away and the Von Giesches had to go borrowing. Two sources were open to the firm. One was to obtain state aid and the other to interest outside capital.

Negotiations Opened

Negotiations were opened with the Anaconda and Harriman interests, which led to a proposal for the formation of an American corporation to acquire all the Von Giesche property in Poland. The proposal was heartily welcomed by the Polish government. The shareholders last November approved the proposition, but it took six additional months before the intricate legal, financial, political and administrative problems could be straightened out and the American option converted into a permanent acquisition.

At the request of the Prussian state government, the Harriman-Anaconda representatives agreed that acquisition of the Polish part of the concern would not mean interference with the ore exploitation operations of the Von Giesche properties in Germany.

Historians Say
Nun Was First
German Poetess

GANDERSHEIM, Brunswick, May 28.—A Catholic nun named Hroswitha has been acclaimed the first poetess of Germany by historians.

She flourished about 950-1000 A. D. and was an inmate of the Benedictine convent, at Gandersheim, where she wrote legends, epigrams and dramas which carried her fame beyond the confines of her native country.

The people of Gandersheim have set aside June 13 for special memorial exercises in her honor.

Cresley Radio at Gerwing's.

Whiten Skin
with Lemon

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared.—Adv.

FORCED SALE!
of High Grade Merchandise

The merit of the Simon & Skidmore tools is well known.

We have bought all this stock at a low figure and will sell it at prices to surprise you.

Included with the tools, materials and fixtures, which are to be sold at a very small part of their value are—

- Some 14,000 patent squares (a tri-square and bevel square to measure angles to 1-2 of one degree).
- Screw Drivers, a combination no shop should be without.
- LUMBER, FIXTURES, WATER PIPE.
- 11-16 Inch Cold Rolled Steel.
- FIFTEEN TONS OF TOOL STEEL.

Santa Fe Valley
farms

Del Mar Beach ~ 4 1/2 Miles

MORGAN RANCH UNIT NO. 1
San Diego County

ONE of the greatest agricultural opportunities ever offered in income producing farms in the finest fruit and vegetable district in Southern California at exceptionally low prices.

Ideally located...

- 30 Miles North of San Diego
- 110 Miles South of Los Angeles
- 4 1/2 Miles from Del Mar—Fishing and Ocean Bathing
- 4 1/2 Miles from Lake Hodges
- 1 Mile from Beautiful Guest House of Rancho Santa Fe
- 1 Mile from Grammar School
- 4 Miles from Coast Highway

SIZE of FARMS—2 1/2 ACRES to 20 ACRES
Prices Range from \$400 to \$600 per Acre
Initial payment 25 per cent cash —
Balance in 10 equal annual installments

These Santa Fe Valley Farms were originally a part of the romantic Rancho Santa Fe. The soil is a rich, sandy silt loam and especially adapted to the raising of fruits of all varieties—peaches, apricots, pears and all kinds of vegetables in the valley—while on the hillsides adjoining the valley, oranges, lemons, avocados and grape fruit thrive splendidly.

THREE CROP LAND

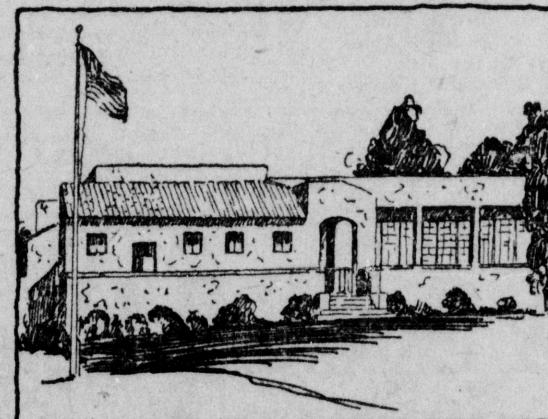

Owing to the splendid climatic conditions and remarkable fertility of the soil it is possible on this land to raise three crops of vegetables per year between the rows of trees, any one crop of which should more than make your annual payment on the land.

Ample irrigation water from powerful electric pumps. Lift, 24 to 30 ft. Splendid transportation facilities, 54 miles hard surfaced roads on Rancho Santa Fe. Two railway stations within 5 miles. Railway shipping station 2 miles.

Guest House—Rancho Santa Fe—1 Mile

Grammar School ~ 1 Mile

To reach Santa Fe Valley Farms by auto, drive south on the coast route until you reach Solano Beach, 15 miles below Oceanside. Watch for the Meline Company tract of office on the boulevard. We will be glad to take you over the property at any time.

Own your own farm—In a few years your property will be almost priceless in value

WOMAN NAME SPANISH COURT

MADRID, May 28.—Nobility of birth and character is widespread among the women of Spain, but nobility is scarce. There is, however, a class of women coming to the front that are likely to be heard about on account of their achievements.

One of these new women of renaissance Spain, who has, in spite of her youth and humble origin, acquired nationwide fame, is Clara Campor, woman lawyer.

After fighting against all the prejudices of Spain, where the woman is still subordinate to the man, Madame Campor succeeded in gaining recognition for her sex before the courts of law. By her ability, good judgment, learning and powers of oratory she now promises to go far in the struggle for the emancipation of Spanish women.

This Spanish Portia was left an orphan at the age of 10, with several brothers and sisters, and without a vestige of fortune. At 12 she left the primary school and started work in a factory, where the work was so hard she decided to seek more congenial occupation.

Although much of her energy was sapped by her long day's labor, she devoted her few hours in learning the typewriter and, having acquired skill, obtained employment as office clerk. Then she took up telegraphy and was soon able to enter the government telegraph service, being assigned first to San Sebastian and afterward to Zaragoza.

Her occupation did not prevent a continuance of her studies. She acquired shorthand and became so expert that she was offered and accepted an engagement as teacher of stenography in the national schools of Madrid. As an additional outlet for her indomitable energy she took up newspaper work and soon was recognized as a valuable contributor. At the same time she studied law and later was admitted to the Spanish bar.

Her first case was the successful defense of a young girl who had wounded a would-be lover while defending her honor.

Legal Notice

OFFICIAL STATEMENT OF THE PROCEEDINGS OF THE BOARD OF SUPERVISORS OF THE COUNTY OF ORANGE, CALIFORNIA.

Santa Ana, California, May 28th, 1926.

The board met in regular session. Present, Supervisors T. B. Talbert, chairman; S. H. Finley, Willard Smith, George Jefferson and the clerk, Assistant Supervisor Wm. Schumacher.

Minutes of the previous meeting were read and approved.

Demands on the County of Orange were allowed as read.

B. P. Reswick was granted a sixty day leave of absence from the state. The chairman was authorized to approve the bond on Map Tract No. 72.

The chairman was authorized to approve the bond on Map Tract No. 130 and same was approved.

State aid was ordered granted to Mrs. M. Litchford.

Spraying licenses were ordered issued to Geo. B. Cabell, Jack McCracken, Kime & Son, Henley Apple Co., Noble Brothers, Chas. E. Torrey and William Vogele. Fumigating licenses were ordered issued to R. L. Noble and Blacenta Orange Growers.

It was ordered that taxes on certain property which is part of the California State Highway be cancelled.

The county auditor was directed to transfer certain funds from certain funds and deposit same in the general fund.

Deed for right-of-way from John Purves, et ux was accepted.

Deed for right-of-way from Nellie A. Lloyd, et al. was accepted.

Deed for right-of-way from Paul Kogler, et al. was accepted.

Deed for right-of-way from Volunina Gaudin, et al. was accepted.

Deed for right-of-way from G. W. Prior, et al. was accepted.

E. R. Abbey, deputy county clerk, was granted a five days' leave of absence from the state, commencing May 29th, 1926.

An ordinance providing for the control and eradication of rabies in the County of Orange, requiring the vaccination and licensing of dogs, and providing a penalty for the violation of its provisions was regularly adopted.

The new bridge and the widening of existing bridges on the Santa Ana Canyon road across the Santa Ana Valley Irrigation Company's canal was accepted as completed by Mercereau Bridge & Construction Company, contractors.

A resolution was adopted designating the name of the park heretofore known as Orange County Park, as Irvine Park.

It was ordered that water be furnished to the preventorium camp from the county park.

W. K. Hilyard was appointed engineer in charge of work for Orange County Water Works District No. 3.

The board agreed to and recommended the closing of the Victoria street crossing the Santa Fe Bay, as soon as the subway for the State Highway connection has been completed and the new highway connection is opened for the public travel.

Stewart A. Cunliff was appointed constable for Newport Beach Township.

All bills received for the construction of steel water tower for Orange County Water Works District No. 3, were taken under advisement until June 1st, 1926, at 11:00 a. m.

A resolution was adopted relative to advertising schedule.

Bids will be received up to July 6th, 1926, at 10:00 a. m., for the construction of buildings for Tri-County Tubercular Hospital.

Bill of sale and deeds from Home Tract Water Co. and Garden Grove City Water Co., were accepted for Orange County Water Works District No. 2.

The board adjourned to June 1st, 1926, at 10:00 a. m.

J. M. BACKS, County Clerk and Ex-officio Clerk of the Board of Supervisors of Orange County, California.

NOTICE FOR PUBLICATION OF TIME OF PROVING WILL, ETC. In the Superior Court of the County of Orange, State of California.

In the matter of the estate of Henrietta Koehler, deceased.

Notice is hereby given that Friday, the 11th day of June, 1926, at 10 o'clock a. m., of said day, at the court room of this court, department No. 2, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Security Trust and Savings Bank, a corporation of Los Angeles, California, praying that documents now on file in this court, purporting to be the last Will and Testament of the said deceased and a codicil thereto, be admitted to probate, that letters testamentary be issued thereon to said Security Trust and Savings Bank at which time and place all persons interested therein may appear and contest the same.

Dated, May 28th, 1926.

J. M. BACKS, County Clerk.

F. C. DRUM, Attorney for Petitioner.

Our Neighbors

POMONA—The assessed valuation of the city of Pomona shows an approximate gain of \$700,000 for the past year. The normal rate of increase in the amount of assessment each year is about \$500,000 for Pomona. In other words, there are property improvements, new building, etc., whose assessed valuation will reach that amount.

However it will be noted that this year the gain is \$700,000, the largest in any one year in the history of the city. The explanation for the increase is contained in the re-appraisal of city property which was made under the instruction of the city council. As a result of this the \$200,000 has been added to the assessed value of the properties about the city.

VAN NUTS—Saugus avenue, long north and south highway in San Fernando valley, west of here, is no more. It has all of a sudden become Sepulveda boulevard, according to new signs that have been placed on the thoroughfare, which eventually is to become the great north and south across this valley. When the project is completed, as planned, the boulevard will run from Sawtelle to Brand boulevard at Mission Acres, thence going north into San Fernando city and on over the Ridge route into the inland country. The new street signs are similar in color and design to those recently placed on El Nido street, when that road was renamed Burbank boulevard, east and west across San Fernando valley.

LONG BEACH—When a carload of granite blocks was dumped Tuesday at the north end of what will some day be the Long Beach breakwater, the first link in this great outer harbor project was forged. Fifty tons of rock were deposited in the future structure during the day, according to William Arndt, superintendent for the Hauser Construction company, which holds a contract with the city for outer harbor rock work. A 50-ton load will be dumped in the breakwater every day this week, so that a total of 600 tons will be deposited by the beginning of next week.

SAN DIEGO—Construction of a 14-story building at a cost of approximately \$3,000,000 at the northeast corner of Fourth and Broadway to be occupied by Holzwasser's, Inc., is announced by Charles S. Holzwasser, president. Plans are nearly completed for erection of the class A type concrete structure and as soon as satisfactory arrangements are made with the Owl Drug company, construction work will be started, Holzwasser said. It is expected that work will start January 1. The site is occupied by the Owl Drug company and two other tenants at present. The second, third and fourth floors of the Owl Drug company building are occupied by the department store at present. The basement of the drug store is occupied also by Holzwasser's.

REDLANDS—Redlands should, at the present rate, double her population in 1930 over the census of 1920. A check just completed by Postmaster James P. Wheat shows 15,000 population as a conservative estimate. Redland's population in 1920 was about 10,000. The regular semi-annual inspection of the city carriers' route just completed by Clerk C. A. McCubbin shows 3360 possible stops, and four persons to each stop brings the population above the 16,000 mark. An average of 20,000 pieces of mail are handled in the office each day and more than 9000 are delivered by city carriers daily.

URGES WOMEN TO UNDERSTAND MEN

ATLANTIC CITY, N. J., May 28.—The man whose wife doesn't understand him will pay out of existence if women take the advice of Mrs. John Dickinson Sherman, of Washington, president of the General Federation of Women's Clubs, in her report to the annual convention.

The time is near, Mrs. Sherman said, when the work of women will be no different from that of men and both men and women should prepare by getting a better understanding of the opposite sex. The ideal club of the future, she continued, will have both men and women members who will exchange points of view. She urged women to strive for better understandings of men through the exchange of opinion.

"Command respect and don't whine for it," Mrs. Sherman said. "Inspire a closer co-operation and a finer, deeper companionship—don't fret for it."

FLOODS IN RUSSIA PERIL THOUSANDS

MOSCOW, May 28.—Thousands have been driven from their homes by a flood which has moved down the Volga river in the last few weeks and is sweeping over parts of low-lying river towns and surrounding country, dispatches from Saratov reported.

It reached its greatest height at that city, surpassing the record flood of 1899.

Railroad communications between Saratov and eastern and southern points in the Urals and Astrakhan is endangered, the dispatches reported.

Because the flood developed and moved slowly, casualties were few, although losses in homes and property destroyed and in cattle drowned were estimated at millions of rubles.

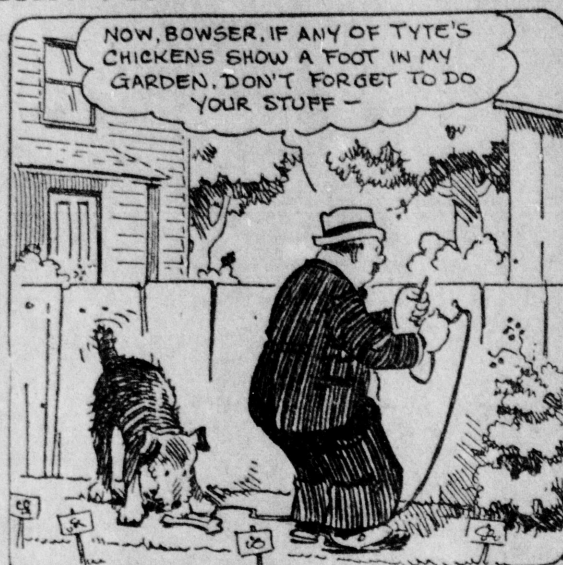

TIRES AT LOWEST PRICES Guaranteed, Rebuilt, 30x3 1/2, \$4.50 Cords, 31x4, \$6.25, 32x4, \$7.50, 34x 4 1/2, \$9.50. Other Cord sizes in stock. Garwins, 312 Broadway.

IVANHOE—Sir Walter Scott's Classic in Pictorial Form

ISAAC WENT TO TEMPLESTONE, WHERE HE WAS AD-
DRESSED BY BEAUMANOIR. HE TOLD THAT BOIS-
GUILBERT HAD TAKEN HIS DAUGHTER CAPTIVE, BUT HE
WAS BANISHED FROM THE PRECEPTORY WITH THE
PROMISE THAT REBECCA, WHOM BEAUMANOIR HAD RE-
SON TO THINK, WOULD BE DEALT WITH AC-
CORDING TO CHRISTIAN LAW.

BY THAT HE MEANT THAT SHE WOULD STAND TRIAL
FOR SORCERY, THE PENALTY BEING BURNING AT
THE STAKE. REBECCA WAS AT TEMPLESTONE
BROUGHT THERE BY BOIS-GUILBERT, WHO THOUGHT
BEAUMANOIR WOULD NOT LEARN OF HER PRESENCE.
THE TRIAL WAS A MERE MOCKERY, AND SENTENCE WAS
PASSED ON THE POOR REBECCA.

HOWEVER, SHE WAS ADVISED BY BRIAN DE BOIS-
GUILBERT TO CLAIM THE PRIVILEGE OF A CHAM-
BER. ACCORDINGLY, IT WAS AGREED THAT A MAN
MIGHT BE FOUND WITHIN THREE DAYS TO RISK HIS
LIFE AGAINST BOIS-GUILBERT IN HER DEFENSE. SHE
WOULD HAVE A CHANCE FOR HER LIFE. REBECCA DIS-
PATCHED A MESSAGE TO HER FATHER.

IN IT SHE TOLD HIM TO SEEK OUT WILFRED OF IVAN-
HOE AND EXPLAIN HER FLIGHT. IVANHOE WAS STILL
TOO WEAK TO BEAR ARMOR, BUT IT WAS HER THOUGHT
THAT HE MIGHT ENLIST THE AID OF SOME FRIEND. HER
CAUSE WAS ALMOST HOPELESS, FOR IT WAS KNOWN
THAT NONE COULD BEAR ARMS WITH GUILBERT, SAVE
IVANHOE AND RICHARD HIMSELF.

The WOMAN'S DAY

By Allene Sumner

"It May Be Life—"
"Jack loves me well enough, I
know.
But does he ever bite his lip.
And does he chew his cheek to show
That Passion's got him in a grip?
An' does his gun go pop-pop-pop
When feliars gets familiar? No.
He just says, 'Op it!' and they 'op-
It may be life, but ain't it slow?"

His List!
Suppose that somebody handed
you paper and pencil with a sign-
on-the-dotted-line expression, and
told you to list the things you liked
best. That's what a reporter did to
Arthur Tuckerman, novelist. He
wrote—English hedgerows in May,
coming into strange harbors at
dawn, palm trees in moonlight,
blondes in black crepe de chine,
trout fishing, the sound of airplane
motors, Conrad's novels, etchings,
men's tennis doubles, and rafts to
swim out to."

Anywoman's List
Would probably include her first
matinee, her first kiss, her first lov-
er, her first pie or cake, her first
baby's first smile, her first complete
lingerie set, peach chiffon with real
lace insets—rubbish! Not one of it
true—that's just the list men would
suppose it to be! What really? Not
telling!

Any mere male who had once
partook of French mushroom soup
would lead his list with that. He
might throw in the recipe for the
joy of posterity. Simmer 3 pounds
of knuckle of veal for 3 hours with
an onion and small bunch of pars-
ley. Strain and reheat. Cut fine
half a pound fresh mushrooms and
simmer 15 minutes. Beat togeth-
er 2 eggs, 2 tablespoons flour, 1 cup
of milk. Take soup from fire, add
thickening and 1 tablespoon butter.
Reheat, bring to boil and serve with
cubes of fresh-buttered toast.

For Money Or Love!
Almost thrice as many Prince-
ton students affirm that they will
marry for love as for money. They
favor blue-eyed females.

Maid Made Bride!
A wealthy broker of Boston will
trip to the honeymoon altar with his
bride, the maid and housekeeper for
his domain for the past 20 years.
He grew to love her, says he, be-
cause she kept him so comfortable at
home. She managed his home so
expertly all those years, says she,
because she loved him.

Girl Leaders Smoke!
Any number of mature European
women delegates to the Internation-
al Girl Scouts Convention admit to
reporters that they smoke, much to
the shocked alarm of the American
delegates. We trust that this con-
vention will do much to make Amer-
icans feel the provincialism of their
viewpoint and to make them see
that opinions are often prejudices
born of geography.

Parents Fined!
Professor and Mrs. Thomas Thir-
viage of New York were fined \$10
and costs because they did not send
their children to public school, but
taught them at home. The father,
an educational man himself, ex-
plained that he had regular school
hours at home, and that he was
giving his children an individual
education suited to their own needs
rather than the general public
school one. His wife "chipped in"
that when the children went to
school they caught bronchitis, ped-
iculosis, and bad language. But the
fine was imposed "in the name of
the common good."

FOR TAILLEUR

A chic boutonniere for the tailleur
is made of the same checked mat-
erial as the skirt.

ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON
NO. 23—MISTER KNOWITALL AND HIS BIG BOOK

"Can you tell us where Hidy Go Land is?" asked Nick politely.

When the kiwi bird had eaten
the cook-chaffer, spots and all, he
promptly went to sleep again. So
there was not the slightest use of
the Twins staying there.

"Come along, Whiffet, we'll be
going," said Nick taking the little
rag-bag by the arm. "It can't be
far now to Mister Snoospey's
cave in Hidy Go Land."

"Here comes somebody," said
Nancy. "He's got spectacles on his
nose and a big book under his arm.
He looks wise enough to know
everything in the world. We'd bet-
ter ask him if he knows where
Mister Snoospey's cave is."

So when the learned gentleman
came quite near, they stopped him.
"Can you tell us where Hidy Go
Land is?" asked Nick politely.

"We're looking for a robber by the
name of Snoospey, and he lives
there."

"I'll look in my big book if you'll
wait a minute," said the man, whose
name was Mister Knowitall, for it
was printed in big letters on the
back of his book and that's how
the Twins knew it. "Let me see—
I'll look in the H's. That should give
it. Here's high, hire, hind, hive,
hide—yes sir, we're coming to it,
I do believe. Here it is—Hidy Go
Land. A place in Fairyland where
folk go when they wish to hide.
There are several ways of reaching it—
down through the cracks in the
porch, down the drain, through the
dark corner behind the sofa, down
the funny little holes in the field,
down the mouse-holes and rat-holes
in the barn, and by the Zigzag
path through the woods."

"Well, where's the Zigzag Path?"
said Nick. "Here's the woods."

"That's just it! Where?" said
Mister Knowitall, looking over his
spectacles. "Oh! I have it! I'll look
it up in my book also. It should be
among the Z's. Here we are! Zither,
zealous, zone, zip, Zanzibar, Zigzag
Path! My! My! This book certainly
tells everything. It says, 'The

Menus for the Family

Breakfast—Chilled orange juice,
cereal, thin cream, broiled cottage
ham, toast, milk, coffee.

Luncheon—Carrots in cream, dev-
illed cheese, whole wheat bread,
rhubarb sauce, milk, tea.

Dinner—Shoulder of lamb boned
and stuffed, asparagus with butter-
ed crumbs, beet and pineapple sal-
ad, chocolate bread pudding, bran
bread, milk, coffee.

The dinner meat is stuffed with
a rice stuffing making the serving of
a 'starchy' vegetable quite un-
necessary. Additional starch as
well as bulk are added to the menu
by the pudding for dessert.

Deviled Cheese

One hard-boiled egg, 1 tablespoon
melted butter, 1-2 teaspoon salt, 1-2
teaspoon mustard, 1 teaspoon vine-
gar, 1 teaspoon granulated sugar,
1-4 teaspoon pepper, 2 cups grated
cheese, 1 cup minced chicken, 1-2
cup buttered crumbs.

Rub yolk of egg to a smooth
paste with melted butter. Work in
salt, mustard vinegar, sugar and
pepper. When perfectly blended
add cheese, chicken and white of
egg finely chopped. Mix thorough-
ly and press into buttered ramkins
or any heatproof, individual dishes
at hand. Sprinkle with buttered
crumbs and bake in a moderate
oven until cheese is melted and
crumbs are brown.

(Copyright, 1926, NEA Service, Inc.)

Facts About Telephone

In the last five years the num-
ber of telephones in San Francisco
has increased over 41 per cent.

Not a single foreign country has
as many telephones today as the
United States had twenty years
ago.

There are more telephones in
Vermont than in the whole of Jugo-
Slavia and Portugal put together.

In proportion to population, the
state of Washington has eleven
times as many telephones as
France.

In 1888 the United States had
over twice as many telephones as
Germany. In 1925 the United States
had over six times as many tele-
phones as Germany.

The state of Michigan has more
telephones than Austria, Hungary,
Czechoslovakia, Italy, Jugo-Slavia
and all the Balkan states combined.

The Greenback Party nominated
Gen. Benjamin F. Butler of Mas-
sachusetts for President.

1904—Matthew S. Quay, United
States senator from Pennsylvania,
died at Beaver, Pa. Born at Dills-
burg, Pa., Sept. 30, 1833.

Just Folks by Edgar A. Guest

THE LITTLE BOY WHO SHOULD HAVE DIED

His mother cried so when she
thought
His little life about to end,
He saw her falling tears, and made
A prayer to God, as she had taught,
And so the hand of death was
stayed.

"Dear God," he said, "I want to
live,
My mother seems to need me so,
Let me a little while remain,
Spare her the hurt my death would
give.
And gladly I will bear the pain."

GLOSSY HAIR

If your hair has become cracked
and dry and colorless as the re-
sult of two much waving, either
with a hot or metal waver, you
can probably bring it back into
good condition by giving it a
thorough brushing with a long
bristled brush. Since short hair
has become almost universal hair
brushing has almost stopped; for
short hair can be more easily ar-
ranged with the comb. Yet one
prosperous chain of hairdressing
shops with branches all over the
world has made its reputation al-
most entirely on brushing the hair,
but brushing it with the thorough-
ness that very few women under-
stand.

Rub your scalp with a good ton-
ic. If you haven't one, the formula
for the best one I know of is in my
pamphlet "Beauty." The most ef-
fective way of applying the tonic—
any tonic—is to pour a little bit into
a smaller saucer, dip an old tooth
brush into it, and rub the tonic
vigorously up and down the part-
ing of the hair. The hair should
be parted in different places until
the whole scalp is covered.

Then begin brushing. Don't hang
the brush down on the scalp, for
that is irritating. Instead, press
down firmly and brush as far along
the scalp as you can. The brush
should be the very best quality
bristle, long and closely set. Many
brushes are made of tiny splints
of horn. These are stiff enough,
but being thicker you cannot get
as many of them in one brush as
you can of bristles. An ideal brush
is a combination of both, for you
want the closely set bristles to
cleanse the hair. Don't be afraid
of brushing, you can keep it up for
half an hour, in fact to be really
effective you should keep it up
nearly that long. You need not do
this more than once a week. The

result will be glossy hair, for the
stimulation of the brushing will
draw the oil out of the scalp through
the hair. If the hair is too oily it
will make it more so temporarily
but will eventually cure the trouble.

A Constant Reader—At sixteen
and a half years, even with a
height of five feet, five inches, your
weight of 135 pounds is excessive.

Oronite FLY SPRAY

A summer necessity

Don't take half measures with flies and
mosquitoes—spray with the new Oronite
Fly Spray that kills them dead!
It's a more potent insecticide that's safe
to use anywhere—non-injurious to per-
sons, pets, walls, or the most delicate
fabrics.

Kills all Insects!

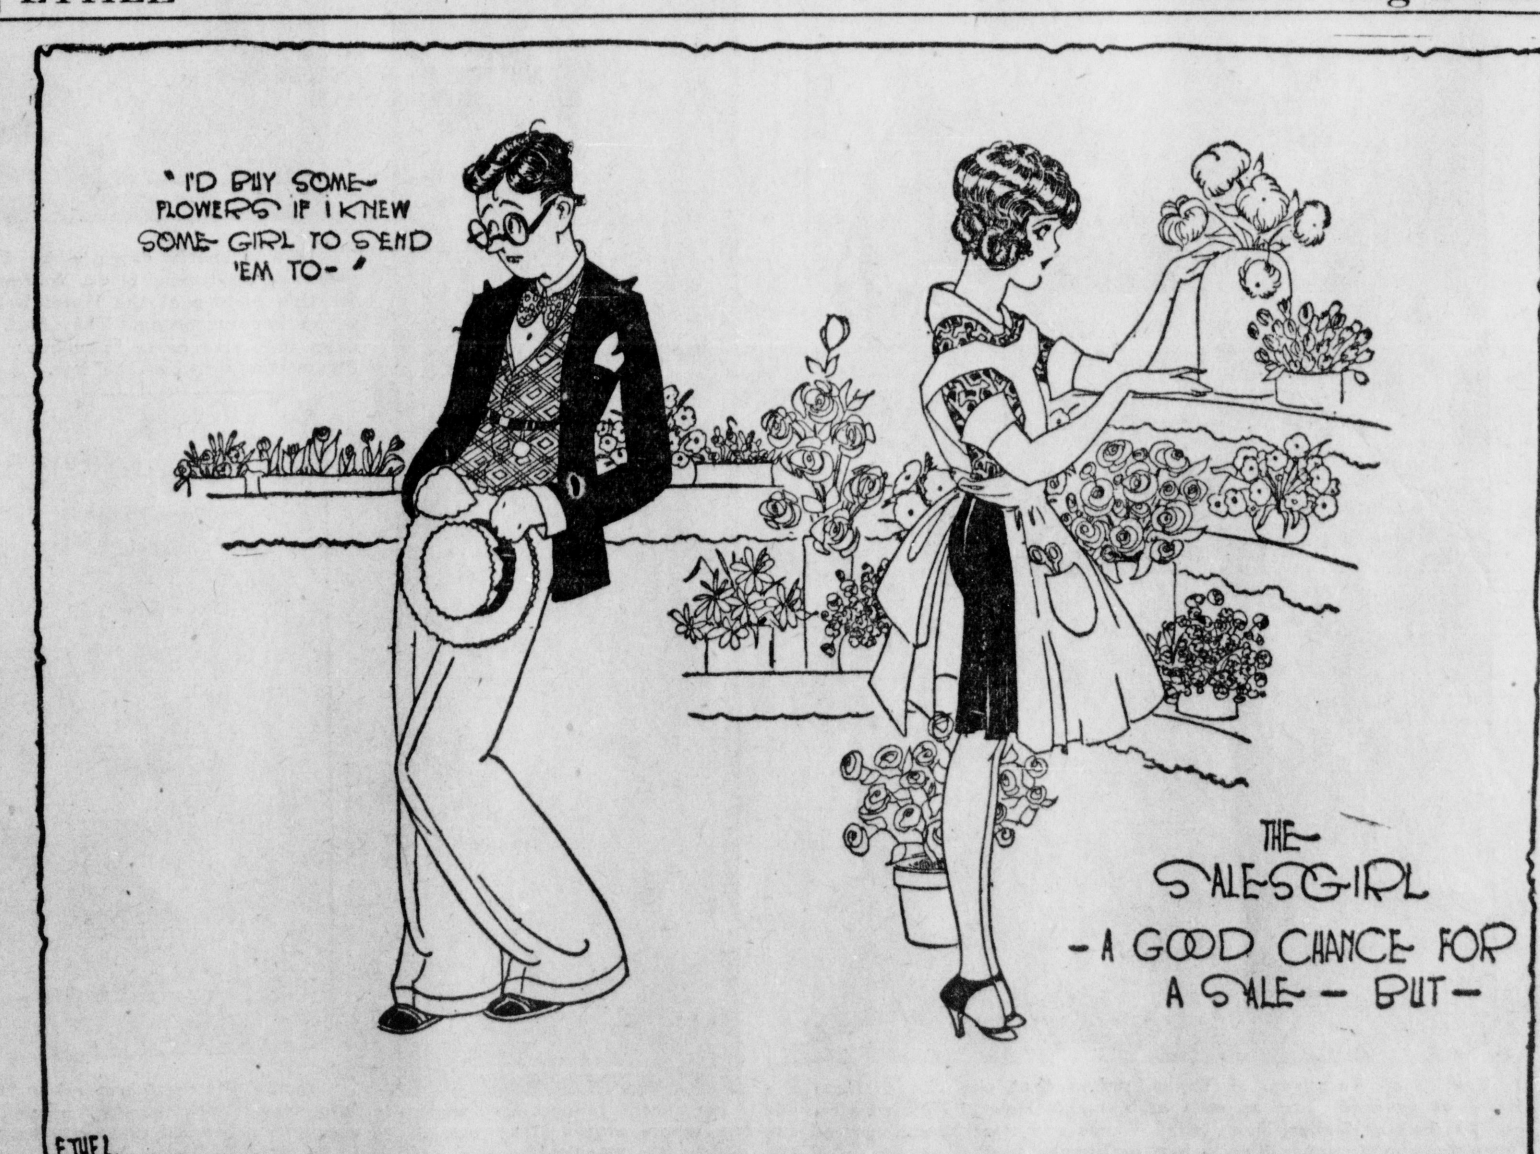

And it's sure protection from ravaging
moths. Just spray it through bureau
drawers, wardrobes, closets or trunks
where clothes are kept—you'll find no
more moth holes after that! Kills all in-
sects and their eggs. Has given results
never before thought possible in wiping
out tenacious bedbugs, fleas, ants,
roaches, lice and moths. Yet, with all its
insect-killing power, it has a very pleas-
ant odor. It's a wonderful new insecti-
cide from the scientific laboratories of
the Standard Oil Company of California.

Get an Oronite Fly Spray Kit (full pint
can of Oronite Fly Spray and improved
sprayer) at grocery, drug, hardware,
department stores and other dealers.

Interesting News of the Day Told In Pictures

Irene French, New York chorus girl, was selected "Miss Broadway" by the Broadway association.

Bachelors of Biskara, North Africa, have an easy time. The Ouled Nail girls there wear their marriage portions in the form of gold bangles, and fortune hunters know exactly what they're getting.

Flo Fairbanks, niece of the famous Doug, is trying to become a movie actress. On her graduation from an eastern finishing school, she went to Los Angeles and is now at work on the Fairbanks-Pickford lot.

Choose yo' partners! This is James A. Claffy, 70, of Boston, winner of the Lewiston, Me., International Fiddling contest—cup, \$1000, n' everything. What'll you have, "Turkey in the Straw?"

Sgt. Geoffrey Clifford enacting the part of Paul Revere in the annual celebration of the famous ride from Old North church, Boston, when Revere roused the Minute Men to fight the Battle of Lexington and began the Revolutionary war.

Buster weighs 46 ounces. When he wants to go mountain climbing he goes next door and scales the rugged sides of his friend Comrade, a huge St. Bernard, who tips the beam at 155. Both are prize winners in Seattle. The mosquito dog is a Chihuahua.

Miss Hazel Pilcher, of St. Louis, is suing August C. Naert, rich young real estate man, for \$50,000 for breach of promise, and is asking \$25,000 of his parents for alienation of his affections. Meanwhile, it has been announced Naert will marry another girl.

The town of Niland, in the Imperial valley, has golden streets—and this isn't a booster yarn, either. Heavy rains washed gold-bearing silt down on the streets, and this picture shows Alexander McLaughlin, old-time prospector, panning some of the dust in the main street.

Mrs. Mollie Phillips, 60, traveled 600 miles from Birmingham, Ala., to Shreveport, La., to become the bride of G. W. Hunt, 63, of Joquin, Tex., whom she had never seen. The couple had been corresponding for more than a year and had only photographs to determine how each looked. Mr. Hunt says he was lonely, and the bride says it's romantic.

The marquis de Reveliere, member of the Interallied club, of Paris, demonstrated the correct preparation of bouillabaisse, a dish that requires 12 hours of constant watching while being cooked. His demonstration was watched by gourmands from all over France, and news of it cabled to America.

It was nearly dawn when Edward W. Browning, 51, and his 15-year-old Cinderella bride, formerly Frances (Peaches) Heenan, posed for this picture at the Hotel Gramatan, Bronxville, N. Y., where they were honeymooning. They had danced gaily all night. Note the bandage that still hides "Peaches'" chin and the scar left there by acid mysteriously thrown on her.

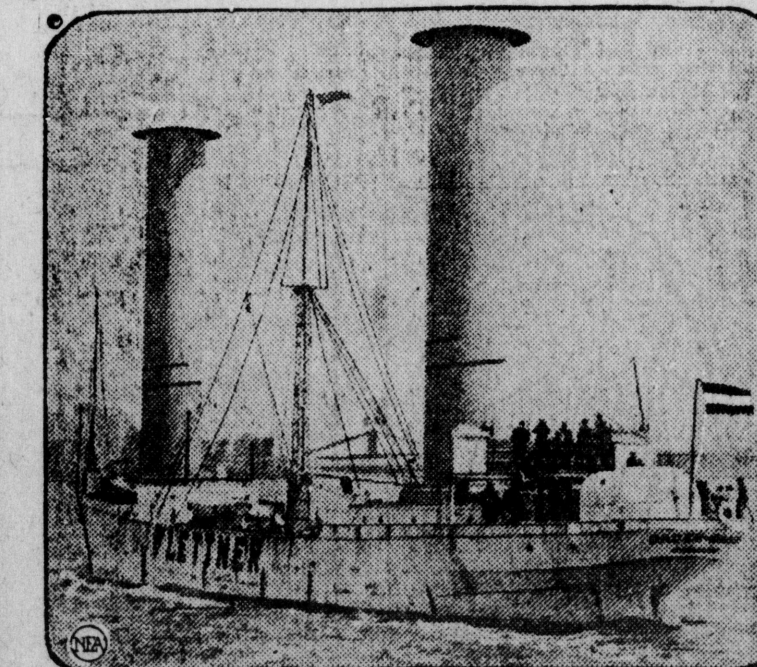

The crowd that gathered when Mussolini was shot, as he stepped from the historic Capitoline hall, in Rome. The picture shows what happened when the shot was fired. Arrow points to position of Mussolini.

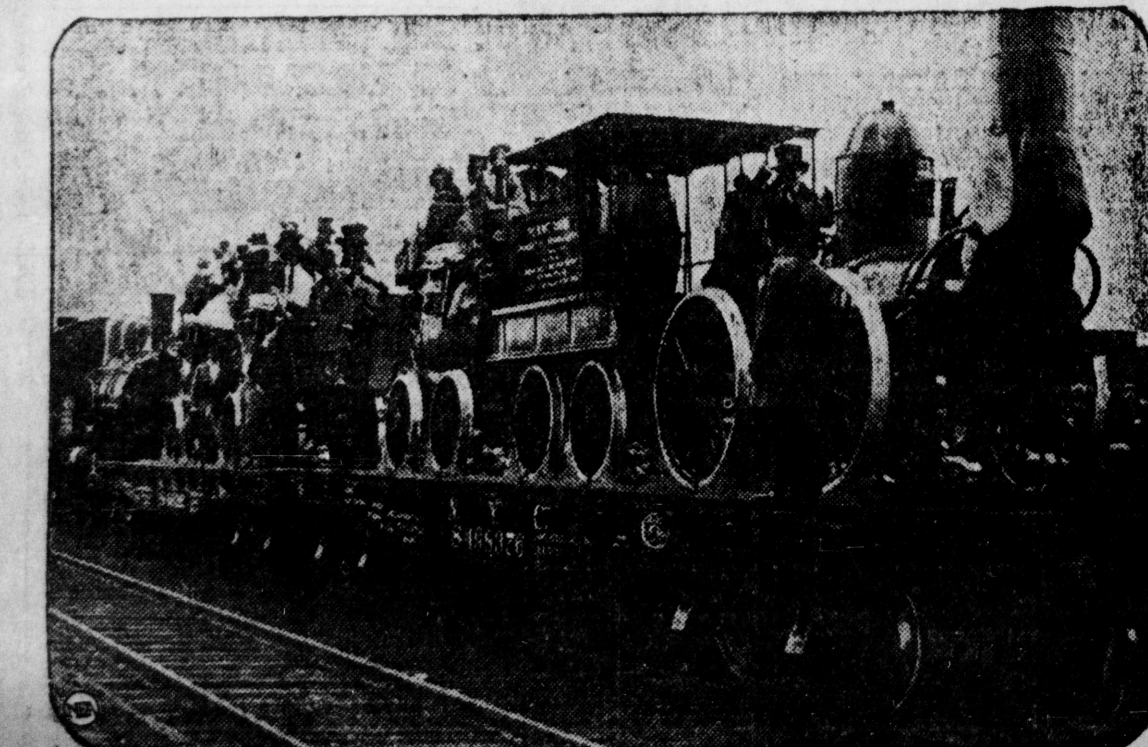

Gov. "Ma" Ferguson, of Texas, proves that she can perform the offices of governor just as well as a man. How? By throwing out the first ball at Dallas, Tex., when Dallas and Fort Worth opened the Texas League season. Beside her is Eugene Smith, secretary of the state highway commission.

Here's the longest sore throat in the whole world. The ostrich to which it's attached was a patient at a Pasadena ostrich farm.

Anton Flettner's rotorship "Baden-Baden" here is shown rotating in New York harbor, propelled by its revolving columns which resemble grotesque smokestacks. It just made the trip from Hamburg in 26 days. It drew more respectful attention than did Robert Fulton's early venture, the "Claremont," however.

Here is the famous "De Witt Clinton," first locomotive ever used on the New York Central, and the train it carried—all mounted on two modern flat cars. The picture was taken at Schenectady, N. Y., where a pageant was given celebrating 100 years of railroading.

SWEETSER WINS, JONES LOSES IN ENGLAND

BILLY
EVANS
Says

PLAYERS SUFFER

Big league ball players, infielders and outfielders, have spent a busy spring cussing professional football.

Last fall the pro game, due to the great popularity of "Red" Grange, thrived throughout the country. Most of the big games were played in the major league ball parks.

In some cases the schedule extended well up into December, so that weather conditions and hard play, did much to destroy the billiard-ball surface of infields and outfields.

Despite every effort of the capable groundkeepers, many of the parks are still in bad shape as to soil surface and the players are paying the penalty of bad bounds and many errors.

GREAT RECORD

"Let Alphonsie do it."
That was the byword last year on the Baltimore club of the International league, champions of that organization, when some extraordinary bit of pitching was desired.

And, despite the handicap of a handle like Alphonsie, Pitcher Thomas of the Baltimore Orioles won 32 games for Jack Dunn, three more than his closest rival, George Earnshaw of the same club.

Here are some of the twirling feats Thomas put over for Baltimore.

Worked in more games than any other pitcher in the league—56. Worked 28 complete games. No one else had a better record for starting and finishing. Was the most used relief pitcher, going to the aid of some faltering twirler in 13 contests. Led the league in strike-outs with 268.

COLLINS TALKS

I understand that because of some working agreement as to players, the Chicago Americans had the first choice of the Baltimore club. I am also told it was a question between Shortstop Boley and Pitcher Thomas.

At that time it seemed as if the Chicago club would have a hard time getting a capable performer at short, Boley, who for five or more years has been touted as a big leaguer, was, I am told, much considered, but the choice finally fell upon Thomas.

While Thomas hasn't started off

GREAT HURDLER

RAY WOLF

Eastern track critics think Ray Wolf, captain of the University of Pennsylvania squad, is fast enough to take the measure of Leighton Dye, national intercollegiate high hurdle champion. The race between wolf and Dye will be one of the features of the I.C.A.A.A. classic at Cambridge tomorrow. If Wolf beats Dye, he will hurt the chance of the Southern California team of repeating its last year's victory in the big meet.

1200 FANS WATCH MANSFIELD HUMILIATE BLAUER GROCERY; FOUNTAINEERS TIE FOR LEAD

The F. C. Blauer Grocers took a look at some big league indoor baseball pitching at Lincoln park last night and were spilled from their proud perch atop the City league by Lee's Fountain, who, with the sensational Jimmy Mansfield on the knoll, humiliated the erstwhile undefeated leaders by a 5 to 2 score before 1200 persons. The turnout was the largest that ever witnessed an indoor ball game in Santa Ana.

The victory put three teams—Lee's Fountain, F. C. Blauer Grocers and the Tiernan Typewriter company—in a tie for first place in the championship race, each having four victories against one defeat. Mansfield didn't have the "easy pickings" with the Blauers that he had in his first two starts in the local loop when he fanned 37 batters and allowed but three hits but he was always master of the situation. He whiffed 10 men and only seven safeties, nearly all scattered, were made off his fast ones.

Lee's Deserve Victory
Although it is true that at least two of the Fountainier tallies were the indirect result of defensive disorders, they outlived and outplayed the Blauers throughout the contest and richly deserved their victory. "Lory" Walbridge, Lee right fielder, turned in the fielding feature when he robbed Bill Cole of at least a double with a beautiful shoestring catch. Walbridge turned over and over but he held on to the ball.

The clubs battled along on even terms for three spasms, neither side being able to score. The Fountainiers threatened continually but some fast fielding out of two at the plate in the first frame. They managed to push over a marker in the fourth and the Blauers came right back in their half to tie the score, Cole doubling and scoring on E. Lutz's single.

The Fountainmen sewed up the affair in the sixth, Starke's double down the third base line scoring Walbridge and Ed Daley. Jones's single brought in Starke.

Merrill Scores Windler
Merrill's double, scoring Windler, made the count 5 to 1 in the ninth. The Blauers chalked up their

DALEY TO JOIN BROWNS; SIGNS \$400 CONTRACT

Ed Daley, captain of the Santa Ana high school baseball team, today announced he had accepted terms with the St. Louis Browns and that he would join George Sisler's American league club immediately. His signed contract, calling for a salary of \$400 a month, it is understood, probably will be dropped in the mails tomorrow morning.

Regarded as one of the finest baseball prospects ever developed in Santa Ana, Daley was first offered a contract with St. Louis last winter while playing in the Orange County Harbor league. Jimmy Austin, veteran Brown scout and coach, was much impressed with the youngster's fielding and hitting ability and wanted to take him east to training camp last February.

Ernie Johnson, manager of the Portland Beavers in the Pacific Coast league, also made overtures to the Poly captain, it was known. Daley, however, declined to sign any contracts until he finished his season with the high school squad. With Austin in the East, C. C.

600 OF NATION'S FOREMOST ATHLETES IN CAMBRIDGE FOR INTERCOLLEGIATE MEET

CAMBRIDGE, Mass., May 28.—Some 600 athletes, representing 32 colleges from coast to coast, turned out here today for the two-day meet of the I.C.A.A.A. which will decide the 1926 track and field championship of American colleges.

Nine holders of intercollegiate records are numbered among the entrants.

Pennsylvania, with 23 men entered, has the largest team and the number of men ranges down to but two or three from some of

the smaller colleges. Stanford University, the University of Southern California and the University of California represent the Pacific Coast—the contenders from the far West numbering but 43 in all but being of sufficient strength to make the meet much of an East-West affair.

The University of Southern California holds the championship by virtue of its victory last year. Preliminaries will be run off this afternoon. Finals will be contested for tomorrow.

HELPS HUGMEN CLIMB TO TOP

In the 1925 campaign the Yankees got away to a poor start and failed to get out of the rut throughout the entire chase. They wound up seventh. No little portion of the disastrous showing was due to the failure of Huggins' hurlers to pitch up to expectations. Shawkey, Hoyt, Jones and Shocker all experiencing tough years. Pennock alone held up his end.

This year things shape up differently. The Yanks have started strong. The club is hitting. The great Ruth is performing better than ever. And the gunners are dishing up a winning brand of ball. One of the veteran boxmen Pilot Huggins is counting a great deal on "Sad Sam" Jones. Jones fell down a year ago—faltering with the rest of the boys—but this campaign he seems to be his old self again.

Jones has been in the main tent since 1914. He had one of his greatest seasons in 1923, when he won 23 games and lost but eight. Sam and his boss are now looking for another big year.

FAST BOATS TO CLASH ON BAY COURSE SUNDAY

Plans for the next hard grind of the 151 hydroplane class of boats has tentatively been fixed for Sunday at Newport bay, according to word received here today from the Pacific Coast Hydroplane association.

On that day, 10 boats, including Smiling Dan III, Gold Rush, Quick-silver, Midge, Baby Mine and all the others of the ten are expected to get in action as well as the surprise ships which are now reported being built for the fast boat fans.

A determined effort to establish a world record will be made on the mile straightaway. The Newport Harbor Yacht club promises to install a permanent timing device for checking the speed and the course will be measured and certified by the city engineer as well as by government officials at present on survey work on Newport bay.

The annual meeting of the 151 Hydroplane association is to be held in Los Angeles in a few weeks when officers for another year will be elected and plans made for the 1926 season.

Piping 'Em Off

The Robins split a double header with Philadelphia, Jessa Petty falling in the opener while McWenny pitched the team to victory in the second. The scores were 3 to 1 and 5 to 1.

Donohue and Mays hurled Cincinnati to two victories over St. Louis, 4 to 3 and 2 to 1.

An error by Wingo and two valuable hits decided in Chicago's favor, 5 to 4, a 12-inning game with Detroit.

Pate, pitching for Philadelphia against the Senators, doubled in the ninth inning, winning his own game, 3 to 2.

Tony Kaufman pitched winning baseball and hammered in three runs and the Cubs beat the Pirates, 5 to 2.

St. Louis drove Buckeye from the mound in the sixth inning and defeated Cleveland, 8 to 5.

Get the Classified Habit—a profitable habit to form now.

LOCAL GOLFERS TUNING UP FOR CLUB TOURNEY

Santa Ana Country club golfers intending to participate in the second annual club championships must complete their qualifying round of 18 holes by Monday night, according to announcement by officials today. First matches probably will be scheduled for the following week-end.

The title is now held by John Tubbs, local automobile man, who last spring defeated Homer Robinson in the finals after 36 holes of the closest and hardest golf. The defending champion will have to be at his best to win another leg on the cup this year for the club boasts innumerable stars capable of fine golf.

Thirty players will compose the first flight and all these will enter with out handicaps, it is understood. The next 18 will make up the second flight and will go into the tournament with their regular club handicaps.

Semi-final and final rounds in the first flight will be shot over 36 holes. Players in the second flight will play over 18 holes in the semi-finals and 36 holes in the finals. This latter plan also will be carried out in the third and fourth flights.

Qualifying rounds were opened last Monday but few members have turned in their cards as yet. Tournament executives are anxious of obtaining a large entry list and also wish to have the competitors qualify as soon as possible. Monday night will be the absolute deadline. Members who fail to turn in their qualifying cards by that time will be shut out, it was announced officially.

WOMEN REACH LAST ROUND OF TOURNEY

ALHAMBRA, Calif., May 28.—With the championship of Southern California at stake, Miss Kathleen Wright, of the Annandale Country club, Pasadena, and Mrs. Greg Lifer, of the California Country club, Culver City, were to tee off on the golf course of the Midwick Country club here today.

Although Miss Wright was the favorite to win the title, Mrs. Lifer won a large number of friends because she is a comparative stranger in a final round.

Waner and Rhyme, the Pacific coast recruits, are making good in their new berths with the Pittsburgh world champions.

How about a Real Lunch? Give us Cannon, Fourth St. at Ross.

JESS TO MEET BRITISH STAR IN LAST ROUND

Bobby's Upset by Boy, 21, Proves Most Surprising Event in Golf History

By HENRY L. FARRELL
(United Press Sports Editor)

MUIRFIELD, Scotland, May 28.—Jess Sweetser of New York and A. F. Simpson of Lothian Burn, England, will play the finals of the British Amateur Golf championship tomorrow. Sweetser won his way through his semi-finals in a hard fought match which went 21 holes against W. G. Brownlow of the Addington club, England.

Simpson defeated A. Jamieson of England, 2 and 1, after Jamieson had entered the semi-finals by administering to Bobby Jones of Atlanta, United States, a surprising defeat in the sixth round.

The defeat of Jones, 4 and 3, by the 21-year-old Jamieson, was only slightly less surprising than Simpson's defeat of Jamieson. The latter, against Jones, scored two under par for the 15 holes played and at no hole was his score above par. But he could hold the pace against Simpson.

Jess Last U. S. Hope

With Sweetser the sole remaining American survivor of the tournament, a gallery of several thousand accompanied him and Brownlow. The weather was much cooler than in the morning; there was no sun and a distinct threat of rain.

"I feel good—double my bets," Sweetser said as he went to the first tee.

But he limped down the fairway after his first drive, bothered by a lame knee which had given him trouble all week.

Sweetser won the first hole, halved the second and Brownlow squared the match on the third. Then Jess took the difficult fourth, making him one up. But by the end of the sixth it was all square again and the seventh was halved. Sweetser took the next two holes to make the turn two up.

Then followed hard fighting and Brownlow gained until at the end of 18 holes they were all square again.

Wins at 21st Hole

They halved the 19th and 20th and there was no indication where the match might lead.

But, on the 21st, Sweetser was in fine form and he won the hole and the match.

Jones' defeat this morning by Jamieson, who is 21 and lives in Glasgow, was one of the most surprising events in golf history for years. After the sensational form which Jones had shown yesterday when he defeated Robert Harris, British star and title holder, in the fifth round play, eight and six, Jamieson was considered hardly a contender against the Atlanta boy.

Jamieson forged ahead early in the play, was one up on Jones at the turn and then the Britisher wrote golf history by taking holes from the Atlantan until victory was his.

Hall, Rosen Meet At Holly Tonight

LOS ANGELES, May 28.—Rosen Hall, the Iowa sensation, meets Charley Rosen in a 10-round bout at Hollywood tonight. Hall was the favorite today because in his two Southern California fights he has had little difficulty in disposing of his opponents. He has a loose jointed style of fighting and seems to punch away at random, but the fashion is very puzzling to the fighters against him.

POISONING OF 4 RACE HORSES IS CONFESSED

By BERT M. DEMBY
(United Press Staff Correspondent)

AURORA, Ill., May 23.—Turf fans of the nation today were shocked by the exposure of the poison plot in which two men confessed poisoning four thoroughbreds entered in the Illinois Handicap, feature race on yesterday's horse racing program at the Aurora track. The expose, it was believed, may endanger the turf sport in this area.

First indication of the poison plot came a few minutes before the horses were to have been called to the post for the day's feature race. A brief announcement that four of the horses were ill and that the race had been called off, disappointed a large crowd that had gathered for the event.

Before night one of the horses, Apology, a five-year-old from the Kentucky stables of E. E. Sterrett, died from strychnine.

The other three—Elizabeth K., from Maryland; Greenwood, from the stable of Terry Druggan, notorious Chicago beer baron, and Sandra, another Maryland horse—probably will survive.

Only a few hours after the race was to have been run four men were taken into custody and after long grilling two of them confessed to the plot, naming a fifth man, Earl Clark, as the "brains" of the conspiracy, which was to have netted gamblers approximately \$250,000.

From copies of telegrams found in Clark's abandoned hotel room, authorities reached the conclusion that the plot had been organized for the purpose of allowing Faenza, from the stable of E. P. Summerfield of Maryland, to win the Handicap.

1200 SEE FOUNTAIN TEAM BEAT BLAUERS

(Continued from Page 25)

second and last run in the last of the ninth. Snow singled, took second on a wild pitch, stole third and scored on another wild throw.

"Rosy" Merrill, clever little second sacker of the Lee team, was the hitting hero of the evening. He got three hits in four trips to the dish. Snow and Jones were the only other players to get more than one bingle.

"Eeny" Wilcox went to the ridge for the Blauers in the seventh and held the Lee's to one hit and one run in three frames.

The box score:

Blauer Grocery		Lee's Fountain	
AB	RH	PO	AE
Bryan, 1st	0	0	0
Jarome, 2d	0	0	0
Cole, 1st	0	0	0

SUMMARY: 2-base hits—Cole, Starkie, Merrill. Struck out by Mansfield, 10; by Snow, 7; by Wilcox, 1. Bases on balls off Snow, 1. Umpires—Kolbe and Remberg. Scorer—Scott, condition, for \$1275. A Studebaker.

ORANGE COUNTY LEAGUE TO OPEN HERE TONIGHT

First games in the new Orange County Indoor Baseball league will be played tonight. Santa Ana's game will be provided by the Chamber of Commerce and Orange while the other local entry, the American Legion, travels to Orange to play Oliva.

Brea and Anaheim will mingle at Anaheim and Laguna Beach opposes Garden Grove at Laguna Beach.

Billy Evans Says

(Continued from Page 25)

sensationally in the early stages of the 1926 race, Manager Eddie Collins thinks highly of his choice to make the grade.

"Thomas has the stuff and knows how to pitch, but must first learn his batters and acquire control to win consistently," says Eddie. A big husky fellow who thrives on work, Thomas should prove a most valuable addition to the White Sox when he is more experienced.

USES MACK'S SYSTEM

In the handling of his ball club, one can see Connie Mack sticking out all over in the system used by Eddie Collins of the White Sox.

Collins was trained under Mack. He leaped into fame as a member of the Philadelphia Athletics. He once told me that after being appointed manager of the White Sox, the first person he went to see was Connie Mack, to talk over the situation.

In his selection of pitchers, Mack prefers to gamble with a second-stringer in an effort to save a game, rather than rush a couple of regulars to the mound and thereby upset his team's pitching routine.

Collins takes the same viewpoint. He prefers to take a chance with a so-so pitcher rather than disrupt the workings of the regular staff.

Mack has demonstrated by the success he has attained, that it is a pretty good system.

FIRST HANDICAP

The legs of every athlete pay the toll first.

The American league has four outstanding veterans in Ty Cobb, Walter Johnson, Tris Speaker and Eddie Collins.

Watch Cobb, Speaker and Collins at the bat and it will be evident to you that time has in no way dimmed their eyes.

If you would ask any American league pitcher to name the 10 hardest batters in the league to pitch to, the above trio would occupy prominent places in such a select list.

If you would ask Cobb, Speaker or Collins what, if anything, handicapped their play after so many years of strenuous service, I feel safe in venturing the opinion that the answer would be something like this:

"The only place I feel old is in the legs."

ABOUT JOHNSON

What about Walter Johnson? you ask. Well this bit of information surprised me and I have no doubt but that it will strike you the same way.

This spring when I asked Walter how he felt and how his arm was responding, he answered:

"I'm not worrying about the arm; it's the legs. They feel mighty wobbly every time I stride on them."

The legs are the first to falter, regardless of the sport.

ED DALEY TO JOIN ST. LOUIS BROWNS

(Continued from Page 25)

("Gavy") Cravath of Laguna Beach, former home run king of the major leagues, carried on the transactions for St. Louis which finally culminated today in Daley's decision to sign.

Daley who is not yet 18, is not certain whether he will complete his course at the high school or leave immediately for St. Louis to which the Browns returned yesterday from a disastrous road trip.

This was Daley's third year with the Poly baseball team. He played third base his first season and shortstop this and last season, hitting well over .300 all three campaigns and fielding sensationally. He hits hard, is fast and is baseball smart. The Browns probably will send him to Tulsa, their minor league "farm," and recall him at the end of the season.

BANK SITE MARKED

MARYSVILLE, Calif., May 23.—With appropriate ceremony, a bronze marker has been placed on the site of the old Wells-Fargo bank in the historic gold camp of Timbuctoo.

ALPHA BETA STORE

THE BEST FOR LESS

NATIONAL WOMAN'S PARTY ATTACKED

SAN FRANCISCO, May 28.—Attacks on the National Woman's party, condemning its tactics and proposed "twentieth amendment," were delivered from the floor and platform at the fifth annual convention of the National League of Women Voters.

"The National Woman's party," declared Mrs. A. Andrew Neuenburg, chairman of the arrangements committee, "is a militant crowd of women who must be watched closely lest their undignified, unethical and unfair tactics succeed in placing a twentieth amendment in the federal constitution."

The proposed amendment, Mrs. Neuenburg said, would give women in industry "equal rights, equal work and equal wages."

"This is entirely fallacious and its wording may confuse many women," she said. "We hold that women should have protective legislation at all times and in every field of labor or endeavor."

BREA

BREA, May 28.—First announced to be held on May 15, the examination for city carriers in Brea has been postponed to the afternoon of June 19, the Brea grammar school being the place named in which the examination is to take place. Both men and women, between the ages of 18 and 45, who in other ways meet the requirements, are eligible for this position in the

civil service. The age limits do not, however, apply to persons entitled to preference because of military or naval service except that they must not have reached the retirement age, which is 70 years.

Mrs. A. A. Nicka, of Hitt, Colo., arrived in Brea this week and is visiting with her sister, Mrs. E. G. Hampson, who has been seriously ill for the past several weeks. Friends of Mrs. Hampson will be glad to know that she is decidedly improved in health and has been able to leave the house for short motor rides.

Howard Johnson, the lad who was injured in an automobile crash in Carbon canyon last week, when the car in which he was riding was struck by one driven by A. R. Sutton, of Brea, is reported to be getting along nicely and has been removed from the Reed hospital in Fullerton to his home at Yorba Linda. Young Johnson had a leg broken and minor cuts and bruises that at first appeared quite serious.

After a week's visit with an old friend in Long Beach, Mrs. Clyde Cathers, Mrs. Winifred Gurley returned to her home here Monday. Together with Mrs. Stella Keene, she was a guest Wednesday evening at a fish dinner at the William Purdy home on West Ash.

Mrs. Myrtle Inman enjoyed a surprise dinner given in honor of her father, M. Muschegan, at his home at 531 Hollenbeck avenue, Los Angeles, recently. The occasion marked his 68th anniversary and friends planned the surprise, which was carried off perfectly. Covers were laid for about 60 guests. Mr. Muschegan is a retired evangelist, a native of Russia, and at the time of leaving that land 20 years ago, was considered one of the finest song and hymn writers known there.

Mrs. Bessie Blanchard, of Brea, and Mrs. Joseph Blanchard and Mrs. Will Kammerer, both of Spadra, motored Sunday to Long Beach, where they spent the day in the home of Mr. and Mrs. Tunis. Mrs. Tunis is a daughter of the late Dr. Story, of Los Angeles, and is known by several Brea people. Mrs. Dingman, of Long Beach, also was a guest.

Gene Streed, of Monrovia, and Miss Myrtle Stoughton, of Pasadena, were dinner guests recently at the Henry Streed home on South Laurel.

Mrs. Angie Duling, formerly living on South Orange street but now a resident of Los Angeles, was in Brea Tuesday to look after business interests.

Subdividing their acreage on East Elm street into town lots and small ranches, Mr. and Mrs. P. C. Huddleston have placed same on the market this week. Mr. and Mrs. Huddleston, long residents of Brea, are now living near Garden Grove. Mrs. Huddleston was in Brea early this week looking after business interests.

Mrs. Sarah Davis, who is visiting in the home of her foster-daughter, Mrs. Henry Streed, of South Laurel street, is reported as being ill there with heart trouble.

Mr. and Mrs. J. W. Hunt will move from Brea the first of next week and will make their home in Santa Ana. Mr. Hunt was formerly secretary of the Brea Chamber of Commerce and is now manager of the Orange County Fair association. With his office in Santa Ana and his home in Brea, Mr. Hunt found that too much of his time was being taken up in driving each day.

Mr. and Mrs. Dana Spicer, who for the past several weeks have been living with their parents, the Rev. and Mrs. W. E. Spicer, have rented one of the cottages in the Gurley court and will move in as soon as some repairs have been made. Mr. Spicer is employed with the Union Oil company.

Members of the local Rebekah lodge, together with their friends, are asked to a 500 party at the home of Mr. and Mrs. L. C. Horrocks on the evening of June 10. For those who do not care for cards, games will be provided and unique prizes have been prepared for all winners. Light refreshments will be served and everyone is assured of a good time.

Oliver Bird, who recently came here from Warrensburg, Mo., has secured a position with the Shell Oil company in the Brea-Orinda field.

With an addition of 40x50 recently completed, the Duro Engineering company is installing new lathes and other equipment. This shop is one of the busiest in the district, running full capacity night and day. The new addition, besides providing the much needed work room, also gives the company a garage and store room, both of which were badly needed.

Mrs. Hal Ward, of Long Beach, visited the first of the week with Mrs. Dick Richardson. The women were neighbors in Taft some time ago.

Leland Gordon, gauger for the Union Oil company, and L. F. Jones, also an employee, both of whom underwent the harrowing experience of narrowly escaping drowning in the flood of oil which followed the collapsing of the 80,000 barrel tank on the Chapman lease near Richfield last Saturday, are reported as recovering nicely from the slight injuries and the shock received at that time.

Girl Compelled To See Fiance Commit Suicide

SANTA CRUZ, Calif., May 28.—Mabel Garcia, 20, told a coroner's jury here how she was compelled, helpless to interfere, to watch her fiance, Frank Malak, 25, commit suicide by hanging himself to the limb of a tree after she vainly had pleaded with him to live for her sake.

The girl testified that she and Malak were walking through a grove near Olive Springs, 10 miles east of here, and at the conclusion of an argument Malak told her he was going to commit suicide.

Malak, the girl said, then produced a strap, tied it around his neck, knotted the other end to the limb of a tree and then jumped. The girl testified she fainted and fell into the shallow waters of a creek nearby. When she revived, she summoned aid.

A-DOF-LUS is a popular New Health Drink

What Every

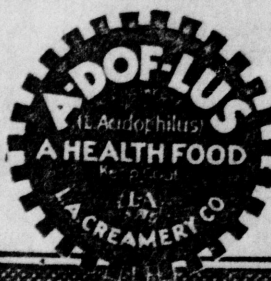

Doctor Knows

Acidophilus Milk is used by the medical profession to effect a transformation of the flora of the intestines, eliminating the undesirable bacteria and implanting in their place a desirable health-giving flora. Acidophilus Milk is prescribed and is acknowledged to be a specific therapy in cases of intestinal toxemia, chronic constipation, chronic diarrhoea and other intestinal disorders. Also recommended in treatment of rheumatic conditions and facial eruptions, traced to intestinal origin, and in summer diarrhoea and other intestinal toxic conditions of infants.

which has for a background a most enviable record in the science of medicine as a specific of profound importance in combating many causes of ill health. Concealed in its creamy whiteness is found the very essence of life, health and beauty.

A-dof-lus is the scientifically-prepared Acidophilus milk under which professional name it has been prescribed for years as the best known specific for combating intestinal disorders. Its high price as a prescription article has kept it from becoming generally known to the general public. A-dof-lus and Acidophilus milk are one and the same, and this splendid health beverage is offered to you, now, cool and fresh daily at about commercial milk prices. A-dof-lus, if used regularly as a part of your diet, will eliminate the poisonous, harmful bacteria in your intestines and implant in their place the vital healthful flora that assures natural intestinal activity.

Many people think the wholesome buttermilk flavor of A-dof-lus is delicious—others who have never liked the taste of buttermilk are cultivating a liking for A-dof-lus because it contains vital elements of health.

POLAND'S BEST CUSTOMER FOR COAL IS LOST

WARSAW, May 28.—Poland has an overstock of coal. She was given two-thirds of the coal supplies in Upper Silesia and had without this new source adequate supplies for home consumption within the territory of the new state. As long as Germany—the former natural market—accepted Polish coal from Upper Silesia Poland had little difficulty in disposing of her surplus.

Embargo by Germany

Since June, last year, Germany has put an embargo on Polish coal and the Poles are now selling coal below cost. Employment in the coal fields has steadily declined and there are 30,000 miners out of work in Upper Silesia, and yet more miners are employed than necessary and vast stocks are accumulated.

The Polish government carried Upper Silesian coal on the state railways 500 miles to the Baltic ports of Danzig and Gdynia for five shillings a ton. This coal is then shipped at cheap rates to markets including Italy—which were formerly supplied with British coal. The Upper Silesian coal included first class steam coal, which was in direct competition with English coal.

Competition from France

British coal has to meet abnormal competition from another quarter. France is still receiving reparations coal from Germany, which is sold at low prices for export. The mines in northern France are producing more coal than in 1913, and France has still compensation coal from the Saar mines, with an annual production of 14,000,000 tons. As the Saar mines involve no capital charges (having been presented to France) the French government is in an equally favorable position for marketing this abundant supply.

WATERWAY DEBATE OF MUCH INTEREST

DETROIT, May 28.—Under the auspices of the Detroit Union League club, former Governor W. L. Harding, of Iowa, and Congressman S. Wallace Dempsey, of New York, chairman of the house rivers and harbors committee, tonight are scheduled to debate here the respective merits of the so-called New York ship canal and the St. Lawrence waterway.

Representing the middle west, Harding will defend the proposed Great Lakes-to-the-sea project via the St. Lawrence river, while Dempsey, a champion of the New York proposal, will argue for the so-called all-American waterway.

Interest in the debate, which is prompted by a desire to clarify the atmosphere toward a solution of the water transportation problems of the great middle west, was expected to draw here many leading proponents of the two proposals.

Desert Rat May Lose Fortune He Won In Courts

WASHINGTON, May 28.—George Campbell Carson, "desert rat" prospector, awarded the title to blast furnace patents worth \$200,000,000 by three federal courts, may yet lose the fortune which he counted upon to do a little mechanical experimenting with, in his old age.

The American Smelting and Refining company, loser in district, appellate and supreme courts in Carson's suits for the patents on a reverberatory smelting furnace process, has petitioned the U. S. supreme court for a review of the case on new grounds.

The brief filed in supreme court states that Carson in 1923 transferred the two patents involved to one John Henry Miller, retaining no property interest whatever in them, and that, therefore, Carson cannot be awarded the title.

Wife Returns to Forgiving Spouse

PHILADELPHIA, May 28.—Gwendolyn Merriman is going back to Kentucky—into the waiting arms of a forgiving husband whose love for his pretty 20-year-old girl-wife was not dimmed by her marriage to another man, nor even her attempt to end her life.

Gwendolyn was in Camden police court to answer a charge of taking poison in a cafe. She explained to Judge Cleary she had been forced to commit bigamy by Joseph Gallagher, who compelled her to elope to Elkton with him.

When Judge Cleary announced he would suspend sentence, Mrs. Merriman collapsed and was taken to the home of her parents in Oaklyn, N. J.

She will leave shortly for the Kentucky farmhouse, where her husband and daughter await her. The husband wired he had forgiven her and wanted her to come back.

Twin Chicks Are Hatched from Egg

COLBERT, Wash., May 28.—All baby chicks may look alike to the casual observer, but this village has a set of twin chickens, hatched from the same egg. Mrs. Mary McDonald, their owner, says the fluffy twins are entirely normal in every respect and as lively as two such youngsters could be.

The National museum has acquired a lizard known as the tuxedo, whose origin is traced back to the days of the dinosaurs.

India Concludes Opium Agreement With Indo-China

DELHI, May 28.—The government of India has concluded an agreement with the government of Indo-China for direct sales of opium to the latter for use in its territory. India has, therefore, an agreement with every Far East government to sell opium for export to their territories except through the government or under its license. Hence it is announced that there will be no further public auctions of opium in Calcutta.

WAR DESTRUCTION REPAID IN CHINA

PEKING, May 28.—Although the Christian General Feng Yuxiang resigned his military command some time ago, he has issued an announcement for distribution of military relief funds to compensate those who suffered through the recent capture of Tientsin and attendant fighting.

Families of persons killed are to receive Mex \$50 (about \$35 U. S.) for each death. Persons disabled by wounds will get Mex \$50. Wounded are to receive Mex \$30. For each totally destroyed house Mex \$30 will be paid for each room; in the case of damaged houses, Mex \$10 will be given for each room; for loss of horses, cattle and other live stock compensation of Mex \$15 a head will be paid.

The list is interesting as a gauge of the value of human life and property in North China today. Feng himself contributed largely to the fund, it is said, through foregoing a considerable part of his salary.

Fabrics Found In Tombs on Display

CORVALLIS, Ore., May 28.—Textile fabrics of garments found old tombs, some dating to 600 B. C., are on exhibit here in the home economics building of the Oregon Agricultural college. The collection is a varied one and was loaned to the school by an eastern studio. It includes fragments of hands, straps and wool and linen cloth. Examples of early art work and two mummy shrouds also are on display.

Legal Notice

NOTICE INVITING SEALED PROPOSALS

Pursuant to statute and to Resolution of the Board of Trustees of the City of Santa Ana directing this notice, said City of Santa Ana invites sealed proposals or bids for doing the following work in said City, to-wit:

(a) Pomona Street from curb line to curb line between the East line of Main Street and the West line of Maple Alley.

(b) Berkeley Street from curb line to curb line between the East line of Main Street and the West line of Maple Alley.

(c) The widening of the South line of Pomona Street to the North line of Berkeley Street and from the South line of Berkeley Street to the South City limits.

Where any driveway is shown on the plans to be improved and where any street or alley intersects or terminates in any of the above described portions of streets in, on and along which work is to be done, then beyond the curb line and across the sidewalk reservations to the property lines thereof.

The work and improvement is more particularly described as follows:

1. That all of the above named streets in the City of Santa Ana, the portions thereof herebefore described, be graded, paved with a Portland cement concrete pavement and have constructed along the same concrete curbs and sidewalks and driveways where the same do not now exist or where the plans required all as is shown on the plans to be resurfaced and constructed.

2. That a sanitary sewer be constructed along a portion of said street and avenue and that concrete manholes and concrete flush tanks be constructed at the places and of the materials set forth in the plans and specifications.

The expense of said work or improvement is by said Resolution of intention made chargeable upon a district, which said district is described in and by the said Resolution, and is shown by a plat or map thereof on file in the office of the Clerk of the City of Santa Ana.

Bids for doing said work are invited as follows:

Item 1. The grading to a subgrade and the laying thereon of a Portland Cement Concrete Pavement having a thickness of five (5) inches, complete with the furnishing of all necessary equipment, labor and material for the sum of (\$.....) per square foot.

Item 2. The trenching, furnishing and laying of six (6) inch diameter main sewer, complete with the furnishing of all necessary equipment, labor and material for the sum of (\$.....) per linear foot.

Item 3. The trenching, furnishing and laying of six (6) inch diameter flush tanks, complete with the furnishing of all necessary equipment, labor and material for the sum of (\$.....) each.

Item 4. The excavation for and the construction of Concrete Sewer Flush tanks, complete with the furnishing of all necessary equipment, labor and material for the sum of (\$.....) each.

All proposals or bids shall be accompanied by a check payable to the City of Santa Ana, certified by a responsible bank for an amount which shall not be less than ten per cent (10%) of the aggregate of the proposal, or by a bond for the said amount and so payable, signed by the bidder and two sureties who shall justify before an officer competent to administer an oath in double the said amount, and over and above all statutory exemptions.

Said sealed proposals or bids shall be delivered to the Clerk of the City of Santa Ana on or before 7:30 o'clock p. m. on the 7th day of June, 1926. Said time being not less than ten days from the first publication and posting of this notice.

Bids will be opened on said day and hour. The Board of Trustees of the City of Santa Ana reserves the right to reject any and all bids or proposals. Dated this 17th day of May, 1926.

E. L. VECHEL (SEAL) Clerk of the City of Santa Ana

Little Hope for Study on Power Phases of Dam

WASHINGTON, May 28.—Little hope is held out for appointment of a subcommittee to study the power phases of the Swing-Johnson Boulder dam bill, Chairman Smith, Idaho, of the house irrigation and reclamation committee, announced. When the committee voted last week to postpone action on the measure until next session, Smith announced that a subcommittee would probably be appointed to go over the sections of the bill dealing with power generation and its distribution. Smith said then that he expected the committee to sanction the appointment, but he now believes it will not.

"During an informal discussion of the appointment of the subcommittee," Smith said, "it appeared that no objection would be made. But conditions have changed now and I believe the entire question must lie dormant until next session."

WASHINGTON, May 28.—The legal battle of the century over Tennessee's anti-evolution law will be resumed next Monday before Tennessee's state supreme court in a second test of the law's constitutionality. It was announced here today by Dr. John R. Neal, of counsel for John Thomas Scopes, convicted school teacher.

Attorneys for Scopes will argue that the conviction of Scopes for teaching his Dayton, Tenn., high school classes that man is a mammal, was a denial of his constitutional guarantees of freedom of religion and liberty of thought. The young teacher will be represented at the hearing of his appeal by the same brilliant array of counsel, including Clarence Darrow and Arthur Garfield Hays, who defended him at Dayton last summer.

The state's law, prohibiting the teaching of any theory of evolution which conflicts with the divine story of creation, will be defended before the court by State Attorney General Frank Thompson, K. T. McClinnico of Nashville, John Keble, dean of Vanderbilt law school, and Edward Sney, prominent Nashville railroad attorney. If Scopes' attorneys lose their appeal to Tennessee's high court to have the law declared unconstitutional, they will take an immediate appeal to the United States supreme court. Scopes meanwhile, having paid his nominal fine, will continue his studies at the University of Chicago, regardless of the outcome in his case.

WORCESTER, Mass., May 28.—The ambition of Lt. Com. Richard E. Byrd, the first man to fly over the north pole, is to recover for his family, "Westover," the beautiful old estate which is one of the show places on the St. James river in Virginia.

This was revealed here by Capt. Ralph Earle, U. S. N., president of the Worcester Polytechnic Institute, a warm personal friend of the airman. "Byrd," said Captain Earle, "is a Virginian and a descendant in direct line, through I don't know how many generations of grandfathers, from the Byrd who built 'Westover.' The fine old mansion dates from the early 1700s. As time went on the family became impoverished, and finally Westover passed into other hands. "Now the deep-seated hope of the young Virginian is to recover the property for the Byrd family and there take his wife and their three children."

Byrd hopes to win ANCESTRAL ESTATE

SPRINGFIELD, May 28.—The appellate court of the third district of Illinois has before it a case involving ownership of a wartime photographic negative of Abraham Lincoln. The controversy over the negative already has continued for four years and there is every indication it will be in the courts for another four years.

A. F. Dougherty found a Brady print of Lincoln among the papers of his father, a Civil war veteran. He contracted with A. B. Bliss, a photographer, to make a negative and prints with a view to marketing the pictures.

Later Dougherty received a better price than Bliss offered him and demanded the negative. Bliss refused to deliver it and Dougherty brought a replevin suit and the court recently held the negative was his property. Bliss has appealed to the appellate court, where the legal battle will be renewed.

Output Increased By Arctic Mines

KIRUNA, Sweden, May 28.—The iron ore deposits of Swedish Lapland, though located far north of the Arctic circle and worked by the light of the midnight sun in summer and by electricity all winter, now supply one half of the iron ore sold in the open world market and extra railroad cars have just been ordered to convey an increased output for the coming year.

Last year, the shipments abroad attained the record figure of 5,000,000 tons and for next year the operating company has informed the Swedish government that the figure will probably reach 7,100,000 tons.

Most of the ore is shipped to the Ruhr district in Germany via Rotterdam, but parts are sent to nearly every iron producing country in the world.

Woman Pays Debt Owed for 20 Years

BELLAIRE, O., May 28.—A troubled conscience caused a woman of this city to return \$15 in cash to the Harry Herzberg department store, from which she confessed getting the merchandise over 20 years ago. The money was received in an envelope through the mail by the Rev. John W. Sprout of Pittsburgh, soldier evangelist, who is conducting "divine healing" services at "Glorious Barn." "I was led by you and want to get right with God. I am of the belief that if I return the value of the stolen goods that God will forgive me," she said in the letter.

MEXICO'S LAW THAT GOVERNS CHURCH STRIFE

Misleading statements and the resulting confusion of ideas concerning the recent clash between the government and the church in Mexico make it desirable to know the exact text of the section under which churches in Mexico are governed.

Mexico is living under a constitution signed on Jan. 31, 1917, and made law on February 5 of the same year. In chapter VII and article 130 the position of the church is thus defined:

"The federal powers have the right to exercise authority over the church in accordance with the laws.

Religious Freedom Guaranteed "Congress cannot enact laws either establishing or prohibiting any religion whatever. The law does not recognize any personality in the religious groups called churches. The ministers of any sect will be considered as any other persons who exercise a profession, and are directly subject to the laws which govern such professions."

"The state legislatures have the sole right to determine, according to local requirements, the maximum number of priests to be allowed in each locality. In order to exercise the duties of priesthood in Mexico the person must be a Mexican by birth."

"Ministers of religion cannot, either in public or in private, nor by religious acts or propaganda, criticize the laws of the country or the constituted authorities, in particular or in general, of the government. They can have no vote or right to form political associations."

Churches Kept from Owning Land "For permission to open new churches they must apply to the local and federal authorities, and each church must have a person responsible to the authorities for compliance with the laws. No church, whatever may be its creed, has the power to acquire, possess, or administer real estate or capital invested in such possessions."

"Churches are the property of the nation represented by the federal government, which will determine those which may continue to function. Any bishop's house, church house, school, home, religious college, convent, or other building used for religious teaching or propaganda becomes the sole property of the nation."

MILDEW ATTACKS VALLEY MELONS

SACRAMENTO, May 28.—Mildew on cantaloupes in the Imperial valley is becoming serious, the state department of agriculture has announced. The type of mildew attacking the vines this season thrives in hot weather and does not respond to the usual dust treatment.

Alarmed by the rapid spread of the fungus, many growers have dusted their vines with various commercial sulphur preparations, which in some cases have proved as disastrous as the mildew.

D. G. Milbrath, department pathologist, and E. E. Conklin, of the bureau of agricultural economics, are in the valley investigating.

Photo of Lincoln Is Cause of Suit

SPRINGFIELD, May 28.—The appellate court of the third district of Illinois has before it a case involving ownership of a wartime photographic negative of Abraham Lincoln. The controversy over the negative already has continued for four years and there is every indication it will be in the courts for another four years.

A. F. Dougherty found a Brady print of Lincoln among the papers of his father, a Civil war veteran. He contracted with A. B. Bliss, a photographer, to make a negative and prints with a view to marketing the pictures.

Later Dougherty received a better price than Bliss offered him and demanded the negative. Bliss refused to deliver it and Dougherty brought a replevin suit and the court recently held the negative was his property. Bliss has appealed to the appellate court, where the legal battle will be renewed.

Inventor Claims New Airship Gas

LOS ANGELES, May 28.—A development in aircraft fuel, which entirely eliminates danger from fire on airships or airplanes, is claimed by Thomas B. Slate, inventor at Ross field, Arcadia, near here. Slate is building an all-metal super dirigible, under government subsidy.

The new fuel is solidified natural gas, already used successfully in refrigeration and other lines.

In addition to removing the fire hazard from use of gasoline, the fuel is expected to widen the flight range of airplanes and to lessen fuel expense.

Find Poison In Pancake Flour

KANSAS CITY, Mo., May 28.—Analysis of a sample of pancake powder which caused the serious illness of Circuit Judge E. E. Porterfield and his family here, showed the presence of arsenic, chemists announced. The pancake flour was sent through the mail to Judge Porterfield's home. Police are withholding the name of a man suspected of the plot.

Deposed Bishop Loses In Fight

NEW YORK, May 28.—Bishop William Montgomery Brown, deposed bishop of the Protestant Episcopal church, has lost his fight to have the courts of the state of New York review the action of the church authorities in deposing him as a bishop of the church.

ROMAN VILLA UNEARTHED IN COLOGNE PARK

COLOGNE, May 28.—In the Sports park in Cologne, the remains of a Roman settlement have been exposed. They are of an extensive character and will prove of much historical value.

One authority claims that they include the best-preserved Roman villa yet unearthed. In the settlement there is a main residence with cellars, bathing annexes, stabling accommodation, a granary and store room. Altogether there are eight buildings.

Dates From About 50 A. D. The foundation walls of the villa itself, which has a frontage of about fifty yards, were first exposed and lay only nine or ten inches below the surface. The oldest parts of the remains are thought to date from about the year 60 A. D.

On the east side of the villa there is a large veranda, to which access was gained by two stairways on each side. In addition, there is on the outside of the veranda a flight of steps with an ornate entrance.

The luxurious bathing establishment, which includes a Turkish bath (in specially good preservation) and hot and cold water baths, is about 200 years older in date. The drainage system can still easily be made out, and in connection with it there is an artificial pond that appears later to have been used for depositing rubbish.

Half Millstone Found in Kitchen. In the kitchen of the main building half a millstone has been found and traces of cooking fires are in the hearth. Oyster shells and various kinds of platters have been unearthed, besides some marble ornaments and pottery. The remains of the former vainscoting can also be seen. The freestone cellar, which is about five feet deep, has been little disturbed.

The remains have been inspected by the director of the National museum in Bonn, who agrees with the Cologne authorities in attributing great importance to the discovery. Instructions have been issued for the excavations to continue and further discoveries are probable.

INTERRUPTS COURT TO ADMIT MURDER

NEW YORK, May 28.—Samuel Fulton, a negro, walked into court, interrupted the proceedings and announced that he had killed his wife, Maria, five weeks ago. On being questioned by detectives he explained he beat his wife to death with a hammer on Palm Sunday and had slept in the same room ever since. Investigation found his story true.

Canada exported more than 25,000,000 pounds of butter last year.

HONORS HER ANCESTOR

Mrs. John D. Rockefeller Jr., officiated at the unveiling in the Hall of Fame, New York, of a bust of Roger Williams, New England colonial pioneer, from whom she is descended.

U. S. TEACHERS TO MAKE JAPAN VISIT

KOBE, Japan, May 28.—Three parties of American school teachers, including many teachers in schools of the Pacific coast which have Japanese students, will visit Japan this summer to study the educational system of the empire and gain a general knowledge of Japanese art and culture, the local office of the Nippon Yusen Kaisha announces.

A majority of the teachers will be from Seattle and adjoining cities. The first party will arrive on the Tokohoma Maru of the N. Y. K. line at Yokohama about June 11, the second on the Kaga Maru July 7, and the third on the Iyo Maru July 26. Each group will spend several weeks in Japan.

A delegation of American teachers from Pacific coast states visited Japan last year and presumably encouraged the visits to be made this summer.

Discover Ancient Relics of Indians

SAN DIEGO, Calif., May 28.—Traces of an ancient Indian village were uncovered recently during improvement operations in North La Jolla, near here.

A stone vessel, containing Spanish gold coins and other relics, indicated the existence hundreds of years ago of an entire village on the curve of coast line between Spindrift and the Scripps Institution of Oceanography.

Mentor, Ky., with a population of 100, has an average of two musicians to every home.

Pennsylvania has more hunters than any other state, judging by the number of licenses.

RETAIL TRADE IN WEST INCREASES

SAN FRANCISCO, May 28.—Retail trade in the 12th Federal Reserve district was 4.2 per cent better in the first four months of 1926 than in the first four months of 1925.

The monthly report by Isaac B. Newton, chairman of the board and federal reserve agent, Federal Reserve bank, of San Francisco, shows that reporting retail stores in five cities out of the six listed experienced increased business over this period.

Oakland, with 8.3 per cent increase, reported the greatest gain. Los Angeles was second, with 5.8 per cent. Spokane was a close third, reporting 5.6 per cent.

San Francisco reported a gain of 2.8 per cent, while Salt Lake City, the remaining city in the gain column, reported 0.3 per cent.

Seattle, according to the report, experienced a decrease of 2.2 per cent.

Sixty-eight retail stores, of which 32 were department stores, reported.

Rosenwald Gives \$5000 to Museum

BERLIN, May 28.—Julius Rosenwald, Chicago mail order house magnate, who has been touring Europe to get ideas for the world's largest industrial museum in Chicago, has donated \$5000 to the Deutsche museum, of Munich. Rosenwald, coming from Vienna, recently passed several days with Oscar von Muller, director of the Munich museum, studying its exhibits and methods.

Marble is not rigid. A slab, under slow, heavy pressure, will bend like wax.

DRY CZAR NOT READY TO QUIT FEDERAL POST

WASHINGTON, May 28.—Assistant Secretary of the Treasury Andrews is going to "see it through" as dry czar under the terms of his original acceptance of the post in April, last year.

In answer to reports that he contemplated early resignation, the dry chieftain merely issues denials.

The United Press is able today to present the exact facts as to Andrews' tenure of office.

If he is defeated in his attempt to get passage of the Goff administration dry bill, he conceivably would quit, since he believes his enforcement arm would be crippled without weapons that bill provides.

If it is passed—and the administration believes it will be—then Andrews will remain long enough to see the machine of his dreams put into running order.

That is in keeping with the terms under which he accepted the difficult and, in many ways, thankless task of dry czar.

It was figured a year or a little more would be required to lay the groundwork and put the country on the road to actual abridgment.

If, in the remainder of this year, Andrews can complete this service, it is likely that he will retire from the government service and return to private life, perhaps taking up work with some business concern.

(Copyright, 1926, by United Press)

Europe Unites to Fight Prohibition

PARIS, May 28.—Grape growers in the wine-producing sections of Europe have combined to oppose the adoption of prohibition, and the chamber of deputies has just ratified a decree creating an "international wine bureau" in Paris, in accordance with resolutions adopted at two wine conferences, at which Italy, Greece and France were represented.

Since the conference, Austria, Hungary, Luxembourg, Mexico, Chile and Tunis have signified their wish to join the movement.

What many Europeans believe to be a failure of prohibition in the United States is being used by the promoters of the movement to further their work. The purpose of the bureau is to give wine the place due it "on every table in the world."

Pomona Students Get Smyrna Posts

CLAREMONT, Calif., May 28.—Two Pomona college students, D. Hand, Claremont, and Ralph Boyer, Inglewood, have been appointed to the faculty of the International college, Smyrna, in the Near East. They will leave Southern California for the summer session at Columbia university in June, embarking from New York City for Smyrna, August 13.

The average Englishman eats five times as much mutton as the average American.

Robbers Loot 2 Banks In Kansas

WINFIELD, Kas., May 28.—An organized band, thought to be operating in this section of Kansas, is

believed to have been responsible for the holdup yesterday of the State Bank of Winfield. The bandits escaped with \$25,000 cash and an undetermined amount in bonds. The total may exceed \$50,000. The Montgomery bank, of Cherryvale, Kas., was held up Wednesday and \$50,000 taken.

Whalers on the Pacific coast are using seaplanes as an adjunct to their operations.

The salmon pack of British Columbia for the season of 1926 amounted to nearly 2,000,000 cases.

"Seidel Advertises Quality and Quality Advertises Seidel"

Memorial Day

Seidel's Markets will be closed all day Monday. You will want to shop early Saturday in order to buy two days' supplies.

In addition to our usual fancy, grain-fed steers, Seidel's Markets sell cuts from choice Baby Steers marketed under the supervision of the Baby Beef Extension Society. All such genuine carcasses are stamped plainly on each cut "Baby Beef Extension."

Saturday Specials

GENUINE LAMB

Shoulder of Lamb 25c lb.
Legs of Lamb 35c lb.

FANCY STEER BEEF

Steer Plate Boil 7c lb.
Steer Pot Roast 12½c, 18c lb.
Steer Prime Ribs (Boned and Rolled) 25c lb.
Steer Rump Roast 16c to 22c lb.

CALIFORNIA MILK VEAL

Milk Veal Stew 15c lb.
Shoulder of Veal Roast 20c lb.

Northern Cherries, "Queen Ann's", 15-lb. box . . \$1.75

Fancy Grain-Fed Steers, Selected Eastern Grain-Fed Pork, California Milk Lamb, Roasting and Stewing Hens, Beef Tenderloins, Pork Tenderloins, Calf Liver, California Milk Veal.

EVENING SALUTATION

The meaneast floweret of the vale,
The simplest note that swells the gale,
The common sun, the air, the skies,
To him are open paradise.

—Gray.

SERVICE WITH COURTESY

The completion of its big new million-foot containers by the Southern Counties Gas Company marks another milestone in the development of this public service corporation. Santa Ana was one of the first cities entered by this organization, and much of the company's progress has been centered here as well as typified in the changes that have taken place here.

An old inadequate system supplying artificial gas was taken over; natural gas was substituted; extensions were made; old mains were replaced with new; service areas were extended; new plants were constructed. And everywhere this company, which now serves an area from Newport Beach to beyond Santa Barbara and from Chino to the sea, has enjoyed the confidence of its patrons and of the public officials with whom it has dealt. This confidence has been based on sincerity of purpose. Perhaps the ideals of the company are best expressed in its slogan, "Service With Courtesy." That this slogan has been lived up to by the company in Orange county is certain. There has never been any effort on the part of the company to put something over on the public. It has followed the wisest of all policies that a public service corporation can follow: it has laid its problems before the public, acknowledging that its job is to render an acceptable service, acknowledging that the public is a partner in the business and is entitled to first consideration. That is a thoroughly modern viewpoint. The Southern Counties Gas Company, as much as any company we know, has exemplified the success of shaping its activities in keeping with this policy.

DAY OF METAL MIRACLES

Modern industry depends primarily on the metals. And wonders are being performed with them, as industrial chemists have shown in their recent convention.

There used to be only a few metals in use, and they were used simply. There were iron, copper, tin, lead, gold and silver. The iron could be hardened into a simple form of steel. The copper and tin could be combined to make bronze. That was about all.

Now industry has many new metals. It has also an almost infinite range of combinations and hardening processes, which produce virtually different metals, adapted to the multiplying needs of industry.

Queer things happen when metals are mixed. Tin is tough and resists heat pretty well. Mix it with lead and you have solder, easily melted. Copper is soft and pliable. Mix it with flexible tin, and you have hard bronze. There are dozens of other cases where two metals combined have properties different from those of either separately.

Often the addition of a little of one metal will work a miracle in another. New ways are being found all the time of making this or that metal tougher or more resistant to heat or acids or fit for some special function. This is especially true of iron, our most useful metal, which has dozens of variations. It is becoming true also of aluminum.

Chromium is one of the newest wonder-metals. It can be used to plate steel and other common metals, instead of silver or nickel, and gives a very hard, un- tarnishable surface.

The age of metals is just beginning. Chemists are doing with them what Burbank did with plants. A man returning to earth a hundred years from now would probably find himself in a world of wondrous appliances made from metals he could not recognize.

LAPSED SOLDIER INSURANCE

People who like to run down the reasons for things have a problem worth tackling in the fact that nearly 4,000,000 World War veterans have let their government insurance policies lapse. These policies are valued at \$33,500,000,000.

This soldier insurance was cheap and absolutely safe. The government makes no profit on it.

The indifference to government insurance surely is not due to indifference to insurance itself. The total amount of life insurance outstanding in the United States at this time is estimated at over \$60,000,000,000. It is likely that a good many of those 4,000,000 veterans who let their government policies lapse have bought and are carrying insurance sold them by private companies.

It is true that in a competitive market, government insurance, no matter how profitable and cheap, cannot overcome the advantage of the private companies with their highly trained selling organization? Do we have to have an expensive salesman persuade us to purchase something we know we need? Or is it possible that the government did not make its plan sufficiently clear and that if it had been better understood it would have been better patronized?

There may be any number of reasons for this strange situation. However, the government insurance is as good as ever, and the drive of the United States Veterans Bureau to revive as many as possible of those lapsed policies deserves widespread support. After July 2, 1926, most of the policies will be permanently voided unless they are taken up again before then.

A UNIVERSAL NEWSPAPER

During the British general strike the New York World reproduced the first page of the first number of the British Gazette—the government's official organ—on the same day it was printed in London. This remarkable feat was accomplished by transmitting a photographic reproduction of the page by radio. Subsequently during the strike, many American papers were enabled to do the same thing on a smaller scale, reproducing headlines from the British publications by means of radio copies sent from the receiving station in New York.

This has aroused great interest in London. The suggestion is made there that small newspapers, say four pages, might be radioed regularly from London and published, by the same process, simultaneously in New York and other distant cities.

There are fascinating possibilities along that line. The process must improve considerably before small print can be transmitted clearly by radio, but that

will come in time. Within a few years it should be possible to print a "world newspaper," issued on the same day in important cities in almost every country in the world, every copy being identical with every other copy. There would be publicity-power such as man has never dreamed of.

With all our flying, the birds still have the advantage. They don't need to hunt parking space for their planes.

Delayed, Not Defeated

Riverside Press

There is deep disappointment in California at the failure of the irrigation committee in the house to report out the Swing-Johnson bill before congress adjourns; this action however is delay, not defeat. The determining factor in the delay was Democratic politics. Congressman Hayden of Arizona is the Democratic candidate for the senate; and Governor Hunt is a candidate for re-election on the Democratic ticket. Both these gentlemen are anxious to keep alive the Boulder dam matter as a campaign issue; and their fellow Democrats on the house committee, to a man, voted to postpone action on the bill in order to help them out. It is humiliating to think that a great economic issue, entirely non-political in character, should be made the football of politics but that was exactly what was done in this case.

Californians who are in position to speak with knowledge and authority hold to the view that when the final vote is taken both in committee and in the house, very little attention will be paid to the extravagant and ridiculous contentions of Arizona; but temporarily the obstructionist campaign of Arizona has triumphed.

The preponderance of legal and engineering opinion is all against the contentions of Arizona for the right to levy a state tax on the power developed at the dam and against the claim that the dam should be placed at Glen canyon instead of Boulder canyon. The first proposition is an extreme and absurd application of the principle of states' rights; and the second has been repeatedly condemned by engineers on the ground that the tunnels and siphons necessary to bring water from Glen canyon would make the cost of the project prohibitive. Arizona is fighting a project that would be of tremendous benefit to the state and it offers no practical alternative to the pending bill. There is a growing minority in the state that sees the foolishness of the position taken by Governor Hunt, Congressman Hayden and other politicians who assume to represent the state on this issue.

Among Best Things We Do

Stockton Record

Making shrines of old school houses has become a popular custom in the East. Some are simply marked with a plate to connect them with old associations and memories. Henry Ford has bought the frame of the little school building which Mary Sawyer attended when she wrote "Mary and Her Little Lamb" and proposes to restore it to its original state to perpetuate the simple poem. If Mary had gone to school in California Mr. Ford would have a hard time finding a shaven of her schoolhouse. It would have been torn down long ago to make way for a gasoline service station or a brand new school building shining with paint would be standing in its place. Building modern schoolhouses is one of the best things we do in the West.

Editorial Shorts

An overlooked item of extraordinary interest is that Senator Hiram Johnson ate breakfast with the president at the White House Wednesday morning. —Springfield Republican.

Health Topics

By DR. HUGH CUMMING
Surgeon General, United States Health Service

NATURE'S MIGHTY PUMP AND SUPPLY VALVE
The heart is a muscle pump with four sets of valves and supplies the motive force for the blood through a closed system of tubes, or blood vessels. It is supported in a tough sac, which contains some fluid, so that the pump works in a fluid without much friction, and is divided into a right and a left portion by a partition of muscle.

The right side of the heart drives the blood only through the lungs and the return flow from the lungs empties into the left side.

The left side of the heart sends the blood out through the rest of the body from the brain to the feet and the return flow empties into the right side.

When the heart beats or contracts in its right and left halves, to squeeze the blood into the vessels, the valves come into play to prevent a backwash and keep the blood moving in the right direction.

The work and rate of the heart is regulated through a sort of "remote control." If the muscles need blood in order that you may jump, messages of impulse are sent over the nerves to the heart for an increased speed of supply and the heart beats faster.

The blood vessels are normally very elastic and assist, by their elasticity, in propelling the blood. They are not of one size, however, but start as large trunk vessels near the heart and branch and rebranch as does a tree, until the final twigs are very small capillaries which let the blood through in a slow, fine stream only.

These small vessels are also under the system of "remote control," and when the brain sends the message that you are embarrassed, the little vessels are opened wider and you blush.

The causes of damage to the heart and vessels may be considered in two groups, as physical or mechanical, and chemical or poisonous. An example of mechanical injury is that which may come through sudden strain, such as that demanded by a young lad of high school age, who runs in mile races.

The heart muscle may be permanently strained or stretched in such a race. A similar result may be produced by prolonged exertion, such as mountain-climbing by one unaccustomed to it.

If the heart is gradually accustomed to these tremendous physical strains it can usually get in training and accommodate itself, though not always.

Mechanical injuries are, however, less frequent and of less consequence than those caused by chemicals or poisons produced by the bacteria of infectious diseases. These often occur in early childhood.

All of the infectious diseases of childhood may damage the heart or vessels but scarlet fever, diphtheria or membranous croup, tonsillitis and rheumatic affections are very apt to injure either the valves or muscle of the heart and to affect the blood vessels to some degree.

Other damaging bacterial diseases, or infections, which occur often a little later in life, are the pneumonia, typhoid fever, influenza, abscesses of teeth or of joints or in the nose cavities or sinuses.

These bacteria and their poisons produce inflammation in the lining of the heart and vessels or in the valves and muscular walls. This inflammation is followed by scars, often resulting in a badly fitting valve or a weak muscle or vessel.

Then there are those gradual changes known as degenerative or general wear and tear. These are probably at least intensified by the poisonous materials absorbed by the blood during improper intestinal or kidney elimination and sometimes even during hard physical work. Finally there are the injuries due to poisons, such as alcohol, lead and other metals.

The Flirt

Newspaper Advertising

An enumeration of the reasons for advertising has recently been given out. There are eight reasons advanced, but there are many others, of course. However, here are eight that are highly convincing, as given in a southeastern newspaper:

Newspaper reading is a universal daily habit; newspaper advertising, therefore reaches each day virtually all who buy.

Newspaper advertising is the life blood of local trade because it touches all consumer sources in every community. It gives the national advertiser the same opportunity for complete consumer appeal in any locality.

Newspaper advertising cuts selling costs because it entails no waste in locality of circulation. Manufacturers use it to cover markets where it is profitable to do business.

Newspaper advertising insures quick, thorough and economical dealer distribution and dealer goodwill, because retailers are willing to sell products advertised direct to their own consumers.

Newspaper advertising enables manufacturers to tell where their products may be bought.

Newspaper advertising can be started or stopped over night, can be prepared between days to meet certain developments and to obtain immediate results.

Newspaper advertising enables manufacturers to check advertising results and costs in every market which they enter.

Newspaper advertising costs less than any other kind. The merchant or other business man who is not taking advantage of the opportunities offered by newspaper advertising to boost his business now will still be facing readjustment problems when his competitor is back on a normal business plane.

Worth While Verse

AULD LANG SYNE

Should auld acquaintance be forgot
And never brought to min'
Should auld acquaintance be forgot,
And days o' lang syne?

For auld lang syne, my dear,
For auld lang syne,
We'll tak' a cup o' kindness yet
For auld lang syne.

We twa hae rin aboot the braes
And pu'd the gowans fine;
But we've wandered monie a weary fit
Sin' auld lang syne.

We twa hae paidl'd i' the burn,
Frae mornin' sun till dine,
But seas between us braid hae roar'd
Sin' auld lang syne.

And here's a hand, my trusty fiere,
And gie's a hand o' thine;
And we'll take a right good willie-waught
For auld lang syne.

And surely ye'll be your pint-stowp,
And surely I'll be mine,
And we'll tak' a cup o' kindness yet
For auld lang syne!

—Burns.

Little Benny's Note Book

INSECKS

Insects are the most unpopular of all the animals, especially flies on account of being so many of them. If you never saw a fly in your life and then suddenly saw one you might think it was cute, but as it is you jest reech for a fly swatter and crack it a shot. This proves familiarity is dangerous.

Flies stand upside down on the ceiling and sleep at nite, possibly because they are tired from tickling people all day long but probably to give the mosquitoes a chance. This proves there is honor even among insects.

A mosquito don't haff to bite you to keep you awake. All it has to do is slug in your ear and then watch you hit yourself different places, sounding like a grate fire. But when it gets tired doing that it usually bites you anyways. This proves if a thing is worth doing its worth doing well.

A bee never stings you unless you tease it first, which nobody hardly ever does, but bees are libel to be suspicious so the best way to act around a bee is to look as if you never even thought of teasing it. The worst time to smell a flower is when a bee is inside of it looking around.

Ants are the busiest insects. They are always going somewares, even if it's nowhere speshil. You never see a ant sid down for a rest, and they probably couldn't even if they wanted to, on account of not being blit that way.

The most bewtiffil insects are butterflys, and if the other insects didn't know they once used to be caterpillars they would probably try to tell them they were berds.

In the Long Ago

14 Years Ago Today
From the Register Files

MAY 28, 1912.

Glenn Martin, local aviator, sets a world's record at Balboa when he piloted his hydro-airplane to a height of 4400 feet, 800 feet higher than the old mark.

The suit for \$50,000 damages brought against the Southern Counties Gas company by Ben Carpenter, an employee who was injured while on duty, will open in superior court Wednesday.

Ernest Wood, Santa Ana plumber, suffered a crushed foot when he slipped beneath an electric car at Huntington Beach.

In a benefit baseball game for Ralph Walbridge, high school player who was seriously injured when hit by a thrown ball at Whittier May 18, the high school team defeated a Santa Ana "town team," 4 to 2.

Judge E. B. Covington returned from a several weeks' trip to Lubbock, Tex.

A son was born to Mr. and Mrs. Carlton Garnett, May 25, 1912.

Mr. and Mrs. E. B. Sprague and Miss Sarah Finley left for a three weeks' visit in Sacramento.

Clyde C. Shoemaker was admitted to the bar by the appellate court at San Francisco.

The First Presbyterian baseball team won from the United Presbyterian team, 6 to 4. The Methodist team defeated the South Methodists, 7 to 2.

One Year Ago Today

Government won suit against E. L. Doherty for cancellation of lease and contract in Elk Hill Naval reservation.

The Patchwork Quilt

BY ELEANOR YOUNG ELLIOTT
(Have you any patches to add to it?)

IT'S ABOUT TIME

There are times in early morning when you bid me to arise,
That I doubt the friendly aspect of your face.

There are times you seem insistent in your kindly meant advice,
And I scorn it—to my ultimate disgrace.

There are times I fail to listen, and coolly disregard
All the things that you so calmly, firmly say.

I resent your forced dominion, and resentment dies so hard
Since you fully, wholly dominate my day.

But always in the night-time, in those darkling midnight hours,
When I sense throughout the dimness you are near,

Though I cannot feel your hand touch and I cannot see your face,
Let you murmur "Do not worry; I am here."

Yours is such a friendly service as you reign here in my home,
And at night you take the loneliness away.

I'm inspired by you to courage as you tell me, "Daughter, come;
Gird your forces for another busy day."

You are guide and friend and counsel of my night and of my day,
And no matter what the gods in future send,

You will keep me to my duty and will send me on my way
With the counsel of a firm and faithful friend.

You have stood the test of absence; you have stood the test of time;
You have stood the test of grilling earthquake shock.

And the heart that lies within you, beats untiring, all the time,
You're my little nickel-plated dollar clock.

CHRONICLES OF THE LITTLE GRAY HOUSE

Spring has come into her own! The jacarandas are in bloom.

Way from the Little Gray House to the office lies these days over that most beautiful of all carpets, fallen petals from the blue glory that is a jacaranda tree. Nor will it be a fleeting season. For many weeks the blossoms will continue sending down their daily messengers of beauty. For the past week or two, trees have been showing a faint veiling of that deep heavenly color about mid-way between the purple of distant hills and the blue of summer skies. Just a veil and no more, and then suddenly, the veil was rent and the glory shone through.

Santa Ana is fortunate in having a number of these trees—several streets are lined with them, and at a distance they have all the beauty of a misty painting whose artist has joyed in the use of that bluish-purple haze that hangs over the desert. Nearer, they resolve themselves into great masses of bloom—a corsage for the goddess Ceres to wear at her girdle.

Alas for the poor soul who sees in them "so much trouble to keep the flowers swept up and the grass and pavement clean." Oh the joy of having a pavement scattered with flowers that all who tread, may move over a carpet fit for kingly feet!

How Mary must have loved the jacaranda tree!

Dear Quilt Lady:
I have a terribly hard row to hoe, being a fraternal editor or editor-ess or whatever it is, but even in my drab existence I occasionally

have some bright spots. The following is one written to me by "Cholly Boy" after he watched me trying to extract a story from 12 different people who were all afraid to tell it to me.

DEDICATED TO THE FRATERNAL EDITOR

When you call up about a dozen people
Trying to get a story
And each one tries to shove it off on someone else
Saying they don't want the responsibility
And then you get someone
After hope is about gone,
Who speaks right up and tells you about it—
Aint it a grand and glorious feeling?

—CHOLLY BOY

Dear Patchers:
Since all my hints and importunities for a partner to accompany me on my rainbow hunt have failed I started out alone once more.

The most promising field for exploration led through miles of sweet scented orange groves, on through the canyon and up into the foothills where the last visible rainbow had seemed to end; true, this apparition had occurred some weeks ago when we were enjoying those capricious April showers—but anyway, the pot of gold must still be there!

Eagerly my foot pressed on the accelerator, miles flew by in a maze and my vision was magnified with color!

Yes, there it was! Gold, red gold—a blend of prismatic beauty—yellow, blue, red, orange—a composite of the rainbow nestling in a little secluded glen just beyond the highway! Stealthily I climbed out and stalked toward this treasure.

The colors gazed—they took form. Gold, yes—hair of burnished gold, and blue eyes like summer skies and cheeks the color of roses! But all this wealth of beauty was held captive in the ardent gaze of the adoring swain beside her.

As stealthily as I had come I sadly turned and walked away; I had come to the wrong end of the rainbow.

—LEUTENANT-KERNEL

Faithful indeed is the stitcher who writes at intervals of the little things of everyday life, which receive new beauty under the magic stitchery of such skilled hands. Here is a patch which we have been asked to name. We shall call it—

MATIN SONG

These are the days when the orioles are calling to their mates in the tall palms. The birds are filled with joy and gladness of nesting time. My little canaries are busy with house keeping and they, like humans, have happy days and dreary days. They sing, quarrel, sulk and make love. But it is spring—and all the world sings with them.

—JUST ANOTHER PATCH.

Today's Birthdays

Lord Henry Cavendish Bentinck, noted English soldier and statesman, born 63 years ago today.

Bishop Charles Wesley Burns, of the Methodist Episcopal church, born at Willow Grove, Pa., 42 years ago today.

Morris Sheppard, United States senator from Texas, born in Morris county, Texas, 61 years ago today.

Bishop Collins Denny, of the Methodist Episcopal church, South, born at Winchester, Va., 72 years ago today.

Shall Three Counties Rule California?

Sacramento Bee

A battle of initiatives at the November election will decide whether San Francisco, Alameda and Los Angeles counties shall control the state legislature or whether the smaller counties shall have a check upon their activities by basing senate representation upon areas rather than population.

The state constitution as it now stands calls for a reapportionment based upon the population figures of the last census. Were this followed, San Francisco, Los Angeles and Alameda counties would control the two houses of the legislature.

The legislature so far has failed to pass a reapportionment bill upon this basis, delaying from session to session despite the strenuous objections of Los Angeles, because no measure could be framed satisfactory to the majority.

Los Angeles interests this year, despairing of any favorable action by the legislature, are circulating an initiative measure to bring about reapportionment according to the system laid down in the constitution.

The California Farm Bureau federation has prepared and is circulating a petition which would amend the constitution so the senate would be based upon areas, as is the United States senate, while the assembly would be based as now upon population figures.

The rapid growth of the cities in California means that the present majorities in the larger cities will be increased with the coming years, leaving control of practically all legislation, when it would be to their common interest, in the hands of three out of the fifty-eight counties of California.

Such a great power, massed in a

few centers of population, would not be good for California.

Inevitably it would be used on the log-rolling principle that when San Francisco, Alameda and Los Angeles counties can get what they want, the rest of the counties can whistle for what they should have.

Basing the senate upon areas would give a check against the massing of metropolitan city votes in the assembly, and insure legislation better fitted for the state as a whole.

The question to be decided by the initiative is whether the three most populous counties of California shall rule the other fifty-five as they please, or whether the fifty-five shall have a check upon the three.

Little Joe

ONE VACATIONISTS GO TO SEA, AND OTHERS TO SEE
